

# First of 5000 Hungary Refugees Arrive in U.S.

## Walter Urges Haven for 17,000

By ANDREW MEISELS  
 CAMP KILMER, N.J. (AP)—This sprawling Army camp is ready to extend a warm welcome on this eve of Thanksgiving to 82 Hungarian refugees from Soviet terror. Posted over its gates is a huge sign in Hungarian reading "God has brought you."  
 The refugees were expected to arrive at McGuire Air Force Base today aboard a four-engine DC4 chartered from the Flying Tiger Airlines by the Intergovernmental Committee for European Migration.  
 They are the first of 5,000 to come here for permanent resettlement under orders of President Eisenhower. Four other plane-loads are expected Thanksgiving Day and Friday.  
 Rep. Francis Walter (D-Pa), co-author of the McCarran-Walter Immigration Act, said in an interview in Vienna yesterday that America should admit 17,000 Hungarians, not just 5,000.  
 "I don't know where that 5,000 figure came from," he said. "My information is that as many as 17,000 could legally be admitted as 'escapees'—and they should be."  
 In Austria, meanwhile, the flight of refugees across the border from Hungary continued at the rate of more than 3,500 a day—three or four times as fast as they can be resettled.  
 Thirteen nations have offered to resettle 27,500 and Canada has said it will take as many as want to come. But more than 40,000 Hungarians were already in Austria last night, most of them living in uncomfortable transit camps.  
 In Washington, the White House announced that the American people have responded to the relief needs of the refugees with more than five million dollars of food, blankets and medical and other supplies.  
 Most of these supplies already are in Austria with more on the way, a White House statement said.  
 It said all such help will continue to be channeled to Hungary through the International Red Cross.  
 The refugee group flying here today consists of 40 men and 22 women comprising 28 families. Of these, 16 are under 12 years of age and four are over 54. There are no unaccompanied children in this first group.  
 Today's arrivals will be housed in three temporary barracks.

## Look Who's Back!

NEW YORK—Home from a session of film-making in England, actress Marilyn Monroe shrugs up the collar of her mink coat as she walks across Idlewild Airport this morning with her husband, playwright Arthur Miller, and escort of New York policemen. The blonde star smiled for photographers, but declined to pause for interviews. "She is extremely tired," a public relations aide explained. (AP Wirephoto)

## Anti-Red Anger On Hungary War High

By MARK EMOND  
 UNITED NATIONS, N.Y. (AP)—A rising tide of indignation over deportation of Hungarian patriots appeared today to assure overwhelming U.N. support for renewed pressure on the Soviet Union to change its policy in Hungary.  
 But a high Russian source indicated the Soviets were not planning to back down on their stand that events in Hungary are none of the U.N.'s business.  
 They will stay in these buildings for 72 hours, by which time Army authorities expect many of them to have left the reception center. Those who remain past the three-day period will be transferred to semi-permanent quarters elsewhere in the camp.

Indian Delegate V. K. Krishna Menon was scheduled to take the General Assembly floor on behalf of the proposal by neutral Asians seeking to break down Hungary's rejection of a U.N. observer team. A high Soviet source said this resolution was not acceptable.  
 Anti-Communist voices in the Assembly grew louder, and cautious Asian and African nations were discarding their earlier aloofness. The result was expected to mean heavy majorities for anti-Soviet resolutions.  
 Throughout the second day of continuous debate on Hungary, the Soviet Union and Hungary were repeatedly asked why they objected to observers if they had nothing to hide.  
 An urgent plan was presented to the Assembly to meet the immediate needs of thousands of refugees streaming westward into neighboring Austria. It came from Argentina, Belgium, Denmark and the United States.  
 The resolution urged governments and nongovernmental organizations to make contributions for refugees to the secretary general, the U.N. high commissioner for refugees, or other agencies.

## Georgia Crash Kills Trio on Private Plane

STATESBORO, Ga. (AP)—A small private airplane, flying desperately to find the airport in a dense fog, crashed early Wednesday carrying its three occupants to a fiery death.  
 The bodies were so badly charred by flames that only indirect identification was possible. E. W. Barnes of the Barnes Funeral Home at Statesboro, said, however, there was no doubt that the trio was Henry Elton Clifton, Statesboro photographer and owner of the plane, and two students at Georgia Teachers College.  
 The students were Bob Fuqua of Hilliard, Fla., and Hump Campbell, whose wife teaches school in Savannah.  
 The plane was Clifton's and there was no doubt that he was the pilot. He and the two college men had been seen together earlier in the night and presumably went for a flight.  
 Around 2 or 3 a.m. the fog began to descend and visibility was soon near zero. The plane flew frantically over the town for nearly an hour trying to sight the airport but apparently could not.  
 It finally crashed in flames in a pine grove.  
 The United Nations FAO reports that Central America faces an estimated 100 per cent population increase in the next 30 years.

## 'Whitewash' of Arms Probe in Japan Charged

Lawyer Sues Over U.S. Overpayment; Morse Tipped Him Off

TOKYO (AP)—An American attorney in Tokyo Wednesday accused U. S. military officials of "whitewashing" an investigation into alleged over-payments for munitions. He also charged new multi-million-dollar contracts had been awarded to a Japanese firm "in the heat of a Senate investigation" of the firm.  
 Richard A. Tullis of Dallas, Tex., a member of the Tokyo Bar Assn., made the accusation in confirming that a \$21,000,000 damage suit had been filed for him on behalf of the government in New York federal court against the Komatsu Manufacturing Co. Ltd., of Tokyo.  
 Tullis could realize up to 35 per cent of any damages awarded the government.  
 He said the Army was told by the Senate Armed Services Committee to investigate his charges of \$10,700,000 overpayments for shells to Komatsu but that it "toned down and whitewashed the matter with the expectation that Sen. Wayne Morse (D-Ore) would be beaten in the election."  
 Tullis said Morse, who was re-elected, is the senator to whom he sent his information and who got the inquiry started last May.  
 Local officials of the Far East Command, which oversees military procurement, had no immediate comment on Tullis' charges. A Komatsu spokesman has denied the federal court suit in New York as "rubbish."  
 Tullis said "right in the heat of the Senate investigation," the Army paid Komatsu more than 3 million dollars and awarded it new contracts for 4 1/2 million. He said he is seeking a U. S. federal court order against payment of \$949,000 still owed on the contracts covered by the investigation.

## GUARDED BY 6 POLICE

## Freshman Jailed For Arson at U.I.

MOSCOW, Idaho (UP)—Six state policemen stood guard today around the Latah County jail as "protection" for a University of Idaho freshman arrested in an investigation of four dormitory fires that killed three men students.  
 The suspect was Paul Davis Matovich, Kellogg, Idaho.  
 He was accused only of setting a fire at Christmas Hall, one of three blazes that preceded the fatal blaze at Gault Hall Oct. 19. It was in the Gault blaze that the three students perished.  
 Law officers refused to say whether Matovich admitted setting the Gault blaze. They said they had their "reasons" for charging him only with the Christmas Hall fire.  
 Law Enforcement Commissioner Lloyd G. Martinson said:

"Investigation which involved a series of fires in University of Idaho dormitories and the death of three students at the last fire at Gault Hall Oct. 19 was culminated with a full confession by Matovich after the unrelenting cooperation of all investigative agencies."  
 Matovich was arraigned Tuesday before Justice of the Peace Herbert W. Rettig. He was bound over to District Court for trial. He was held on \$40,000 bail.  
 The fire broke out early in the morning of Oct. 19 and spread through Gault Hall within 15 minutes. The three victims were trapped on the fourth floor. They were John Knudsen, Idaho Falls; William C. Shuldberg, Terreton, Idaho; and Clarence Johnson, Torrance, Calif. All were 18 years old.

## FBI Nabs Four in Seattle Bank Holdup

SEATTLE (AP)—The FBI Tuesday night arrested two ex-convicts and two women for questioning in connection with the \$34,000 robbery of the West Seattle branch of the Peoples National Bank of Washington Monday.  
 Richard D. Auerbach, in charge of the Seattle FBI office, identified the four as:  
 Raymond William Joseph Clermont, 39, of Seattle, who was paroled from the McNeil Island Federal Penitentiary near Tacoma two years ago after serving a term for interstate transportation of stolen property.  
 Gerard Rushton Peabody, 56, of Seattle, a bartender with a long criminal record involving larceny, assault and bank robbery.  
 Mary Moore McGraw, 36, of Grand Coulee, Wash. Auerbach said she was also known as Mickey Hale.  
 Jane Hardesty, of Seattle.  
 Clermont was charged with bank robbery. Peabody, who was released from McNeil Island in November, 1953, after serving a term for bank robbery, was being held for investigation.  
 The two women were being held as material witnesses.  
 Auerbach's agents took Clermont into custody at a home being rented by the Hardesty woman in West Seattle. In the home, Auerbach said, agents found two revolvers and \$16,000 in bills, much of the money in wrappers bearing the name of the robbed bank.  
 Auerbach declined to comment on the circumstances which led FBI agents to arrest the four.  
 The bank was robbed shortly before closing time Monday by two armed bandits. One of the gunmen stood at a doorway while the other stuffed the tellers' cages.  
 As the two gunmen fled, a brown paper sack in which the stolen money was stuffed split open and some \$10,300 in bills were strewn on the street and abandoned.

## Wholesale Oil Price Boosted

PORTLAND (UP)—The price of heating oil was boosted one-cent a gallon here yesterday by one major oil company but distributors said that the price rise would not be passed along to householders unless other companies follow suit and a general price rise is made to adjust costs.  
 The Union Oil Company of California revealed the wholesale price increase to its dealers. Company spokesmen said that no increase in the price of gasoline was anticipated, however.

## Deckhand Washed Off Ship, Then Back On

ABERDEEN, Scotland (UP)—A huge wave washed deckhand John Craig overboard from the trawler Dorlicen Tuesday and the thought flashed through his mind: "Cheerio, I've had it!"  
 But shortly afterwards another equally large wave washed him back on board while Skipper John Watson was out in a lifeboat looking for him.

## North Chinese Said Starting Anti-Red Push

Student Manifesto Asks For Speech Freedom, Commissars Ban

TAIPEI (AP)—A Chinese Nationalist news agency reported Wednesday that students in North China universities launched an anti-Communist movement on Nov. 11.  
 There was no way of confirming the report from the T'ao news agency, operated by the Ministry of Justice.  
 The agency, which claims underground contact on the mainland, said students had issued a manifesto demanding freedom of speech and thought and abolition of the system under which the universities are directed by Communist political commissars. They also demanded "an immediate halt to the brutal slaughter of the Hungarian people by Soviet Russian troops."  
 T'ao said the manifesto had been issued by students at the Peking and Tsinghua universities at Peiping, the Normal University there and Nankai University at Tientsin.  
 The agency said the Communists carried out strict checks at night in an attempt to root out the instigators of the movement and had forbidden students to leave their campuses without a special permit.

## Skeletons of 4 Revolutionary Soldiers Found

PHILADELPHIA (AP)—Archaeologists have found near Independence Hall the skeletons of four men believed to have been colonial soldiers in the American Revolution.  
 One will be placed in the National Memorial to the Unknown Soldiers of the American Revolution to be erected in the center of Washington Square near Independence Hall.
