

Senate Group Presses Russ Envoy Ouster

WASHINGTON (AP)—The Senate Internal Security subcommittee today prodded the State Department to take action to expel Soviet diplomat Constantine Ekimov. The subcommittee described as "noxious" the continued presence in this country of Ekimov, first secretary of the Soviet delegation to the United Nations.

The government on Oct. 29 ordered him expelled, accusing Ekimov of helping to spirit American-born Tanya Chwastov out of the country with her father, Alexei Chwastov. The subcommittee has called it a case of "kidnaping" the 2½ year old girl, to get her behind the Iron Curtain.

East Salem firemen said the fire started in a bed and was confined to the bedroom. Damage would run to several hundred dollars to the house and furnishings, they estimated.

Traffic Program To Stop Crashes Due in December

Nearly 48,000 traffic accidents took place on Oregon streets and highways during the first nine months of this year, the State department of motor vehicles reported.

"These accidents brought a death toll of 310 and 12,107 persons were injured. Both figures represent increases over the same period in 1955 when accidents numbered 45,406 and injuries 10,895.

The department said it will participate in a nation-wide "Back the Attack on Traffic Accidents" program, beginning Dec. 1, through which it hopes to reduce holiday automobile accidents.

Be Thankful, Rotary Told

"Never leave a prayer of rogation or supplication dangling in the air. When it has been answered always give thanks," admonished Rev. George H. Swift, rector of Saint Paul's Episcopal church while delivering a Thanksgiving address to the Salem Rotary club Wednesday noon.

"It is a joyful and pleasant thing to be thankful," said Rev. Swift as he quoted from the Psalms. The rector read from the journal of Governor Bradford concerning the trials and tribulations of the early settlers, as he pointed out the advantages of setting aside a day of humiliation. Then, he stated, there should be a day of thanksgiving.

Rev. Swift said that many of our blessings have been handed down to us through the efforts of such men as Edison, Bell, Pasteur and the Wright brothers, not to mention such men of Biblical times as Moses and David.

The speaker was introduced by Earl Newbery, secretary of state. Music appropriate to the season was provided by Betty Starr Anderson and Mrs. Josef Schneker, pianist.

Johnnie Ray Pays Off Mortgage on Folk's Farm Home

The Fruitland farm home of the parents of Johnnie Ray, local boy who won fame as a singer, is now mortgage free.

Johnnie Wednesday paid off the mortgage on the family home. Records at the county recorder's office show satisfaction of the \$9,600 mortgage that the singer took on the 24-acre farm four years ago, when he bought it for his parents, Mr. and Mrs. Elmer Ray. A former Dallas boy, Johnnie came out of that town to go to fame as a singer of such songs as "Little White Cloud That Cried" and is keeping his fame alive with another currently popular song, "Walkin' in the Rain."
