

### Group to Inspect New Y Facilities

Facilities of the reconstructed Y.M.C.A. plant as they pertain to men interested in physical education will be shown to a group of 60 or 70 men Tuesday morning. The men will meet for breakfast at 7:15 after which they will be taken on a tour of the plant, with special emphasis in the mod-

ernized locker rooms, instructional swimming pool and similar facilities.

**WATCH THAT SPELLING**  
SEATTLE (AP)—When Mrs. Minnie Apfoberts' name appeared in the newspaper, she explained that it was no mistake in the spelling. It is Welsh, she said, meaning "son of Robert." Her son is Robert Apfoberts—which gets a bit complicated in the Welsh version.

### Man Hurt as Car Runs Into Tank Truck

A 31-year-old Portland man was reported in good condition Monday in Salem Memorial hospital where he was taken after the collision of his car and an oil tanker early Sunday morning on the Baldock freeway north of Salem.

Eldon Ray Busboom suffered a fractured arm and face and forehead lacerations, hospital authorities said. He was scheduled for X-rays Monday to check for possible head injuries.

Investigating state police said Busboom's car crashed into the rear of a truck and trailer oil tanker driven by Lester Hamren, 3255 Alberta Ave., Salem, about 12:45 a.m. Sunday, heavily damaging both vehicles. Both vehicles had to be towed away. Busboom was taken to the hospital by Woodburn ambulance. Hamren was not reported injured.

### A.M.A. Urges Hospital Aid To Alcoholics

SEATTLE (AP)—The American Medical Assn.'s Council on Mental Health recommended Monday that hospitals admit chronic alcoholics for treatment.

The report, made by the council and its Committee on Alcoholism, will be submitted to the A.M.A.'s policy-making House of Delegates at the association's national clinic meeting opening here Tuesday.

"Chronic alcoholism should not be considered as an illness which bars admission to a hospital, but rather as qualification for admission when the patient requests such admission and is cooperative," the council said.

Dr. Leo H. Bartelmer, Baltimore, is council chairman. Submission of the recommendation to the House of Delegates will permit it to take action either at this week's meeting or in the future.

The report emphasized that alcoholism is an "illness which is justifiably should have the attention of physicians." It said acute alcoholic intoxication often is a medical emergency and that problems formerly encountered in its treatment in a general hospital have been greatly reduced. Numerous other A.M.A. com-

### Mrs. Dabney Dies Monday

MT. ANGEL (Special)—Mrs. Wilhelmina Dabney, 72, daughter of pioneer parents of this area, died Monday at the Silverton hospital.

She was born March 6, 1884, the daughter of Mr. and Mrs. David Back, and was a member of St. Mary's Catholic parish here.

Surviving are three sisters, Mrs. Rose Ebner, Mrs. Fred Hassing and Mrs. Charles Ullman, all of Mt. Angel, and a brother, John Back, Portland.

Funeral arrangements will be announced later from the Unger Funeral Home.

Johnny Longden is still winning races at 46. He was born in Wakefield, Eng.

The Assembly's withdrawal demand was its fourth in three weeks, all proved by overwhelming votes. So far Israel says she has pulled about 5,000 troops out of Egypt.

### UN Keeps Up Pressure for Troop Pullout

UNITED NATIONS, N. Y. (AP)—The U. N. General Assembly kept up pressure today on Britain, France and Israel to pull out all the troops they still have in Egypt.

The Assembly scheduled a meeting to hear delegations explain their votes on two resolutions it adopted Saturday calling for withdrawal of the invaders' troops and clearance of the Suez Canal.

The withdrawal resolution, introduced by 29 Asian and African countries, passed 63-5 with 10 abstentions. It called on Britain, France and Israel to get their forces out of Egypt "forthwith." It asked Secretary General Dag Hammarskjold to relay the demand urgently and report back "without delay."

Splitting again with its major allies the United States voted for the proposal. Australia and New Zealand voted with Britain, France and Israel against it.

The second resolution was introduced by the United States along with Canada, Colombia, India, Norway and Yugoslavia. It was adopted 65-0 with the nine Soviet-bloc countries abstaining.

It approved Hammarskjold's arrangements with Egypt for deploying a U. N. emergency force in that country to supervise the cease-fire and the troop withdrawals. It also authorized him to negotiate contracts to clear the Suez Canal, now blocked by ships and bridges wrecked during the military operations.

The Assembly's withdrawal demand was its fourth in three weeks, all proved by overwhelming votes. So far Israel says she has pulled about 5,000 troops out of Egypt.
