Need New Methods, Hitchcock Says, in Talk to Young GOP

Party Principles Must Remain, He Says

Republicans must meet new conditions with new methods, Phil Hitchcock told members of the Oregon College League of Young Republicans, Saturday night.

Hitchcock, unsuccessful candidate for nomination for United States senator last May, made it clear that all constructive changes must be based on unchanging principles of the party.

"There is actually nothing new in the principles of the Republicans party which have deep roots in the declarations made by men who founded this government," he said.

Hitchcock, who holds an executive position on the Lewis and Clark college staff, said to Republicans "There is no such thing as a 'working class' or 'common man.'

'Individual Unique'

"We believe that each individual is unique and entitled to consideration as an individual," he said.

At the noon luncheon, State Treasurer Sig Unander and Lloyd Hammel, president of the Salem Junior Chamber of Commerce, spoke.

Valdid Pavlovskis, of Portland State college, was re-elected chairman for the coming year. Other officers named: Don Lytle, Willamette university, vice chairman; Barney Stadius, Lewis and Clark, vice chairman at large; Shannon Rotchford, Marylhurst, secretary; Ed Thompson, Reed college, treasurer and Dave Barrows, Willamette, western regional representative.

Greatest Victories Ahead

"The greatest Republican victories are still ahead," Sig Unander, state treasurer, told the group at its luncheon in the Hotel Senator's Cherry room. He urged them to study the issues, to develop their own leaders, who will play a major role in the future Republican party.

Unander said it is the Republican philosophy that government should be kept as close as possible to the future, that problems that can be solved at the local and state level should be, that Washington should solve only those that cannot be solved locally. Therefore, he said, Republicans usually oppose increases in the power of the federal government. Mrs. Unander accompanied him to the meeting.

Lloyd Hammel president of the Junior Chamber, welcomed the Young Republicans to Salem and said he was sure they had found as his organization had, the need for more working rather than merely "paper" members. Mrs. Margaret Lubkin, co-chairman of the state organization, responded briefly.
