Arab Guerrilla Snipers Attack British Patrol

1 Man Hit; Aliens Scurrying From Port Said

PORT SAID, Egypt (AP)—Egyptian guerrillas attacked a British patrol from a rooftop in Port Said's Arab quarter with a burst of machine-gun fire and a hail of hand grenades.

One soldier of the eight-man Royal Scots regiment patrol was wounded slightly. The British command sent off an urgent appeal to headquarters of the U.N. emergency police force, accusing Egypt of violating the cease-fire.

Seven Arrested The patrol called reinforcements and cordoned off the area. Seven Egyptians were arrested.

The aim apparently was to harass the diminishing British force as it rushed its withdrawal order by the U.N. General Assembly. The bulk of British and French troops are expected to be gone from Egypt within three days.

The Egyptian underground has been growing more openly hostile as the day of the final British-French pullout nears.

Wire Rings Dock Area A barbed wire barricade was stretched around the Port Said dock area in preparation for the final withdrawal. Patrols have been barred from streets except on essential duties. British tanks took positions around the harbor.

Fearful of possible reprisals, most foreigners in Port Said were also leaving. More than 400 British civilians sailed today on the troopship Asturias. The French will take 50 of their nationals and an undecided number of other nationalities.

Lodge Exhorts UN to Censure Russ Brutality UNITED NATIONS, N.Y. (AP)—U.S. delegate Henry Cabot Lodge Jr. Monday joined delegates from all parts of the free world in demanding an immediate U.N. condemnation of the Soviet Union for its actions in Hungary.

Lodge addressed the 78-nation General Assembly as that body began debating a proposal to censure the Russians and demand once more that they comply with previous U.N. resolutions.

"We have been met with continuing and complete obstruction by the Soviet Union," Lodge said. "All of the resolutions calling for action by the Soviet Union have been ignored by them and their Hungarian puppets."

It is necessary for the Assembly to act, he said, "so that the world may know of our condemnation." Lodge compared the Soviet intervention in Hungary to the actions of Adolf Hitler in suppressing the freedom of small countries in the Second World War.

Irish delegate Frederick H. Boland called the Hungarian U.N. delegation "imposters" and delegates "from the enemies of Hungary."

"We may not be able to expel the spurious representatives of Hungary," he said, "but we do not have to listen to them."

Wind and Rain Lash Area; No Flooding Eyed

Strong wind and rain swept Salem and the valley area over the weekend as the latest storm wave to hit the region.

Some power outages and considerable litter and debris were the main inconveniences from the storm.

To many the turn in the weather was a welcome relief from the snow and freeze of last week.

Wind whipped up to 39 miles per hour velocity over Salem for an average during mid-day Sunday and in peak gusts reached near gale proportions at 48 miles per hour.

Less than a half-inch of rain came down in the weekend storm, only .45 of an inch being measured in Salem in the 24-hour period to 10:30 a.m.

Moderate rises in the headwaters streams of the Willamette river are due during the next eight to 12 hours, reaching downstream within the next 12 to 24 hours.

No flooding is forecast for the mid-Willamette valley area at this time, however. The Santiam at Jefferson, always one of the first to go over, was only at 4.4 feet Monday morning.

At Salem the Willamette was still in the minus state Monday morning, measuring .8 of a foot this morning.

Five-day forecast is for recurring rains with amounts to range from 2 to 5 inches in the interior parts. Showers and partial clearing periods are due in this area tonight and Tuesday.

Budget Rules Out Tax Cuts WASHINGTON (AP)—A Treasury spokesman told Congress Monday that the government's budget for the coming year is of new has "no room" for a tax cut.

Dan Throp Smith told a House Ways and Means subcommittee that the final budget figures are still being assembled. But he said they make no provision, as they now stand, for any tax reduction that would produce a net loss of revenue.

"So far as I know now, I see no basis for a proposal to reduce any taxes at this time," Smith said.

Canada Airliner Vanishes In Wilds With 62 Aboard

Search Planes Find No Sign Of Craft

Search leaders feared the worst commercial aviation disaster in Canadian history.

Twelve Royal Canadian Air Force craft and six other planes took off at daybreak to search the area extending in all directions from Hope, 125 miles east of Vancouver.

Clouds Hamper Search In mid-forenoon, RCAF search headquarters said heavy clouds had set in above 3,000 feet in the search area, in which some peaks run up to 6,000 feet.

Extreme rough air below that altitude also threatened to force some of the smaller search craft back to Vancouver.

Squadron leader G. L. Sheehan, RCAF searchmaster, said two radar stations had reported "fixes" on an aircraft at 7:10 p.m. a minute after the last message from the four-engined Trans-Canada North Star said it had passed Hope on its return toward Vancouver with one of its four engines gone. It had taken off an hour earlier on an eastward flight.

Within 30 Miles of Hope The searchmaster said the radar "fixes" showed the plane could be anywhere within 30 miles of Hope. Hope is at the western end of the Fraser Canyon in an area carved by canyons and gorges and with numerous lakes.

An early report that a flashing light had been seen on a mountain 45 miles east of here turned out to be from a microwave relay tower.

In addition to the aerial search, a ground party was set to start out from Chilliwack, 65 miles east of Vancouver.

Four B-17 planes criss-crossed the North Star's route during the night without sighting a trace of the missing plane, a Canadian version of the DC4.

It carried 59 passengers and a crew of three.

Four Gridders Aboard Among the passengers were four members of the Saskatchewan team of the Western Interprovincial Football Union who were here for Saturday's East-West Shrine game.

The four players were Mel Beckler, Gordy Strzycki, Mario DeMarco and Ray Syrtack. Strzycki was accompanied by his wife, Mildred.

Becket came to Saskatchewan from Indiana University. DeMarco played pro football with the Detroit Lions of the National Football League before moving to Canada.

TCU's Montreal office listed four other Americans among the passengers. They were Mrs. A. A. Kafour, Portland, Ore.; Mrs. L. C. Burt, San Francisco; Anthony Folger, Dallas, Tex.; and M. L. Bright, Fort Worth, Tex.

Turned Back The missing airliner left Vancouver at 6 p.m. Sunday night on a flight to Eastern Canada but turned back at Hope, when one engine failed.

At about 7 p.m. the pilot, Capt. Allan Clarke, 35, of Montreal, asked the air traffic control center here for permission to descend from 3,000 feet to a lower altitude.

That was the last radio contact with the plane.

Clinton Opens Mixed School Without Hitch

CLINTON, Tenn. (AP)—Integrated Clinton High School opened without a hitch Monday, with eight Negro students—four boys and four girls—walking together back to classes. One student planned to move away with her family.

Three police cars cruised the area briefly and then returned to their normal duties in this little east Tennessee city of 4,000. There was no indication of racial disturbances which caused authorities to close the school last Tuesday.

Students of both races appeared in jovial mood.

Authorities said about the normal number of white students also reported for the reopening, with approximately 800 students enrolled.

A few minutes after classes were resumed, trial date was set for Jan. 28 in nearby Knoxville for 16 white men and women accused of racial violence which closed the integrated school.

The date was set by Federal Judge Robert L. Taylor.

Four Corners Bedroom Fire Injures Girl

A young Four Corners girl suffered a burned left foot when her bed caught on fire Monday morning.

Linda Veneman, 10, daughter of Mr. and Mrs. Orville Veneman, 140 Kenwood Dr., suffered first- and second-degree burns when an electric wall heater caught her bed on fire, Four Corners firemen and Salem firemen reported.

Firemen said the twin beds in the room were ruined and the floor was badly burned by the flames. There was also considerable smoke damage in the room. Most of the damage was confined to the room, they said.

The girl was taken to a physician, who said the burns were not serious.

Another casualty of the fire was fireman Mel Scott, who suffered a sprained ankle while fighting the blaze, aidmen said.
