

Don't Forget Hungary, Ike's Theme, Human Rights Day

By MARVIN L. ARROWSMITH
 AUGUSTA, Ga. (AP)—President Eisenhower called on free people everywhere today — Human Rights Day — to take fresh note of Russian ruthlessness and never forget "what tyranny has done to our fellow man in Hungary."
 Soviet brutality there is cause for "worldwide mourning," for reactions of "horror and revulsion," the President said. He added that it almost completely repudiates the United Nations human rights declaration.
 Noting this is the eighth anniversary of the declaration's adoption by the U.N. General Assembly, Eisenhower said in a statement put out at his vacation headquarters at Augusta last night: "This year the free world has the most compelling reasons for observing human rights day with renewed awareness and resolution, but it has little cause to 'celebrate' that day."
 "The recent outbreak of brutality in Hungary has moved free peoples everywhere to reactions of horror and revulsion. Our hearts are filled with sorrow. Our deepest sympathy goes out to the courageous, liberty-loving people of Hungary."
 In observance of the day, there were plans for midday tolling of church bells all over America — and for prayers for the victims of Soviet oppression.

"The terror imposed upon Hungary," Eisenhower said in his statement, "repudiates and negates almost every article in the declaration of human rights."
 The President said of the Russian terrorism:
 "It denies that men are born free and equal in dignity and rights, and that all should act in the spirit of brotherhood."
 "It denies the right to life, liberty and security of person."
 "It denies the principle that no one shall be subjected to cruel, inhuman or degrading treatment."
 "It denies that no person shall be arbitrarily arrested, detained or exiled."
 "It denies that all are equal before the law and entitled to its equal protection."
 "It denies the right to fair and public hearings by an independent and impartial tribunal."
 "It denies the right to freedom of thought, conscience and religion."
 "It denies the right to freedom of opinion and expression."
 "It denies the right to freedom of peaceful assembly."
 "It denies that the individual may not be held in slavery or servitude."
 "It denies that the will of the people shall be the basis of the authority of government."

Nice Big Tip

Funeral Pending For Infant Burned
 WILLAMINA (Special) — Funeral services are pending for Debra Ann Bainter, seven-month-old daughter of Mr. and Mrs. Robert Bainter, who died Friday in a fire which destroyed the Bainter home, 10 miles northwest on Willamina creek.
 The baby was in her crib on the second floor of the house, while her mother and two sisters were across the road visiting neighbors.
 Joe Klaucek, who lives with the Bainters, was in the house at the time, and discovered the fire, but did not know the baby was in the house. Bainter, a mill worker, was at his job at the time of the fire.
 Cause of the fire is unknown, and by the time two fire trucks from the Willamina volunteer fire department could reach the home, it had burned to the ground.

Actor, Wife Separate

HOLLYWOOD (AP)—Actor David Brian says he and his wife, Adrian Booth, agreed on a trial separation more than a month ago.
 "I am not living at home," Brian said yesterday. "Adrian and I reached a point where we thought the best thing to do was to be apart for a while."
