Pole Youths Raid Russian Consulate

Troops Called Out to Quell Students

WARSAW (UPI)—Polish students dashed with police and troops in anti-Soviet demonstrations in the port city of Sietlin Monday night...

Serious Clashes (The West Berlin newspaper Der Abend said there were "serious clashes" between the young demonstrators and units of the army, navy and workers militia...

Warsaw Radio said the youths started the demonstrations when police attempted to arrest a "drunken teenager."

Warsaw Radio said the youths were "hooligans" and that they struck to the accompaniment of drunken singing and provocative shouts.

Dulles Urges Moral Aid to Anti-Red Acts

PARIS (AP)—U. S. Secretary of State Dulles said Tuesday internal pressures behind the Iron Curtain would topple Soviet communism and end the dangerous division of the globe.

He urged the foreign ministers of 15 Atlantic Pact countries assembled in conference here to use every form of moral pressure to assist these forces...

Dulles, without directly mentioning British and French intervention in Egypt, denounced countries which deliberately resort to force as an instrument of national policy...

He said the world failed to do this, he declared, it would mean disaster. He said destruction of the U. N. or disregard of its principles would lead almost certainly to global war.

Arabs Kidnap Young Briton In Port Said

PORT SAID, Egypt (AP)—A young British lieutenant who arrested seven Egyptian commandos in a raid on an apartment Monday night was kidnaped from a Port Said street Tuesday by a strong-arm band.

Lt. Gen. Sir Hugh Stockwell, commander of the British-French task force, said he had summoned the local Egyptian governor, Mohammed Riad, and told him to get the officer back.

Stockwell said he also had informed Maj. Gen. E. L. M. Burns, commander of the United Nations police force, about the kidnaping.

The report came as Egyptian informants charged that the extremist Moslem Brotherhood, outlawed by the Egyptian government two years ago, was planning to embarrass President Nasser by harassing the British-French withdrawal from this Suez Canal Zone port.

Diplomatic sources said Nasser intends to rush 2,000 Egyptian police here as soon as the British and French pull out in order to deal with the trouble.

The kidnaping of the lieutenant was reported on a radio broadcast by the young man's father who said he was being held up and held in the area.

COUNTY COURT ACTS

Schlesinger Gets State Senate Seat

Sidney Schlesinger, 38-year-old Salem business man, is the new Marion county state senator. His appointment, recommended last Saturday by the Marion county Republican central committee, was made official Tuesday by unanimous action of the county court.

The appointment followed receipt of a letter from Secretary of State Earl Newby, giving official notice that a vacancy existed in Marion county. This vacancy occurred when Mark Hatfield, secretary of state-elect, tendered his resignation as senator.

Although County Commissioner E. L. Rogers is in Nevada on official business coupled with a vacation, he was contacted by telephone Monday and this morning said the appointment of Schlesinger should be made since it was the recommendation of the Republican organization. This was concurred in by Judge Rex Hartley and Commissioner Roy Rice.

Schlesinger, a graduate of Willamette university in political science, is a past chairman of the Marion county Republican central committee and served for approximately 10 years as a member of the executive group.

Tanks Seal Budapest In Hungarian Strike

VIENNA (UPI)—Hundreds of Russian tanks locked Budapest in a ring of steel today. All Hungarian lay paralyzed in the grip of one of the most complete strikes in history.

Refugees reaching Austria said the tanks stopped all movement in or out of the capital when the strike started officially at midnight. There were no reports of the tanks being in action although in many regions localized clashes broke out between defiant workers and Hungarian police.

The Russian tanks and armored cars sealed off the huge iron and steel complex on Budapest's Csepel Island. Patriot pickets outside the plants served notice they would fight any attempt by the Russians or police to penetrate into the factories.

The government controlled Budapest Radio indicated clearly the strike was the worst to date in Hungary, making it about the most complete walkout of all time.

The radio admitted: 1. Rail transport was at a standstill. 2. The postal service was paralyzed.

Judge Quashes Perjury Count Against Nance

PORTLAND (AP)—The first of 30 scheduled trials growing out of the Multnomah County grand jury investigation of vice and corruption ended Tuesday when a charge of perjury against David L. Nance was dismissed.

Judge Eugene K. Oppenheimer ruled there was not enough evidence to support the perjury indictment.

Nance, 65-year-old Portland restaurant operator was accused of perjury in statements to the grand jury when he denied he did not discuss gambling with Tom Maloney, a Seattle race track figure, and denied he had been offered police protection if he would set up a gambling joint.

C.C. Names Committee to Work With Fringe Areas on Problems

The board of directors of the Chamber of Commerce Tuesday authorized appointment of a committee to work with several areas outside the city limits that have utility, service and other problems to contend with.

Some individuals and groups who are interested have asked for the assistance of the chamber and the chamber decided to offer the assistance through this committee.

The committee will be comprised of six or eight business and professional persons, some of whom live in outside districts, and it will have the assistance of Willamette university which is making available its political science department through Prof. Freeman Holmer, and also the college of law, and any other departments.

The board authorized the executive committee to act on a proposal that will be offered next week to purchase part of the chamber's industrial tract on Turner road for privately operated public recreational and amusement park.

The board approved a reception and dinner for members of the 1957 legislature, their wives and elected officials, and tentatively set the date for Tuesday night, Jan. 28 at the Marion hotel.

The board authorized the executive committee to act on a proposal that will be offered next week to purchase part of the chamber's industrial tract on Turner road for privately operated public recreational and amusement park.

2 Santiam Roads Hit By Flood

Pass Closed; Some Valley Streams To Spill

DETROIT (Special)—Highways 20 and 22 leading to Santiam Pass both were closed Tuesday by heavy rain and flooding conditions at higher elevations.

North Santiam Pass was closed at Sardine Creek where water overflowed the highway threatening to wash out a fill and drop the pavement into the reservoir.

The heavy rainfall also washed out the water system for the U. S. Ranger station on Tumble Creek and demolished a powder house containing a ton of dynamite which was scattered down the mountainside by the surging water which came from a loosened log jam.

Rivers Up Rapidly Rivers of the valley came up rapidly Tuesday morning in the wake of warm rains, but no major flooding is in sight in this portion of the valley except at Jefferson.

Heavy downpours of rain in all mountain areas caused headwater streams to boil over immediately.

The Santiam at Jefferson reached flood stage Tuesday morning, 13 feet, and is due to crest at 16 feet by 10 o'clock tonight. At that level, waters do considerable wash through that section but no extensive damage except to pasture lands.

At Salem, the Willamette zoomed up from the minus stage to 5.8 feet Tuesday morning. It is forecast to reach 16 1/2 feet by 6 a. m. Thursday. Flood stage here is 20 feet.

Flood waters in the valley were only part of the woes in the new wave of storms.

Slides Tuesday closed both the South Santiam and Willamette highways because of the rains.

The South Santiam was closed nine miles west of the junction with the North Santiam road and the Willamette was closed at the east entrance of Salt Creek tunnel. Other highways were closed at scattered points because of slides.

Torrential rains caused headwaters of streams to the south to rise suddenly. From 2 to 3 inches of rain poured down on the upper McKenzie and that stream was on the rampage Tuesday. At Eugene, the Willamette is slated to reach 6.9 feet tonight. Flood stage there is 12 feet.

The Willamette is due to flood at Harrisburg tomorrow, and the McKenzie will be flooding in the Coburg area tonight. All these waters will be hitting the main stem in the valley tonight Wednesday.

Harrisburg the Willamette is due to hit 14 1/2 feet against flood stage of 12, and the McKenzie at Coburg is booked for 14 feet tonight, three above flood stage.

Both Corvallis and Albany on the Willamette are due for 19-foot stages. Flood level at both points is 20 feet.

Almost springlike temperatures prevailed in Salem and the valley region this morning as the minimum recorded at 31 in that was recently set.

The minimum was only three degrees below the Monday maximum of 54.

Partly cloudy skies and scattered showers are called for through tonight and Wednesday, and the temperatures will continue mild.

Youth Victim Of Auto Fire

TOPPENISH, Wash. (AP)—An automobile fire, attributed to a dropped cigarette, killed a Eugene, Ore., Indian youth near here during the night.

The State Patrol and Indian police officers identified him as Bobby John, 17. He had been living near where his body was found in the badly burned, parked car.

Investigating officers expressed the belief the fire started after the youth fell asleep and dropped a cigarette on the upholstery.

The defendant took the stand during Tuesday morning's session and denied that he had ever had sexual relations with the plaintiff. He said that beer and vodka had been consumed by some of the persons attending the party. He denied that he bought any of the liquor.

Jackson was positive in his answers to questions directed at him by his attorney as well as the district attorney.

During a recess in the trial, Attorney Bruce Williams asked for a directed verdict of innocent in favor of his client on the ground that it had not been proven that the alleged act took place in Marion county or that the state had proven beyond a reasonable doubt that the defendant had sexual intercourse with the girl.

CASSEROLE WINS \$25,000

NEW YORK (AP)—Old-fashioned meat and dumplings won a \$25,000 grand prize and the title of "Cook of the Year" Tuesday for Mrs. Hildreth H. Hatheway of Santa Barbara, Calif., wife of a government trustee.

Second prize of \$5,000 in the eighth annual Pillsbury "bakeoff" went to a junior contestant, Natalie R. Riggan, 15-year-old farm girl of Olympia, Wash., for her original "Hoot-Ook Cookies."

LATE FLASHES

George F. Sack, 63-year-old Portland apartment house owner who had been scheduled to die in the prison gas chamber early next Friday was granted a stay of execution Tuesday by the state supreme court to permit him to appeal as he fled from the waters of the Coquille river above Sikum, Ore. McTeague was with about 30 men and a number of families who were forced to flee at a moment's notice when the Coquille rose to a depth of two feet on the floor of the cookhouse at a Coos Bay Timber Company camp.

COQUILLE, Ore., UP—John McTeague, age not known, apparently died of a heart attack this morning as he fled from the waters of the Coquille river above Sikum, Ore. McTeague was with about 30 men and a number of families who were forced to flee at a moment's notice when the Coquille rose to a depth of two feet on the floor of the cookhouse at a Coos Bay Timber Company camp.

Storm Stalls Airliner Hunt In B. C. Peaks

Outline of What Could Be Wreckage Sighted On Mt. Silvertip

VANCOUVER, B. C. (AP)—Stormy weather, snow and low clouds forced a temporary halt Tuesday in the aerial search for a Trans-Canada Air Lines transport which vanished Sunday night with 62 persons aboard.

Four search planes were called back because of the weather after having taken off at daylight. Eight other Royal Canadian Air Force planes had remained on the ground because of the hazardous flying conditions.

Eight Americans, some of them former college football players, were among the 59 passengers on the missing four-engine plane.

The interruption in the air search Tuesday came after the RCMP searchmaster said a pilot had reported seeing the outline of what could have been wreckage on 8,500-foot Mt. Silvertip, about 100 miles east of this west coast city.

Squadron Leader George Sheahan said "the pattern on the ground shows it could have been wreckage."

The peak is in the region where the plane reported it was turning back to Vancouver with one engine dead, shortly before its rapid descent.

Search leaders hoped to be able to get the planes into the air during the afternoon.

Ex-Resident On Lost Plane

A former Salem woman, Mrs. Queenie Kafoury, was a passenger aboard the missing Trans-Canada airliner, which is being sought in the mountains and valleys of Canada.

Mrs. Kafoury, wife of Allan Kafoury of Portland, lived in Salem when the family was in the mercantile business here, and was a resident of Salem for 10 years or more. She is a sister-in-law of Mrs. F. E. Shafer, 1373 South High St.

In Portland her husband said she was aboard the plane which is missing with its 62 occupants, including eight Americans. Mrs. Kafoury was on the way to the bedside of her ailing father, W. H. Wenlock of Calgary, and left Portland at 11 a. m. Sunday on the first leg of the trip.

Jury Mulls Verdict In Sex Party Trial

A Marion county circuit court jury of seven women and four men began deliberating shortly before noon Tuesday concerning the innocence or guilt of Nerval Jackson, charged with statutory rape.

Jackson, a 23-year-old Silverton man, was tried with raping a 13-year-old Oregon City school girl the night of Sept. 5, during a party held at the French home about four miles south of the Marion-Clackamas county line.

The defendant took the stand during Tuesday morning's session and denied that he had ever had sexual relations with the plaintiff. He said that beer and vodka had been consumed by some of the persons attending the party. He denied that he bought any of the liquor.

Jackson was positive in his answers to questions directed at him by his attorney as well as the district attorney.

During a recess in the trial, Attorney Bruce Williams asked for a directed verdict of innocent in favor of his client on the ground that it had not been proven that the alleged act took place in Marion county or that the state had proven beyond a reasonable doubt that the defendant had sexual intercourse with the girl.

CASSEROLE WINS \$25,000

NEW YORK (AP)—Old-fashioned meat and dumplings won a \$25,000 grand prize and the title of "Cook of the Year" Tuesday for Mrs. Hildreth H. Hatheway of Santa Barbara, Calif., wife of a government trustee.

Second prize of \$5,000 in the eighth annual Pillsbury "bakeoff" went to a junior contestant, Natalie R. Riggan, 15-year-old farm girl of Olympia, Wash., for her original "Hoot-Ook Cookies."

Top award in the bride's division went to Mrs. Raymond E. Myers of Milan, Ill., for "Easy Cheesy Buns," a no-knead roll flavored with American cheese. She won \$3,000 for her recipe.

Top prize of \$3,000 went to the youngest contestant in the recipe and baking contest, Irene Korrell, 13-year-old seventh grader of Frederick, Md., for her

Weather Details

Maximum yesterday, 54; minimum today, 51. Total 24-hour precipitation: .41; for month: 1.89; normal: 2.31. Season precipitation: 2.25; normal: 12.93. Windy tonight, 5-8 feet. (Report by U. S. Weather Bureau.)

20 Hurt Near Albany As Express Bus Tips

Double Decker Bus Crash Injures 20

State police check the interior of this huge double-decker Greyhound bus which crashed off highway 99 seven miles south of Albany at 12:20 a. m. Tuesday, injuring 20 of the 30 people aboard. None was hurt seriously. Bus driver Walter Metzger of Portland said his brakes locked, throwing the bus off the road when he attempted to avoid an auto which stopped suddenly.

Probers Ask Permits For Gas Installations

Approval was given by the city council Monday to a plan to provide water and sewer service to the State Farm Mutual Insurance company regional office which is to be constructed north of Salem next year.

The policy encourages annexation by requesting industries who hook onto the lines support annexation proceedings when the area is ready to be brought into the city.

Property inside the city limits hooking on the line would be assessed in the usual assessment manner.

A contract with State Farm Mutual Insurance will fully cover their share of the costs.

Pay Pro-Rata Share A policy is set up for other industrial property outside of the city hooking onto the line. Such industries would pay a pro-rated share on a front foot basis for water lines and on a square foot basis for sewer line.

Cost of each line would be computed after the job is finished and include all labor, materials and equipment plus 10 per cent for engineering and supervision. The total assessment for areas owned by an individual or firm plus 2 1/2 per cent yearly interest must be paid before the first request for hookup is granted.

City Manager Kent Mathewson, who prepared the plan, estimates that in 10 years all of the property in the assessable area will be using the water line and that in 25 years all will be using the sewer service.

4 Washington Teeners Die in Bridge Smash

FALL CITY, Wash. (AP)—Four teenagers were killed late Monday night when a speeding car carrying six 14-year-olds smashed broadside into a bridge abutment on the Fall City-Carnation road 1 1/2 miles north of here.

The King County coroner's office identified the four dead as Jerry M. Pennington, 19, believed to be the driver of the car; Robert Evans, 17; LaVerne Peters, 17; and Victor D. Cambell, about 17.

Reported in extremely critical condition was Gene Rothlieuter, 18. The sixth occupant of the car, Tom Doonan, 18, was in fair condition.

State Patrolman William Knight, who investigated the accident, said the 1946 coupe was traveling north on State Highway 15B at a "high rate of speed."

Knight said the car swerved off the pavement onto the shoulder of the road, struck travel and skidded sideways approximately 300 feet, coming to a smashing stop as it hit the bridge abutment broadside.

12 Remain in Hospital; 8 Released

ALBANY, Ore. (UP)—A south-bound double-decker Greyhound bus overturned in a ditch at Tangent south of here early today injuring at least 20 of the 31 persons aboard.

Twelve of the injured were hospitalized here. None was reported in critical condition but several were suffering from broken ribs, lacerations and other injuries. Eight others were released from the hospital after treatment.

The accident occurred during a rainstorm about 12:20 a. m. in the town of Tangent, which is seven miles south of here on Highway 99E.

Walter Metzger of Portland, the bus driver, said the accident occurred as he tried to avoid hitting a car which stopped suddenly in front of him. The bus landed on its side down a six-foot embankment on the east side of the highway. Metzger said the car continued on.

Cafe Operator Witness Most seriously injured was Eric Chan, Eugene, who suffered a possible broken neck. Also seriously hurt was Mrs. Anne Cusack, Olympia, Wash., who suffered head and chest injuries and shock. Julian Carrizales, proprietor of a roadside cafe directly across the highway, said he and his wife watched Greyhound skid across the road and tipped down the embankment. "My wife ran to phone for an ambulance," he said. "I went over to the bus to help them. The women and kids were screaming. It was awful."

The injured were taken to Carrizales' cafe where they were treated while awaiting arrival of four ambulances which took them to Albany General hospital.

Metzger, who suffered shock, said "I don't know what happened. That car stopped to make a left hand turn. I hit the brakes and then we crashed."

Injured Listed The hospital listed the following injured besides Chan and Mrs. Cusack: 1. Mrs. Alma Besse, 60, New Westminster, B.C., head injury. 2. Lester Hines, 46, Fairbanks, Alaska, injured shoulder. 3. Pauline Gottfrecken, 34, Portland, head injury and injured hand. 4. Joseph Crull, 29, Battle Ground, Wash., injured back. 5. Alfred Anderson, 27, Seattle, back injury. 6. Eleanor Ollers, 45, Eugene, head injury. 7. Mrs. Charles Heilmann, Redding, Calif., shoulder and chest injury. 8. Linda Sue Heilmann, 6, daughter of Mrs. Heilmann, head laceration. (Another child of Mrs. Heilmann was not hurt.) 9. Mrs. Emmett Knepper, 72, Portland, head and chest injuries. 10. Emmett Knepper, 73, Portland, head and chest injuries. Many of the injured also suffered from shock.

Council Okays SFMI Water, Sewer Hookup

Approval was given by the city council Monday to a plan to provide water and sewer service to the State Farm Mutual Insurance company regional office which is to be constructed north of Salem next year.

The policy encourages annexation by requesting industries who hook onto the lines support annexation proceedings when the area is ready to be brought into the city.

Property inside the city limits hooking on the line would be assessed in the usual assessment manner.

A contract with State Farm Mutual Insurance will fully cover their share of the costs.

Pay Pro-Rata Share A policy is set up for other industrial property outside of the city hooking onto the line. Such industries would pay a pro-rated share on a front foot basis for water lines and on a square foot basis for sewer line.

Cost of each line would be computed after the job is finished and include all labor, materials and equipment plus 10 per cent for engineering and supervision. The total assessment for areas owned by an individual or firm plus 2 1/2 per cent yearly interest must be paid before the first request for hookup is granted.

City Manager Kent Mathewson, who prepared the plan, estimates that in 10 years all of the property in the assessable area will be using the water line and that in 25 years all will be using the sewer service.

Missile Cruiser Joins 6th Fleet

NAPLES, Italy (AP)—A guided missile cruiser has reinforced the powerful U. S. 6th Fleet in the tense Mediterranean.

The cruiser Boston left Naples Tuesday armed with Terrier missiles which provide atomic anti-aircraft protection against enemy planes for as much as 30 miles.
