Tavern at Rickreall Raided For Pinball Machine Payoff

Kadar Tries New Measures To End Strike

Workers in Hungary Factories Refuse To Use Tools

BUDAPEST (AP) — The Soviet-imposed Kadar government has taken new measures to force the Hungarian people to end their crippling strikes and passive resistance against its rule.

With the help of Russian tanks, the regime seems to have crushed the last elements of open revolution in the countryside. But there still were occasional bloody demonstrations.

Now the rebellion is centered in Hungary's factories and mines. Production was near a standstill in Budapest, the nation's industrial center, and at the uranium and coal mines in the South.

Factories Idle

Again yesterday thousands of workers refused to take up their tools at a dozen Budapest plants, even though the factories had been occupied by Soviet troops and Hungarian Communist militia. The workers declared they would remain idle until Premier Janos Kadar releases two labor leaders arrested for ordering a general strike Tuesday and Wednesday.

Ignoring the workers' demands, the Kadar government sought with both threats and inducements to force them back to their jobs.

Discharge Faced

Coal miners who stay away face discharge, the regime warned, but it promised those who return to work by today both a "loyalty bonus" and credits for building of new homes.

Again the government warned that wages would be paid only to workers who actually help turn out production.

Kadar's government also served notice that any persons caught taking part in unauthorized public meetings or demonstrations would face up to five years imprisonment.

Woman's Home Companion and Colliers Quit

NEW YORK (AP) — Collier's and the Woman's Home Companion, familiar magazines in millions of homes for more than half a century, will disappear from the American scene next month.

A company official indicated that a seeming paradox — rising circulation offset by increasing publishing costs and dwindling advertising revenues — signaled the end to the two magazine giants.

The 15-member Board of Directors of Cowell-Collier Publishing Co. wrote the death notice last night by voting to discontinue publication.

Paul C. Smith, company president and board chairman, said the two magazines, with a combined circulation of nearly 2 1/2 million, lost more than 7 1/2 million dollars this year.

He blamed it on increasing costs and declining revenue from advertisements despite a peak or near peak circulation for both periodicals.

Affected were some 2,600 employees, more than half of whom faced a jobless future in less than a month.

Student Tries To Hit Autos

SAN FRANCISCO (AP) — Robert D. Weimann, 31, law student and radio station salesman, was jailed Saturday accused of driving his car into one policeman and aiming it at another.

The officer said he had escaped in a hail of bullets after they stopped him for speeding in Golden Gate Park.

Later he was arrested after he phoned police headquarters, to complain that "a car pile of drunk officers tried to shoot me."

He was booked on charges of hit and run driving, failure to heed a siren and resisting arrest.

Weather Details

Maximum yesterday, 53; minimum today, 46. Total 24-hour precipitation, trace. For monthly, 2.82; season precipitation, 10.43; normal, 14.75. River gauge, 14.3 feet. (Report by U. S. Weather Bureau)

State Police Arrest Owner On Charge of Operating Game of Chance

DALLAS (Special) — State Police and Polk County sheriff's deputies raided the Bar-B-Cue tavern at Rickreall Saturday noon, arresting owner Ellsworth Wilson on the charge of operating a game of chance.

Wilson's arrest was expected to be the first of a series of tavern operators in Polk county who have been under investigation the past month by District Attorney Walter Foster. Foster said at least one other will probably be arrested Saturday afternoon.

NATO Group Seeks Middle East Accord

PARIS, Dec. 15 (AP) — Leaders of the Atlantic alliance set out today on a vigorous course calling for a settlement of the Middle East crisis through the United Nations. Big Three agreement on this point tended to restore pre-Suez unity, but some continuing coolness.

Urgent Need Stressed For Reopening of Suez Canal

The course was charted by the council of the North Atlantic Treaty Organization in a four-day session that ended here last night. A communique issued by the foreign, defense and finance ministers of the 15-member countries covered a wide sweep of problems concerning NATO security and plans for closer political liaison.

They noted the threat to world peace by the Soviet penetration of the Middle East and agreed to keep developments in the area under close observation. They stressed the urgent need for negotiations through the U. N. to settle the Israeli-Arab dispute and to reopen the Suez Canal.

The ministers contrasted the "brutal suppression of the heroic Hungarian people" with "Soviet public professions." They called on the U. N. "through the pressure of world public opinion, to induce the Soviets to withdraw their forces from Hungary and to right the wrongs done to the Hungarian people."

The council took several steps to strengthen NATO on both the military and non-military fronts. It received a U. S. promise to deliver to the Atlantic Allies weapons capable of firing atomic missiles but minus the atomic warheads themselves, still top secret under American security legislation.

The council sessions appeared to have put the United States and other member nations back on friendlier terms with Britain and France through general concern over the Middle East and agreement to support U. N. moves here. Nevertheless, it appeared that Big Three harmony still was not back to the "best friends" status that existed before Washington approved its British and French Allies for their drive into the Suez Canal zone.

Officials of several countries agreed that U. S. Secretary of State John Foster Dulles had re-established a working partnership in a series of separate meetings with British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau.

Syria Gives Conditions for Oil Movement

DAMASCUS (AP) — Syria will permit one drop of oil to cross her territory until the Middle East situation returns to the status existing before British-French and Israeli invasions of Egypt, Syrian Economy Minister Khalil Kallas declared Saturday.

Kallas made the comment to reporters following a 30-minute meeting of Premier Sabri Assali and U. S. Ambassador James Moore Jr. The United States recently instructed Moore to press the Syrian government for resumption of the flow of oil across Syria by pipeline as soon as possible.

Kallas' announcement was interpreted here as a demand that Israeli forces in Sinai pull back behind the 1949 armistice line and that British-French forces withdraw from Egypt as a condition of permission for oil to flow across Syria again.

BAGHDAD, Iraq (AP) — Bdel Jalil Al Rawi, Iraqi minister to Syria, left for Damascus Saturday for what informed sources said would be talks on repair of oil pumping stations blown up by the Syrian army.

Korean Orphan to Arrive Monday, Joins Family Here

By VICTOR B. FRYER, Capital Journal Writer. A young Korean-American orphan will join his new family in the Salem area Monday. He is one of two youngsters for mid-winter homes arriving in a plane load of war orphans being brought to the states through the efforts of Creswell farmer Harry Holt.

Two-year-old Nam Lee Kyu will become Quentin Lee Platt when he joins two other adopted children at the Hampton C. Platt home, 4435 Macleay Rd., east of Salem.

Another boy, whose Korean name was not listed, will join the A. J. McKeon family at Rt. 1, Box 173, Station, according to the Associated Press. His new name will be John McKeon.

Arrive by U. S. Today. The 67 youngsters are to arrive in San Francisco at 8:30 a.m. Saturday, the AP said. From there, those destined for Oregon will be to the Hampton C. Platt home.

The 67 youngsters are to arrive in San Francisco at 8:30 a.m. Saturday, the AP said. From there, those destined for Oregon will be to the Hampton C. Platt home.

New Suez Plan Said Receiving Consideration

By K. C. THALER, United Press Staff Correspondent. PARIS (UP) — A new Suez settlement plan is under active consideration, a high diplomatic source said today.

The plan, the source said, envisions the following three major points: 1. Egyptian sovereignty and operation of the canal.

2. The world bank to finance the development of the waterway.

3. The Suez Canal users to cooperate with the Egyptian administration of the canal in the canal area.

This arrangement would be under United Nations tutelage, the source said.

The new approach to a settlement of the Suez conflict was discussed here behind closed doors in the past few days between the United States, Britain and France and in consultation with other interested canal users.

Yesterday U.S. Secretary of State John Foster Dulles, before leaving for Washington, met with E. Barleis, chairman of the Suez Canal Users Association for an exchange of views.

The source said a settlement of the Suez conflict will be sought without undue delay, probably early in the new year, after the withdrawal of all Anglo-French forces from Port Said and the start of clearing operations in the canal.

The United States was stated to have pledged to urge a speedy settlement through the United Nations and to assist as far as possible.

So far only the broad outlines of the new plan for a Suez settlement have emerged. There was no indication yet whether Egyptian President Gamal Abdel Nasser would consider it an acceptable basis for discussion.

Three Escape Falling Dirt

ROSEBURG (AP) — Three persons narrowly escaped earlier this week when a mass of dirt and forest debris shattered their house.

The incident recalled the tragedy at Remote last year in which five members of a family were killed when their house was smashed by a slide.

Cecil M. Berryhill, whose house was located at the mouth of Greenman Creek canyon 25 miles east of here, said he heard a rumbling up the canyon shortly after he stepped out the door Tuesday morning.

He ran back in the house and got his wife and their granddaughter, Susan Harkleroady. The three joined hands and fled only moments before the house was smashed in a sea of mud and debris washing down the canyon.

They were rescued by a fire truck. The money will be delivered, probably next week, to the secretary general of the United Nations.

Ike to Deliver State of Union

WASHINGTON (UP) — President Eisenhower will deliver his state of the union message to Congress in person Jan. 16, Presidential Press Secretary James C. Hagerty announced today.

Hagerty said the date was decided in telephone conferences with congressional leaders.

The President did not deliver his state of the union message last January because he was recuperating from his heart attack at the time.

Quake Shakes Longview Area

By THE ASSOCIATED PRESS. Light earth tremors were reported by many residents in the Longview-Kelso area about 1:45 a.m. Saturday, but it was not strong enough to make recording on the University of Washington seismograph.

Frank Neumann, seismologist at the University, said the number of reports of the tremor convinced him it was a genuine one, but of light and localized nature, shifting in the earth structure.

Egyptians Shoot At UN Patrol

Area Tense as British Ready To Leave

PORT SAID, Egypt (AP) — Tension mounted in this Port city Saturday as Egyptian guerrillas attacked U.N. police force patrols and the British army cracked down on the Arab populace with tough search measures in an effort to find a kidnaped lieutenant.

Three hand grenades were hurled at a jeep patrol of Norwegian members of the U.N. force and small arms fire was directed at a Swedish patrol, U.N. officials said.

Col. Carl Engholm, Danish commander of U.N. forces here, said the Norwegian patrol fired back at the attackers. Earlier, British sources said the Norwegians did not return the fire casualties but Maj. Gen. E. L. M. Burns, the police force commander, protested strongly to Egyptian authorities in Cairo. It was the first such attack here on the U.N. soldiers.

Egyptian guerrilla activity increased as the time neared for complete withdrawal of British and French forces in accord with U.N. directives. Cairo newspapers said the withdrawal would be completed Saturday but U.N. officials said no definite time could yet be fixed.

British forces also came under new guerrilla attack. One Egyptian was killed.

The U.N. units wore the blue helmets of the police force but a British official said there was a possibility they might have been mistaken in the early morning darkness for British or French troops.

There was speculation the guerrillas may be members of the outlawed nationalist Moslem Brotherhood trying to put Egyptian President Nasser in an embarrassing situation.

U. S. Allocates \$4 Million to Help Refugees

WASHINGTON (AP) — President Eisenhower announced Saturday that the United States is allocating an additional four million dollars for assistance to Hungarian refugees. One million dollars was set aside earlier.

A White House announcement said the new contribution will "assist the Austrian government working in cooperation with the International Red Cross and other intergovernmental and voluntary agencies, in meeting the heavy demands placed upon the republic of Austria by the arrival of these refugees."

The United States made an earlier contribution of one million dollars on Nov. 14. Since that time, the White House announced, the influx of refugees from Hungary into Austria has continued and more than 130,000 have escaped into Austria from their homeland.

The money will be delivered, probably next week, to the secretary general of the United Nations.

Three Jailed in Portland Raid

PORTLAND (AP) — Three men were arrested on liquor and gambling charges in a raid by Multnomah County sheriff's deputies on an illegal drink and gambling house in downtown Portland early Saturday.

More than 100 patrons were released with a warning to stay away from such places. Harvey Edward (Swede) Ferguson, 68, the operator, was charged with operating a gambling game, illegal sale of liquor and possession of two guns for which he had no permit. He has been arrested before on similar charges.

Gene Huffine, 33, was charged with conducting a gambling game, and David Allen, 32, was booked for illegal sale of liquor.

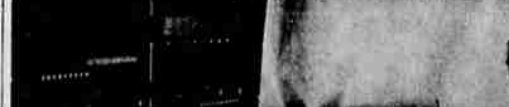

Police Find Smashed Bike

A smashed bicycle was recovered from the 700 block of Chemeca street early Saturday morning by city police, who launched a search for any injured persons but were unable to find anyone or any definite indication of injury.

The bicycle, which appeared to have been dragged some 15 feet by a car, was later found to have been stolen earlier in the night. It was lying in the south traffic lane when noticed by officers about 12:2 a.m.

Saturday morning, Frederick Van Natta, a resident of the YMCA, reported that his bike was stolen from the Y sometime Friday evening. He identified the smashed bicycle as his, officers said.

Phone Operators Prep

Salem telephone operators Saturday were all set for the Empire prefix addition to the system's exchange which goes into effect at 11 p.m. Operator Helen Wagers had a reminder of the dialing change right by her side as the Empire hour drew closer. (Capital Journal Photo by Jerry Clausen)

7 DIGITS NEEDED

EMPIRE Dialing to Start Here Tonight. Salem's telephone industry will take a giant stride Saturday night.

At 11 p.m. the Empire prefix will go into effect, joining Salem with a nationwide numbering plan.

"It's a step," says Pacific Telephone Manager E. A. Berglund, "toward the day when direct long distance dialing will be introduced in Salem."

That means that grandma in Salem will be able to pick up her phone and dial little Suzie in New York City direct, without calling long distance. But that's several years in the future.

As far as Salem numbers are concerned, the only change comes in addition of the EM preface. Regular numbers remain the same. But if you dial an old number without first dialing EM, you'll get a wrong number.

The actual change over in the central phone office at 740 State St., will keep technicians and a crew of 17 Western Electric employees busy most of Saturday night, Berglund said.

Remember, after 11 p.m. tonight, dial EM 4-6811 for the Capital Journal, no. 4-6811.

Suburban Fire Units to Use Salem Number

If you live in Keizer, Four Corners, Liberty-Salem Heights, or Middle Grove, you are now all connected by the same telephone number to the Salem fire department for fire protection.

EMpire 3-3144 is the number to call for reporting any fire in Salem city limits or in the above fire districts. They're all on the same line. If you have a fire, be sure to tell the operator the district involved as well as the exact address or location, firemen ask.

Fast work by professional operators who have direct lines to outlying districts, including automatic sounding of fire alarms, will speed response to fire calls, the chiefs said.

Burned Child Loses Fight

MONMOUTH (Special) — Funeral services were held Saturday afternoon at the Smith-Krueger Mortuary for little Ann Helen Livingston, 16 months, who died in a Portland hospital Thursday of burns suffered Nov. 8.

The body will be taken to Potosi, Mo., for burial near the family home.

The child lost a three week fight for survival from third degree burns on her body received when her crib blanket caught fire.

She was the daughter of Dr. and Mrs. Robert Livingston. He is athletic director at the Oregon College of Education.

In addition to her parents the girl is survived by a twin brother, James, 3, and a sister, Sally, 6. She was born Aug. 26, 1953.

Area Schools to Close on Friday

Pursuit of knowledge will be abandoned in favor of more worldly activities in virtually all schools in the Salem area next Friday afternoon.

The reason for the general exodus from classroom shores will be the annual Christmas vacation which becomes effective Dec. 21.

Willamette university's holiday vacation period will be a bit more extended than for the public and parochial schools. Willamette students will not return to the campus until Jan. 7.

Public and parochial school pupils are scheduled to get back to the grind Jan. 2.

The university Christmas season will permit students who live long distances from the campus to have the maximum time with their families. Many students reside in California as well as the northwest states.

Transport Crippled By Storm

Northeast Gets Up to Foot Of Snow

By THE ASSOCIATED PRESS. Heavy snow in the northeast and floods in West Virginia left at least 18 persons dead Saturday.

The storm dumped sleet and rain and up to a foot of snow in parts of the Northeast. Power lines were knocked down in some areas and transportation was crippled.

Seventeen of the victims died in traffic accidents in New York, Connecticut, Massachusetts and New Jersey.

One man drowned in West Virginia when flash floods boiled up in sections of that state Friday, in the wake of three days of rain.

Foggy and wet weather was the rule over wide areas in the eastern half of the nation.

More snow, sleet and freezing rain were indicated in the New England area and in parts of the Great Lakes region during the day. Snow was forecast in much of the Upper Mississippi Valley and in parts of the Central Plains and the Middle Mississippi Valley.

In the East, the wet belt extended from New England southward to extreme Northern Florida, with rain expected to continue in the southern areas today.

Ore. Rancher Joins Children After 13 Years

CHICAGO (AP) — An Oregon rancher, separated from his two children since 1943 when he joined the Merchant Marine, found them in Chicago Friday.

The rancher, Lawrence Dunshee, 37, of Jacksonville, Ore., beamed when he was reunited with his husky son and 17-year-old daughter. They were tiny toddlers when he last saw them 13 years ago.

"This will be a truly wonderful Christmas," Dunshee said as he talked to his 5 foot 11 inch son, Lawrence Jr., 15, and his 5 foot 7 1/2 inch daughter, Anise.

Dunshee and the children's mother, Anne, were divorced in Chicago in 1941, and he was awarded custody. He took them to live in a small town in Missouri.

When Dunshee joined the Merchant Marine, he hired a housekeeper, set up a bank account and thought all would be well with his children. But he said when he returned after World War II service the children were gone. His former wife, he said, had taken them and he was unable to locate her or the children.

Dunshee moved to Oregon and said he hired an attorney to help him find the children. He said the first lead he obtained was information that his former wife had married again and lived in a suburb of Chicago.

Dunshee, who also married a second time, said he recently learned through a distant relative of his first wife that his daughter was in the Chicago juvenile home, at her own request.

Gusts, Showers Seen for Area

Gusty winds and a smattering of rain featured the weather for Salem and vicinity Saturday.

The wind blew up to 26 miles per hour velocity in peak gusts, the sustained blow being around 18. More wind is due tonight, along with rain, but the forecast calls for only scattered showers, Sunday.

Rivers are slowly subsiding through the mid-valley section. The Willamette was down to 14.2 at Salem Saturday morning.
