THE WEATHER

INTERMITTENT RAIN tonight, Saturday. Low tonight, 38; high Saturday, 45.

Hungary's Cops Fire At Crowd

5 Workers Killed; Unions Stirring Up Trouble

BUDAPEST, Hungary (AP)—New labor trouble erupted at the big Caspel Island steel mill Friday and at least five workers were reported slain by Hungarian police gunfire. Others were wounded.

Witnesses said 5,000 workers defied the police and assembled to hear speakers mounted on trucks. Soviet and Hungarian forces sealed off the island from the rest of Budapest. There were no reports that Russian troops took part in the firing.

Trouble also broke out at the Ganz railway car works and repair shops. Police said they fired into the air to halt a demonstration. First reports said some workmen had been wounded by police gunfire, but later reports said nothing about any wounded.

Russian armored cars also were reported in the area—in southwest Budapest.

The workers were said to have left their jobs partly in opposition to the renewed Stalinism of the government, partly because of prospective layoffs and partly because of reduced wages.

Hungarian workmen who want to keep working found an unexpected ally Friday in the Communist trade union organization.

The union organization expressed support for workers' councils elected during the revolution, apparently in an attempt to gain some of their prestige among the rank and file. The councils are fighting the mass layoffs.

A statement from the trade union organization complained that the councils "get little support in carrying out their duties." It said attacks against them were "provocative actions" that led to resignations.

Old Engine Heads for Resting Place

This old oil-burning, 1902 vintage railroad engine arrived in Woodburn Friday on its way to a final resting place in Woodburn. Engineer W. C. Heiner is oiling the 34-year-old veteran. Southern Pacific presented the engine, shiny with its new black and silver paint, to the city where it will have its own little park sponsored by the Woodburn Jaycees and Rotary club. It will go there as soon as the site is prepared. (Capital Journal Photo)

GIVEN TO WOODBURN S.P. Iron Horse Goes to Pasture

WOODBURN (Special)—Southern Pacific steam locomotive No. 1785, which for more than half a century pulled trains for 50,000 miles yearly, soon will have a permanent home here.

The engine, given to Woodburn by the railroad company, is now in Salem and after the site for its new location is prepared will be brought here.

Work Party Planned
Gene Stoller, who with Winton Hunt, has spearheaded the efforts to bring the locomotive here, said that a work party will be held Saturday to start preparing the site which is located between the city water tower and the Southern Pacific track.

The project is under the sponsorship of the Woodburn Junior Chamber of Commerce and the Woodburn Rotary club.

Those working on the project tomorrow will begin bulldozing the site and placing gravel.

Plans call for all of the work on the project to be completed before the locomotive is turned over to the city. It is expected the site will be fenced and floodlighted in the future, Stoller said.

Eden Gets Peer Seat In Shuffle

Leaves Commons; Macmillan May Up Butler

LONDON (AP)—Prime Minister Harold Macmillan consulted with a steady stream of Conservative lawmakers at No. 10 Downing St. Friday on plans for a broad reshuffle of his cabinet.

His predecessor, Sir Anthony Eden, removed himself from the main arena of British politics. He announced with "real sorrow" his resignation from the House of Commons, saying he did not have the health now to carry on.

Out After 33 Years
Quitting the Commons seat he had held for just over 33 years, Eden again pleaded ill health as he had when he quit the prime ministership two days ago.

But it was presumed he also was removing himself from active participation in front-line politics to prevent any embarrassment to his successor, Prime Minister Harold Macmillan.

As an earl, Eden will sit in the House of Lords and no longer can be a candidate to head the government.

The offer of the peerage came from Queen Elizabeth II, who received his resignation as prime minister two days ago.

Entitled to Pension
Peers get no pay and receive no stipend for serving in the House of Lords. They are entitled to travel expenses, but seldom bother to draw them.

Near the top of Macmillan's agenda as he settled into his first full day in his new office was the question of a post for Richard A. Butler, his passed-over rival for Britain's highest political post.

May Get Post

Duncan Sandys, Britain's supply minister who has been chief administrator of England's atomic program, has been mentioned for the post of foreign secretary in new cabinet of Prime Minister Harold Macmillan.

Secretary-general Dag Hammarskjold reported today the Suez Canal should be cleared for 10,000-ton vessels by early March.

Suez to Open In 2 Months, Dag Tells UN

Biggest Ships Will Be Able to Get Through By Early in May

The report included an exchange of letters between Hammarskjold and Egyptian Foreign Minister Mahmoud Fawzi which made it clear that the salvage operation is entirely a U.N. task with no authority for the task reserved for Egypt, Britain, France or Israel.

Hammarskjold released a letter sent to all U.N. members Dec. 23 asking financial assistance for the clearance project. He sought "interim financing" of at least \$10 million.

The United States has advanced \$5 million as a loan. West Germany also had pledged \$1 million with promise that it would be repaid from tolls collected by the canal authorities when the waterway returns to operation.

Rep. A. L. Miller (R-Neb.), a former chairman of the House Interior Committee, which handles reclamation affairs, said he was glad the President "emphasized local responsibility."

Sen. Warren G. Magnuson (D-Wash.) said Mr. Eisenhower's "proposal for development of our all important water resources was completely inconsistent—he talked about the necessity for developing

Johnson Resigns as GOP Leader; May Take High Federal Post

MUM ON NEW POST Finance Director Johnson Resigns

By JAMES D. OLSON
Capital Journal Writer
Robert H. Johnson, director of finance and administration, announced his resignation Friday to become effective not later than Feb. 1.

Johnson forwarded a letter of resignation to Governor-elect Robert D. Holmes on Wednesday outlining his desire to be relieved of his duties in the state government.

He is the third top-flight Republican state officer to send in a resignation to Gov.-elect Holmes, Warren Nunn, director of motor vehicles was the first and Public Utility Commissioner Charles H. Helzlsouer the second.

Johnson said he was not ready to announce his future plans but that he had concluded arrangements for a new connection which would be announced shortly.

Johnson offered in his letter to Holmes to assist his successor in assuring an orderly transition of the office.

Johnson came into Oregon state government as a consultant to set up a civil service system in the state, after which he served as the first civil service director from 1946 to 1949.

He then was named executive secretary of the so-called "Little Hoover committee," a legislative interim committee that studied reorganization of state departments.

For four years Johnson was in Greece as a representative of the United States government. Upon his return he was named executive secretary of the legislative interim committee on local government and on February 1, was appointed finance director to succeed Harry S. Dorman, resigned.

Ike Lauds His Revitalizing Of Party

By RAYMOND LAHR
United Press Staff Correspondent
WASHINGTON (UP)—Leonard W. Hall said today he will quit as Republican national chairman Feb. 1, and authoritative sources said he will be given a high federal job.

Hall's successor as party chief probably will be disclosed Jan. 22.

After Hall's announcement, President Eisenhower issued a statement crediting the retiring chairman with revitalizing the Republican party.

"I sincerely hope," the President said, "that his wisdom and his long years of experience as legislator, judge, and chairman will continue to be available not only to the party but to the nation in the years ahead."

High administration sources said this means Hall will get an important federal post, possibly of Cabinet rank. Hall himself would not discuss his reasons for resigning or his immediate plans, except to say he will take a vacation of six or seven weeks in Florida.

But he told members of the National Committee that "my service to my country and my party has not ended."

Hall talked for 30 minutes earlier today with President Eisenhower in whose successful campaign for reelection he has played a big role. He also advised Vice President Richard M. Nixon and all members of the National Committee of his decision to retire.

Hall will appoint a subcommittee at a meeting of the National Committee Jan. 19 to confer with Mr. Eisenhower on a new party chairman. The subcommittee will submit its report to the full committee Jan. 22, Hall said. At that time he will formally submit his resignation.

Extreme Cold Hits Midwest, East; 29 Dead

By THE ASSOCIATED PRESS
The Middle West and Northeast had the coldest weather of the season Friday as skies cleared after a heavy snowstorm.

At least 29 deaths were attributed to the frigid weather and snow. They include 10 in Michigan, 8 in Illinois, 4 in New Jersey, 4 in New York, and 3 in New England.

The cold air which swept in from Canada sent the thermometer down to 28 at Saranac Lake, in New York. Albany and Glens Falls, N.Y., each had -17. Elsewhere in New York, it was -13 at Massena, and -10 at Poughkeepsie, Rome and Plattsburgh.

New England also had bitter cold. It was -21 at Lebanon, N.H.; Burlington, Vt., had -15, and Montpelier -7. In Maine, it was -16 at Houlton, -15 at Caribou, and -15 at Limestone.

Illinois and Indiana also had frigid readings. The temperature fell to -14 at Joliet, Ill., -13 at Rockford, and -12 at Moline, South Bend, Ind., had -7.

Warden Given Solid Backing By 2 Officials

State Prison Warden Clarence T. Gladden was given solid support Friday by the two Republican members of the new Board of Control.

Mark Hatfield, who became secretary of state last Monday, and State Treasurer Sig Unander said they are well satisfied with the prison's program.

The third board member, Democratic Gov.-elect Robert D. Holmes, will take office Monday. He hasn't said yet what he thinks of Gladden's administration.

After an inspection of the prison, Hatfield said:

"Warden Gladden is operating the prison with what appears to be a fine balance of firmness and fairness. The prisoners are provided the necessities without luxuries. It is comfortable enough to be humane, rigid enough to maintain a desire to not return."

Hatfield added that he is impressed by the "continued growth and development of work opportunities and the provision of services for other state institutions, as well as the increased interest in the educational program."

Argentina Air Crash Kills 17

BUENOS AIRES, Argentina (AP)—A two-engine passenger plane crashed and burned just after taking off from Buenos Aires airport Friday. Unofficial reports from the scene said 17 persons had perished and that at least 13 were injured.

The plane, heading for the seaside resort of Mar Del Plata, rammed into a seawall as the pilot apparently was struggling to sit down on the River Plate.

The plane, owned by Lineas Aereas del Estado (State Airlines), was a British-made Viking. One engine apparently failed and it could not gain altitude.

Weather Details

Maximum yesterday, 44; minimum today, 28. Total 24-hour precipitation, .26; for month, 1.85; normal, 2.29. Season precipitation, 12.73; normal, 28.27. River height, 1.1 feet. (Report by U. S. Weather Bureau.)

Purcell Clear Of Indictment

PORTLAND (AP)—A grand jury indictment charging former Police Chief Jim Purcell Jr. with malfeasance and incompetence in office was dismissed here Thursday by Circuit Judge Frank J. Lonergan.

After an investigation of vice and corruption last summer the jury accused Purcell of not upholding the law.

80 Prisoners Riot in Texas For Hotcakes

SAN ANTONIO, Tex. (AP)—Eighty prisoners rioted at the Bexar County jail today because they were refused hotcakes for breakfast.

They broke 19 window panes and 25 or 30 light bulbs, but calmed down before the drawn pistol of Sheriff Owen W. Kilday and went back to their littered cells.

The prisoners began to throw spoons, food and steel breakfast trays at the breakfast table.

They were disgruntled with their breakfast, consisting of wheat cereal, bread toasted on one side and oleomargarine and coffee.

The rioters appeared to direct their attack against Gilbert Valdez, the jailer on the fifth floor who the riot occurred.

Valdez and Augustine Leal, a 9-year-old prisoner designated the floor man on the fifth floor, said prisoners had complained that they wanted hot cakes for breakfast and buy some sweet rolls.

AF May Build Pilot Right in New 'Hot Rod'

LOS ANGELES (AP)—The Air Force is considering building a 3,000 m.p.h. steel fighter plane whose pilot, unable to see out, will fly it by watching a radar scope.

The newspaper said in a story by its aviation editor, Lee Pitt, that the craft would be so streamlined the conventional transparent cockpit canopy would be eliminated.

Instead, the pilot would be seated inside the stainless steel fuselage before a large radar scope similar to a television screen.

Salem School District Must Add 16 Grade Teachers in Next Year

By FRED ZIMMERMAN
Capital Journal Writer
The Salem school district will need an additional staff of 16 teachers to operate the elementary division during the 1957-58 school year. This is in addition to the undetermined number which will be required to take care of "staggered" operations on the secondary level.

These estimates were presented to the board of directors Thursday night by Assistant Supt. Arthur Myers on the elementary level after making a survey of the physical and personnel needs of the area.

11 Rooms Needed
Supt. Charles Schmidt predicted a need for six additional classrooms at Liberty and four classrooms and a multi-purpose room at Salem Heights to take care of expanding population.

Girl Accused of Beating 'Rival'

ALBANY (Special)—A 15-year-old Albany high school girl reportedly was forced into an automobile near the high school Wednesday afternoon and taken outside the city, where she allegedly was beaten by an older girl for not "leaving my boy friend alone," police reported.

Charged with assault and battery as a result of the fracas was a 16-year-old Albany girl. Juvenile petitions charging disorderly conduct were signed in the district attorney's office late Thursday for four others.

CEREMONY TO BE BROADCAST Only 500 Inaugural Seats Open to Public

Seating space for the general public at the inaugural ceremonies Monday, when Governor-elect Robert D. Holmes will be inducted into office, will be at a premium. The program will begin at 1:15 with the inauguration slated for about 2:30 p.m.

Less than 500 seats will be thrown open to the public, the remainder being reserved for press, radio and television and visiting organizations.

TV Sets in Rotunda
However, television sets will be placed in the capitol rotunda so that the overflow crowd expected will be able to both see and hear the proceedings.
