

### Five Runaway Teeners Held in Hitchhiker's Murder for \$1.50

PHOENIX, Ariz. — Five runaway teenagers, the oldest 16, were held for investigation of murder Thursday in the killing of a hitchhiker "for a lousy dollar and a half." All admit at least a part in the crime.

The case began last Sunday when the bullet-ridden body of 66-year-old Al W. Jennings, a rooster cook who worked up and down the West, was found by some duck hunters about 50 miles west of Phoenix.

On Friday, five California teenagers had been picked up about 100 miles east of Phoenix and held for Ventura, Calif., officers, who wanted to question three of them for assault.

Sheriff's Sgt. Bob Collins identified the five as Kenneth Blahosky, 16, Whittier; Paul Councilman, 16, Los Angeles, and Harold Pogue, 14; Bobby Donohue, 15, and Ginger Lee Anderson, 14, all of Bell Gardens.

Officers found this in their car: Three high-powered rifles, knives, ammunition, a blood-smeared shirt and letters addressed to Jennings.

Shown that evidence Tuesday night, Sheriff L. C. Bois said, they quickly admitted their parts in the killing.

The sheriff said they told him they picked up Jennings on the road Friday and drove to a lonely spot on the desert for lunch and there they killed him.

Under questioning, Blahosky broke down and moaned: "A dollar and a half I killed a man."

### Nautilus Will Refuel Soon

WASHINGTON — The Nautilus, world's first atomic submarine, soon will undergo her first refueling after logging more than 35,000 miles in two years of cruising.

The Navy announced Wednesday that "history's first atomic ship refueling operation" will take place this spring. It said "special equipment and techniques" will be used.

The refueling will be handled by the Electric Boat Division of the General Dynamics Corp., presumably at Groton, Conn., where the submarine was built.

The Nautilus began cruising last year and a half. For a lousy dollar and a half I killed a man."

two years ago Thursday. Since then the esel has covered 35,000 miles, mostly while submerged.

The Navy said the uranium core of the submarine's reactor will be removed and sent to the Atomic Energy Commission's test laboratory in Idaho. It will be examined there and the unused part of the uranium will be reclaimed for future use.

### Gas Permit Awarded

At Milton-Freewater  
MILTON-FREEWATER — A natural gas franchise has been granted to Earnest Jorgensen, Ontario, Ore., president of the Eastern Oregon Natural Gas Co.

Jorgensen was given a time limit of 20 years with a 2 per cent franchise fee. The franchise had been turned down earlier by Cascade Natural Gas Corp., a firm that has franchises in several Northwest cities.
