

## Blizzards Due Across North; East Warmer

By THE ASSOCIATED PRESS  
Large helpings of snow and rain fell over much of the country today with expected blizzard conditions across the northern and central plains and increased temperatures in the Atlantic Coast states as features of a generally unpleasant weather picture.

Heavy snows and hazardous blizzard conditions were in prospect over most of the north and central plains states from a storm moving eastward out of the rocky mountains.

The belt of snow extended from the Northwest along the Canadian border to the western Great Lakes. Accumulations of from 1 to 4 inches were common from eastern Washington into the Dakotas. Two deaths have been attributed to the storm.

Occasional rain fell over a wide area from the Mississippi River to the Atlantic Coast with rain or snow in the works for New England by tonight.

The greatest warning took place in Pennsylvania and New York, Albany, N.Y., saw the mercury climb to 35 as compared with 1 below 24 hours previously.

## Jet Tankers Lack Slowed B52s 6 Hours

WASHINGTON (AP)—If jet tanker planes had been available, three B52 bombers could have clipped about six hours from the time it took them to circle the globe last week.

That is the estimate of Lt. Col. James H. Morris of San Antonio, Tex., who piloted one of the three heavy jet aircraft more than 24,000 miles in 45 hours and 19 minutes.

Morris told newsmen the bombers could have "kept right on going" if that had been necessary. He voiced the opinion that the B52's range, when refueled in flight, is limited only by the physical endurance of the men who fly it.

During their round-the-world journey, the B52s were refueled at intervals by KC97 tanker planes which are driven by conventional non-jet engines. To take on fuel from these tankers, the heavy jets must slow down and drop to 20,000 feet—the maximum altitude that can be reached by loaded KC97s.

The B52s also lose time in climbing back to their normal cruising level, which on this flight was between 35,000 and 50,000 feet.

In response to a question, Morris said "about six hours" could have been saved if the B52s could have been refueled by the new KC135 jet tankers, now in production.

## MONTESI CASE Italian Scandal Comes to Trial

VENICE (AP)—Italy's biggest postwar scandal, the explosive Wilma Montesi case, came to trial today in Venice, startling new disclosures were expected.

Chief defendants in the case are Giuseppe Piccioni, 36-year-old jazz pianist son of former Foreign Minister Attilio Piccioni; former Rome Police Chief Savio Polito; and Ugo Montagna, prominent Rome man-about-town and friend of influential Italians.

Nine others were accused of giving false testimony during 16 months of preliminary investigation which jarred Italian politics and Rome society.

The trial was shifted to Venice because feeling was running high in Rome.

Some 900 witnesses were called, including high officers of the Carabinieri (national police), three former police chiefs and an Italian movie actress.

The court's task was to try to find how the 20-year-old Montesi girl died in 1953 and who if anyone tried to hide the truth.

Wilma's body was found on a black-sand beach near Ostia, the seaside playground near Rome. Police listed her death as an accidental drowning. Scandal erupted when a young magazine editor, Silvano Muto, wrote that she had died at a high society dope and sex orgy.

WILMA MONTESI

accidental drowning. Scandal erupted when a young magazine editor, Silvano Muto, wrote that she had died at a high society dope and sex orgy.

The younger Piccioni is charged with contributing to the black-haired party girl's death by "abandoning her, believing her already dead," at the edge of the sea. His father, now an adviser to Italy's U.N. delegation, resigned as foreign minister to help his son prepare his defense.

Montagna and Polito both are accused of aiding and abetting the crime by trying to help Piccioni escape punishment.

AGNES KOENIG ILL. SUBLIMITY (Special)—Miss Agnes Koenig is convalescing at Santiam Memorial hospital following major surgery.

## Father Burns After Saving Wife and Tot

DECATUR, Ill. (AP)—A young father perished yesterday in his blazing second-floor apartment after aiding his wife and infant son to leap safely into the arms of bystanders.

The body of Vernon Leon True, 25, was found in the charred rubble. Firemen asid the \$20,000 blaze was started by a gas explosion in the basement.

True's wife Judith, 20, told police she was awakened by the blast and roused her husband. Carrying their son Kevin Leon, 6 weeks, they attempted to escape by the stairs but were driven back by the heat.

"My husband cleared glass fragments from the window and I dropped Kevin to some men below," she related. "The men urged us to jump and said they would catch us. But Vernon said he was too heavy and would go to a porch window to get out. I jumped and they caught me."

Members of the football team at nearby Millikin University caught Mrs. True and her son without injury. True apparently was overcome as he attempted to reach another window.

## Boy Shot in Hand on Bus

KLAMATH FALLS (AP)—An Ashland High School pupil was shot in the hand Saturday night when a gun was accidentally fired in a school bus.

The shooting occurred as the loaded bus was headed back to Ashland after a basketball game at Klamath Union High School.

The wounded boy was treated without injury. True apparently was overcome as he attempted to reach another window.

## Boys Town Elects Portland Mayor

BOYS TOWN, Neb. (AP)—Ronald Ford, of Portland, Ore., is the new mayor of Boys Town, a home for homeless boys.

Ford, 18, is a top athlete at the Boys Town High School.

at a Klamath Falls hospital and released.

The youth who fired the shot was arrested on a charge of firing a gun in the city and later was released by Stanley Jobe, Ashland High School principal. Police did not reveal the names.

Australia's annual wool crop amounts to about 900 million dollars.
