# Cadillac

## Pride of the Neighborhood!

It is a happy occasion indeed when a new Cadillac car first appears in the driveway of its proud and happy owner.

As you would expect, it signals the most joyful of family celebrations—and occasions the heartfelt congratulations of friends and acquaintances.

But you might be surprised to learn of the widespread rejoicing which the arrival of a new Cadillac frequently inspires.

In fact, the car invariably becomes a source of genuine pride throughout the entire neighborhood in which it resides.

The neighborhood understandably delights in having a beautiful new Cadillac to grace its streets... and takes great pleasure in knowing that one of its own has been able to realize the dream that lives in the hearts of so many.

And we think you might also be surprised to learn that this happy event is currently taking place in a great many neighborhoods that have never before laid claim to a Cadillac car.

For there is an ever-growing awareness that Cadillac—with all its incomparable motoring virtues—is one of the soundest and wisest purchases a motorist can make.

From a standpoint of purchase, maintenance, operation and resale value, the car represents a truly extraordinary investment.

Surely, in view of this, you should consider a Cadillac this year.

We will be happy to put you behind the wheel for a personal demonstration at any time you find convenient.

And we will be delighted to tell you how easily and economically you can make your car... the pride of the neighborhood!
