Pleads Guilty

NEW YORK & — Gondolfo (Sheikie) Miranti, already under a five-year federal sentence in the Victor Riesel acid blinding, Monday made surprise guilty pleas to state charges.

Miranti, 38 made the pleas in General Sessions Court to two charges of maiming and one of conspiracy. Sentencing takes in jail.

"Under no circumstances," declared Miranti's lawyer, Matthew C. Brandenburg, "will Miranti testify against Johnny Dio or anybody else."

"He is throwing himself at the mercy of the court," Brandenburg said

The attorney referred to Dio, the 42-year-old labor racketeer the government contends masterminded the acid attack last April 5 on the labor columnist.

Dio and three other men are awaiting federal trial on conspiracy charges in the case. At one time, Miranti said in a signed confession, later repudiated, that Dio bired him to be a finger man, in the blinding and paid him \$500.
