

Granted Easement to Use Property

Permanent easement to use a quarter acre of property on the extreme west edge of McNary field was granted Southern Pacific railroad by the Salem city council Monday night. Alderman also approved granting two other pieces of airport property for road use.

A tract of .34 acres on the south side of the airport was given to the Oregon highway commission to eliminate the job in the connection of Turner road with the North Santiam highway.

The council also granted property immediately east of 25th street so that the street can be widened to 60 feet in connection with a project which would extend it through to Strong road.

In the transaction with the railroad, the city is to receive \$455 and if the railroad decides it no longer needs the area for a spur track, it is to revert to the city.

The council delayed until its next meeting action on the application of American Asphalt Paving company and Capital Lumber company for fire protection. Both of the firms are located on Cherry avenue outside of the city limits.

Joe C. Bello, 2110, was denied a permit to operate an auto wrecking business.

Petition of Jake and Emma Lowen to vacate portions of Primrose street and Margaret streets were referred to the planning commission. Public hearing was set for March 23.

PTA Changes Meeting Date

The Leslie junior high school Parent-Teacher association has postponed its meeting until Feb. 21. Walter Guidinger, president, has announced the date was advanced from Feb. 14 to avoid conflict with the St. Olaf's choir concert.

On Feb. 21, Dr. David S. Brody, associate professor of psychology, Oregon College of Education, will serve as moderator of a panel discussion on "Living With Your Teenager." Mrs. Robert Wulf, Mr. Kent Matheson, Linda Berry, Diane Sadowsky, Mike Fritz and Gary Nieland will take part in the discussion among parents and students.
