Group Agrees **Pools Should** Be Maintained Home for Governor

But No One Comes Up With 'Sure-Fire' Fund Scheme

By FRED ZIMMERMAN Capital Journal Writer City council members and school

City council members and school directors are unanimous in the opinion that the Olinger and Leslie swimming pools should be maintained and operated.

But none of the group that conferred long and carnestly Wednesday afternoon in the school administration building could come up with a sure-fire scheme for raising the necessary funds.

It isn't pin money that will be needed to rehabilitate the pools that were built during W.P.A days, approximately 25 years ago. In fact, Vernon Gilmore, recreational director, estimated that it will cost approximately \$170,000 to place approximately \$170,000 to place them in a condition that will meet the approval of the state board of health.
