Juvenile Crime Here Dropped During '56

Although crimes committed in Salem increased in 1956 over the previous year, corresponding to the national picture, the number of juveniles arrested here dropped 27 per cent during the year, Chief of Police Clyde Warren told the Salem Exchange club Wednesday.

AF to Deploy Its Bombers More Widely

WASHINGTON (AP) — The Air Force is planning to deploy its aircraft more widely through the country "so that a potential attacker could never hope to destroy enough of our bombers to prevent our decisive retaliation."

Gen. Thomas D. White, Air Force vice chief of staff, said Thursday, explaining that the Strategic Air Command's B47 and B52 all-jet bombers and its B36 propeller-driven long range bombers "are now concentrated on too few, highly crowded bases."

He also said in a speech prepared for an Air Force Assn. jet age conference that air defense squadrons "are often wedged in as a tenant" at already busy airfields.

"We want to make an attacker's job harder," White said. "We want to make it apparent that our defending forces and our retaliatory forces cannot be knocked out even with the great force the potential aggressor has today."

"To accomplish this we intend to spread out these combat forces. For example, we will divide the striking force into smaller and more numerous packages."

Attending the meeting held at the China City restaurant was a group of 85 persons. During the meeting the visitor was presented the key to the city by Mayor Robert F. White. He also received a gift package of Willamette valley fruit jellies.

Elected chairman of the advisory board was J. B. Avison, manager of the state industrial accident commission. He succeeds G. Dudley Henderson, who has held the office for the past three years.

Other officers elected were Dr. Tom Dunham, vice chairman; Thomas Churchill, secretary; and Leo Page, to serve a second term as treasurer.

Three new members were installed on the advisory board. They were, E. A. Brown, publisher of the Capital Journal, representing newspapers; Milo Holt, machinist local No. 1506, representing labor; and Gene Huntley, Oregon state highway department, representing the state.

burglaries, 45 per cent of all thefts and 62 per cent of the auto thefts, Chief Warren stated.

Burglaries Show Drop
While burglaries dropped from 135 in 1955 to 116 in 1956 other crimes increased here, he said. Robberies numbered 13 as compared to two the previous year. Larceny cases over \$50 valuation jumped from 90 to 111, larcenies under \$50 valuation increased from 453 to 648 and car thefts jumped from 28 to 44.

The decrease in juvenile crime in Salem was credited to increased interest of parents in what their children are doing.

Chief Warren stated that the uniformed officer was still the best prevention against crime. The average citizen can help, though, he pointed out. Locking cars when leaving them and keeping

ing homes locked when no one is there or at night can do much to prevent crime, he said. When one considers that in most crimes an automobile is involved, the importance of locking one's car can be realized, he said.

Britain Halves Reich Forces

LONDON (AP) — Britain notified the Western European Union Council Thursday of its intention to cut the size of its troop commitments in West Germany.

Similar notification was given later to the NATO Council in Paris. Britain now has 80,000 troops in four divisions stationed in West Germany. Because of her financial condition, Britain intends to cut this contingent to about 40,000, by unofficial report, with an attempt to streamline the units so as to keep the four division strength.

French Says Spiritual Forces Needed to Keep Americanism

Spiritual forces of social and welfare agencies are necessary in order to preserve our Americanism, L. L. Commissioner Hollander French, San Francisco, told those attending the annual dinner meeting of the Salvation Army Board Wednesday night.

The commissioner, who commands all Salvation Army operations in the 11 western states, Hawaiian Islands and Alaska, urged Salem's support of the Salvation Army, churches and welfare agencies to bridge between the haves and have-nots of the city.
