

Holmes Backs Bonds For \$12 Million to End Coast Road Bottleneck

With the blessing of Gov. Robert D. Holmes, two senators representing four Oregon coast counties today introduced a Senate bill authorizing the issuance of \$12,000,000 in highway bonds for the elimination of what they called "the coast highway's No. 1 bottleneck."

The bill is sponsored by Sens. R. F. Chapman, representing Coos and Curry counties, and Andrew J. Naterlin, representing Lincoln and Tillamook counties.

It would make possible the elimination of the 38 miles of curves now existing on U. S. 101 between Gold Beach and Brookings. The sponsors said it would benefit all four of Oregon's major industries—logging and lumbering, agriculture and dairying, tourists, and the seafood packing business.

Georgia House Asks Justices' Impeachment

One Member Protests: 'Making Ourselves Ridiculous'

ATLANTA (AP)—A resolution calling for impeachment of six U.S. Supreme Court justices has been passed by the Georgia House and sent to the Senate despite a member's protest "we're making ourselves ridiculous before the world."

It was approved yesterday by a slim margin of four votes, with 57 members not voting. The roll call count was 107 to 23. A constitutional majority of 103 was necessary for passage.

The resolution, drafted by Atty. Gen. Eugene Cook, charged "high crimes and misdemeanors" to Chief Justice Earl Warren and Associate Justices Black, Douglas, Reed, Frankfurter and Clark. Rep. Raymond Reed spoke out against what he called "a far-fetched resolution" based on "unreasonable, unfounded evidence."

"We're making ourselves ridiculous before the world," he said. "What better way could we serve the Communist press than to throw out such a resolution as this, based on unwarranted and unfounded charges?"

The resolution made several charges based mainly on rulings in sedition and segregation cases. It would have the Georgia General Assembly declare that the six justices "are guilty of attempting to subvert the Constitution of the United States, and of high crimes and misdemeanors in office, and of giving aid or comfort to the enemies of the United States."

It also would ask other states to pass similar resolutions and call on the Georgia members of the U.S. House of Representatives to begin impeachment proceedings.

Rare Disease Takes Life of Swedish Star

STOCKHOLM (AP)—Marta Toren, 31, Swedish stage and screen actress, died today of a rare brain disease which sent her to the hospital less than 48 hours ago.

The actress had been unconscious since she was brought to the hospital Sunday night after performing in a stage play at the Alle Theater.

Her doctor said she was suffering from subarachnoid hemorrhage, a disease he said "can strike persons of all ages without warning."

Miss Toren was the wife of an Italian director and film writer, Leonardo Berovicchi. They have a 4-year-old daughter.

The actress went to the United States in 1947 with a seven-year contract. After playing 11 films, she returned to Europe to make films in Spain and Italy. Mostly she lived in Rome, where she was one of Ingrid Bergman's closest friends.

UN Delays Israel Sanctions Showdown at U.S. Request

By TOM HOGE

UNITED NATIONS, N.Y. (AP)—With a General Assembly showdown on sanctions against Israel again postponed, U.S. representatives at the U.N. today pressed intensive efforts to find a solution to the Middle East deadlock.

Rapidly moving events centering on the Israeli-Egyptian dispute brought the successful U.S. move for putting off the Assembly debate until Thursday. It had been scheduled to resume today.

Linked with the U.S. move to delay Assembly action were:

- 1. The desire to give Israel more time to reconsider its stand against pulling its troops out of territory formerly controlled by Egypt.
- 2. Israeli Ambassador Abba Eban's hurried trip to Jerusalem today for consultations with his government.
- 3. President Eisenhower's decision to cut short his Georgia vacation and return to Washington for conferences on the problem.

Mounting U. S. congressional pressure against the move to invoke sanctions against Israel.

Sources close to the U. S. delegation said the Americans wanted a chance to reappraise their position, but it was not clear what stand the United States intends to take if Israel continues to refuse

to get its troops out of the Gaza Strip and Egyptian territory along the Gulf of Aqaba coast.

The move for sanctions against Israel is led by the 27-nation Asian-African nation group, which declares that anything other than immediate and complete withdrawal of Israeli troops would reward aggression.

The U.N. repeatedly has called on Israel to withdraw from the Gaza Strip and the Sharm el Sheikh area, at the entrance to the Gulf of Aqaba. The Israelis have refused unless guaranteed navigation rights in the gulf and suppression of Gaza-based raids.

The Israelis seized both areas in their October-November invasion of Egypt.

Secretary of State Dulles said Feb. 15 the United States would have to give "serious consideration" to sanctions against Israel if the U.N. asked for them.

Eisenhower said Sunday Israel already has received "the maximum assurance it can reasonably expect at this juncture."

But powerful opposition against U.S. support for sanctions was voiced by Sen. Knowland and Sen. Lyndon B. Johnson, the Republi-

can and Democratic leaders in the Senate.

Knowland was reported considering quitting the U.S. delegation to the U.N. Assembly if the Eisenhower administration backs action to single out Israel for sanctions.

The California senator was said to have told State Department officials he could not agree with any punishment of Israel that is not matched by sanctions against Russia, Egypt and India for their defiance of U.N. Assembly or Security Council resolutions.

Johnson told the Senate he hopes the dispute over Israeli withdrawal "does not revive the talk about

sanctions or other methods of coercion."

The Israeli Foreign Ministry announced in Jerusalem that Prime Minister David Ben-Gurion had made several new proposals in answer to Eisenhower's appeals for a troop withdrawal.

A ministry spokesman said Ben-Gurion's proposals, outlined to U.S. Ambassador Edward B. Lawson, were designed to "bridge the gap between the position of Israel and the United States as expressed in the Dulles aide memoire."

He added that with a "little effort it should be possible to find a resolution."

Khrushchev: Foreign Policy Hasn't Veered

MOSCOW (AP)—Nikita S. Khrushchev went out of his way Monday night to emphasize that last week's change of foreign ministers does not mean a change in Soviet foreign policy.

Seizing a microphone on a Russian-Bulgarian party, the Soviet Communist Party boss launched into a speech apparently aimed at observers abroad.

"Our foreign policy does not depend on any one individual," Khrushchev said.

He went on to expound the continuity of Soviet policy.

Andrei Gromyko had replaced Dmitri Shepilov as foreign minister Friday, three days after Shepilov outlined the government's foreign policy outlook to the Supreme Soviet (Parliament).

Although Moscow Radio later announced that Shepilov's address still stood, observers here had come to the view that career diplomat Gromyko was being counted on for a tougher era of international negotiations.

They felt Shepilov, former editor

of Pravda, had proved himself inept in the tough arena of international politics during his eight months as foreign minister.

Khrushchev told the guests at the reception: "Our former minister of foreign affairs, Shepilov, defended our interests. Gromyko will carry out these policies..."

Shepilov stated our case very well in his address to the Supreme Soviet... We stand by what he said."

Interim Suez Use Plan Agreed Upon

LONDON (AP)—Britain announced Tuesday a majority of countries using the Suez Canal have agreed on an "interim" plan for operating the waterway from the time it is cleared until a full international agreement is drawn up.

The plan will soon be placed before U.N. Secretary General Dag Hammarskjold for presentation to Egypt, the Foreign Office said.

The United States joined a large number of other nations in preparing the agreement. The Soviet Union was not included.

There has been no advance indication Egypt would accept the secret proposals.

The 18-nation Suez Canal Users Assn. (SCUA) was not involved in the plan worked out in secret negotiations at the United Nations and in Washington and London. Britain took the initiative in making the proposals.

The plan is understood to call for a 50-50 split of canal tolls. The payments would go to the World Bank account, with half to be credited to Egypt and half to be retained by the bank until its disposition is determined by a final settlement.

Gladden Asks for Harsh Dope Curb

WARDEN Clarence T. Gladden of the state penitentiary told a legislative committee Monday that the penalty for smuggling drugs into prison ought to be stiffened.

Conviction for such an offense now is a misdemeanor, punishable by a county jail sentence or fine. Gladden recommended to the House Judiciary Committee that the offense be made a felony, punishable by a prison term.

The warden said smuggled drugs frequently were the cause of prison outbreaks and persons responsible should be punished severely.

Three years ago, he said, three prison employees were convicted of smuggling benzadrine to prisoners. They received short jail sentences.

When asked if he favors a bill by Rep. Fred Meek (R), Portland, to ban probation or parole for persons convicted a second time of selling narcotics to juveniles, the warden said the penalty would be "a little unreasonable."

Under the Meek bill, persons selling to juveniles would get 20 years for the first offense and 40 years for the second time.

Rep. Berkeley Lent (D), Gresham, said the penalty for the second offense "amounted to worse than the death penalty." He said persons sentenced to life imprisonment for murder are eligible for parole after seven years.

The committee took no action on the Meek bill. It also didn't act on another measure which

would safeguard the jobs of persons elected to the Legislature.

Rep. Robert R. Klemsens (D), St. Helens, serving his third term on leave from his job with the Pacific Telephone & Telegraph Co., asked the committee to consider an amendment that would forbid employers from deducting seniority or retirement time during the absence of a "working" legislator.
