North-South Series Trophy May Be at Stake Tonight

Basilio Rated Strong Favorite Over Saxton in Battle Tonight Ends This Weekend

Challenger Lays Plans to Box,

Not Slug

By JACK HAND
CLEVELAND & — Welterweight champion Carmen Basilio's slugging edge makes him a strong favorite to solve Johnny Saxton's hit-and-run style in their third title fight tonight.

Assured by Basilio that his once-damaged right has completely healed, most boxing men are picking the 29-year-old left hooker from Canastota, N.Y. Saxton is a 13-5 underdog.

Saxton says he will revert to his old boxing style that earned him a questionable but unanimous decision at Chicago last March 14, when he tried to stand and slug with Basilio in their Sept. 12 rematch at Syracuse, N.Y., he was cut up and stopped in nine rounds.

pleted training. "If they want to book let them. I've got to think about Johnny Saxton."
Basilio said it won't make any difference what Saxton does because he will be ready for anything. He insists he is in the best condition of his 68-bout career.

The fighters will cut into the \$60,000 radio-TV fee and also will shough they have been in action since their September brawl hard.

Over near Nehalem on the coast lives Wes Batterson, game commish field agent in that area. Earlier this week I joined Wes, and he and my little boy and I went elk hunting. The hunting was good, and we "bagged" a whole herd of the critters. They will be rather tough eating however, as they are all on 15 mm film.

Our hunting grounds were the rough, partially barren hills near Cannon Beach where the Crown Zellerbach company has an extensive logging and refrection operation. sive logging and reforestion operation.

Rough Country for People, Good for Game

Rough Country for People, Good for Game
To those who have never hunted there, we can describe the area
as similar in ups-and-downs to the Tillameck burn, though no fires
of any size have occured here, at least for many years.
In some locations, like Sugar Loaf mountain, fairly extensive stands of timber are present. Other hills are barren of
everything except the whitened stumps and slashings of logging
days long gone. Even underbrush is sparse on some of these
hills. Other mountain slopes are fairly dense with vegetation,
and all in all it is quite excellent deer and elk range.

A Brave Man is Batterson

For an hour or so we toiled up narrow roads, at times the car almost vertical (or so it seemed) as we fought to make the grade. Quite frequently, the wheels on one side or the other would be only scant inches from a long, sheer drop-off. Wes is a man of some courage, as he only gulped once during the drive that we noticed. As any driver knows, it's pretty difficult to sit in the passenger's seat while a strange driver carries you along just a whisper away from sudden destruction.

Every now and then we would stop and Wes would scan the country with his glasses. Though plenty of elk sign was present much of it fresh, the beasts themselves were not easily found. Some timber cutting operations have begun there, and the movement of men and equipment through the hills had made the elk a hit seems. "Elk Below!"

On top of a hill, Wes unlimbered his glasses again while I climbed on a rock ledge above him with the movie camera. I was busy grinding away when Wes shouted "eik". Far down below, out across a depression between the hills, he had spotted a fairly sizeable herd, most of them lying down. They were in undergrowth on a sidehill, close to a stand of timber.

We drove the car down close to them (they are not too afraid of moving vehicles) and parked out of sight. I took my camera, and with Wes coming along behind at a safe distance with my little boy, I moved as close to the animals as I could.

Brown Sees Elk, and Vice Versa

Around seventy-five or a hundred yards was as close as the undergrowth would let me approach. When I looked over a stump—the whole herd of elk were looking right at me! They weren't particulary frightened, just curious. They watched me awhile as the camera buzzed, then they moved away, some trotting, but most of them just walking. Finally they filed into the shadows of the forest, and disappeared.

We located other herds of elk, and at the end of the day we clattered out of the mountains, the camera chuck full of shots of those beautiful Roosevelt Eik. It was one of the best hunts I ever had, and young son Miland enjoyed it, too. He "conked out" after we left Wes off at Nehalem, and he slept all the way

Fri., Feb. 22, 1957 Saxons Juggle Lineup

Ballantyne Team Favored, Acts As Host

The Salem Breaklast club can't use Solomon's trick and threaten to cut its trophy in half. But the SBC awarding of the big, shiny globe would be simplified this season if South Salem's Saxons defeat North Salem tonight, as expected.

DISTRICT 5 A-1 W L Pet.
Albany 8 1 257 S-Home 6 2 571
S-Salm 5 2 714 Lebnon 1 6 143
N-Salm 4 3 571 Cryllis 6 145
Tonight's games North Salem at
South Salem, Lebanon at Albany,
Sweet Home at Corvallis.

The 1956-57 series stands at 2-1

The 1956-37 series stands at 21 for the Saxons but at 8 o'clock tonight on the South Salem hardwood floor there is more than a gittering trophy at stake.

Coach Ward Paldantus' Vikings have their talented backs to the wall, for they need this one to remain upstairs with the district's appercrust. Another reason, they just plain like to heat South whenever the opportunity comes.

Albany on Top

The complicated District 8 A-1 race is far from decided. Albany, the leader, has yet to play two dangerous rivals.—Sweet Home and South Salem — and before the skirmish is over there might be three of them on the roost, crowing for a playoff.

Two of the teams, and only two, can get their tickets punched to go to the state tournament. Redmond, from sub-district 8, already has the ride. This year's planscall for no playoff between the eastern and we stern cousins, which last year found Bend, district schedule champion, losing out in the playoffs for tourney betths.

Paldanius indicated he would make no lineup changes, although any coach reserves the right to change his mind along with the lineup.

change his mind along with the lineup.
Coach Richard Ballastyne of South is forced to make at least one change, so he made two just for the occasion. Ed Lewis, 6-2 senior, still was ill Thursday and Stan Anderson will take his place.
Ron Russell and Dan Moore are back, which is nice for the Saxons who are lest without them. Russell has a 11-0 average for 17 games and Moore 11.7 and they lead the rebounds.

Jayrees to Wax Hot
A feature will be the 6:30 prelim, pitting the undefeated junior Vikings against South's ambitious jayvees. Last year the Saxon jayvees were undefeated up to the final meeting only to have the North JV upset them.
The goal of South his year is to reverse the favor. test first, Central playing Hills-boro and Astoria facing Gresham Friday night. No. 7 vs. No. 8
