more claims and seven million more in benefits than was paid in 1955.

But the economic loss from accidents goes far beyond that of highway deaths, shocking as their swelling volume is.

On-the-job accidents cost industry and workers about 3½ billion dollars last year, according to the Institute for Safer Living of the American Mutual Liability Insurance Co, of Boston. But off-the-job accidents cost much more — nearly 7½ billions. Highway accidents are included in both categories.

The Institute estimates there was a 10 per cent increase last year over the figures for economic loss from accidents shown by the National Safety Council for 1955. Part of the rise is due to an increase in the number of accidents themselves, and part reflects the growing costs of medical care and or repairs or replacements of vehicles and machinery.

The apparent fact that their workers sustain more accidents causing time and production loss while away from their jobs than while at work has spurred a number of companies to set up safety

Nina Marries
In Australia

MELBOURNE, Australia (M)
Nina Paranyuk, Soviet stewardess who deserted the Russian Olympic ship Gruzia in November, married here yesterday.

At Nina's request, the bridegroom's name was not announced—only that he is a 36-year-old Ukrainian plant operator who lates to the Melbourne Olympics laty year and slipped away from a sightseeing party. She went into hiding and was not found until Jan. 19, when she asked for political asylum.

Nina met her husband at a party three weeks ago. "He will give me the protection I need," she said.

Where they will live is a secret too.

came to Australia eight years ago.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
