Meats Are Featured In Buys

By THE ASSOCIATED PRESS The housewife searching for a bargain in the nation's supermarkets and neighborhood grocery stores this week will find a variety of meats offered at tempting prices.

Those with an eye on the calendar and a sentimental soft spot for Ireland will find corn beef featured in many stores. Most stores stock both the boneless and less-expensive bone-in cuts as main dishes for the Sunday dinner March 17.

The wholesale meat market was reported tighter this week, although it was believed to be only a temporary situation. One source said the chains were paying 2½ cents a pound more than last week.

It's not surprising then to find fish and chicken widely featured. The chickens are designed for frying, roasting or stewing, while the fish varieties include scallops, whiting, cod, haddock, shad and shed roe, halibut, salmon and tuna.

New green cabbage from Florida and the new Florida potatoes gradually are getting cheaper, although the latter still are only in moderate supply. Pascal celery, mostly from California, Arizona and Florida, also is sliding down the price scale.

Baldwin, Rome, Cortland, Delicious and McIntosh apples which have been kept in controlled atmosphere storage are available in increasing supplies at this time of year. High quality and good condition apples are selected for this special storage treatment, in which the apple's respiration is controlled so that the ripening process is slowed down.

Weaver Says Police Officer Has to Adjust

A good police officer must be able to adjust his thoughts and actions to fit the situation and person he is dealing with, Capt. Leland D. Weaver of the Salem Police Department told classes of officers at the Salem City Hall Wednesday afternoon and evening.

The officer must learn and know which individuals should be treated firmly, which with sympathy and understanding and which with caution, he pointed out. It is his understanding of human nature that enables him to handle his job properly and efficiently, he said.

Some 76 officers from Salem, Dallas, Independence, Stayton, Silverton and Falls City attended one of the two sessions of the class entitled, "The Police Approach to Human Relations."

Marion, Polk Wage Spread Only 9 Cents

The wage spread between Marion and Polk county road departments' minimum scales is only nine cents an hour rather than 29 cents as reported by a Portland union official, it was pointed out Wednesday by Richard Keller, secretary of the Polk County Employees Union, Local 173, AFL-CIO.

Polk County minimum is \$1.60 an hour while Marion County minimum is \$1.51, Keller said. Leo Butts, state council representative for the union, had reported earlier this week that the Polk minimum was \$1.80.

Jet Bang Panics City
