Drought Cuts Tokyo Power

TOKYO (AP)—The worst power shortage in five years hit the vast Tokyo industrial complex today in the wake of prolonged drought, a five-day coal strike and two thermal plant breakdowns. Electric power to 500 major factories was cut 18 per cent. Partial suspension of service was ordered for homes and a dimout went into effect in the business district.

Gigantic Easter Seal Sale To Get Underway Here Friday

An estimated 500,000 Oregon residents will receive Easter Seals soon as the Oregon Society for Crippled Children and Adults, which faces increasing demands for service to the state's physically handicapped, stages the most intensive campaign in its history. The Easter Seal sale gets underway officially Friday, March 15, and continues through Easter Sunday, April 21, according to the state seal sale chairman, Mrs. Paul L. Patterson, widow of Oregon's late governor. Mrs. Patterson expressed hope that "the people of Oregon will respond even more generously than they have in the past so the society will have ample funds to carry on and expand the great work it is doing among the state's crippled children and young adults."

Japanese Youth Has 'Irish' Name

NEW YORK (AP)—Hiromichi Ohara, a Japanese exchange student, says his name makes him highly eligible for marching in Saturday's St. Patrick's Day parade. Ohara, 29, studying at Manhattan College, showed newsmen a top hat and green ribbons he has in readiness for the big parade. "I don't have the right accent but I have a proud name," said Ohara.

The Easter Seal sale will reach into each of Oregon's 36 counties and will be augmented by special events in many areas. A street sale of paper lapel lilies will be staged in many communities on April 13, and this activity will have the support of women's organizations and girls' clubs of the high schools. The task of stuffing and mailing the nearly 500,000 Easter Seals and accompanying appeal letter was started several weeks ago, enlisting the support of hundreds of volunteers. Mrs. Patterson pointed out that the sale of Easter Seals provides the principal source of income for the society which finances: 1. The Easter Seal hospital school in Eugene, where special training, education and therapy are offered to children from more than 20 Oregon counties, 2. Camp Easter Seal on North Lake of Ten Mile Lake, Oregon's only summer camp for crippled children and young adults, and 3. The Craft Shop of the Handicapped in Portland, a retail outlet for articles made by the physically handicapped. The society also loans special equipment and provides counseling service.
