HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subfract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rec-tangle and check every one of your key numbers, left to right. Then wad the message the letters under the checked figures give you.
