Wachsmuth on Trial in Death Of Policeman

EUGENE (AP)—Selection of a jury was underway Monday at the first degree murder trial of Albert Lewis Wachsmuth, 65, in Lane Circuit Court.

Wachsmuth, charged with the Feb. 22 shooting of state police officer Charles Sanders, watched intently as Dist. Atty. Eugene Venn and defense attorneys began questioning each of the 12 jurors called to the jury box. Wachsmuth has pleaded innocent, by reason of temporary insanity.

Mark Weatherford and his son, Harrison, of Albany, and Lawrence Morley of Lebanon, are the defense attorneys.
Circuit Judge William Fort is on the bench.
The defense counsel was questioning each person on possible prejudices brought by newspaper accounts of the shooting. The counsel also asked jurors if they are prejudiced against temporary insanity pleadings.

A cold rain and whistling wind chilled spectators who watched the river parade.

The recovery of some women's clothing, a billfold and a coin purse from a millrace gate between Trade and Mill streets Sunday, is under investigation by Salem police.

Identity of the owners of the billfold and purse was established and the items were found to have been stolen. The clothing, however, had not been identified yet Monday, officers said.

Theft of Gum Lands Parolee In Pen 1 Year

CORVALLIS (UP)—Robert Dixon, 18, Monroe, was serving a one-year sentence in the Oregon state prison today because he stole a 5-cent package of chewing gum.
Dixon was on probation for his part in an assault on a Eugene millworker when he stole the package of gum from a store in Junction City on April 8. He pleaded guilty to the charge and was fined \$10 and costs by a Lane county justice of the peace.

When Benton County District Attorney John B. Fenner heard of the incident, he had Dixon brought before Circuit Judge Fred McHenry who had put the youth on probation. After a stinging reprimand, Judge McHenry revoked the probation and ordered Dixon sent to the penitentiary.

Fire Costs Plenty

HOLLYWOOD (AP)—A fire in the Hollywood Boulevard Coffee Shop caused damage estimated at several hundred dollars—and then some. The extra losses came, the management explained ruefully, when the 150 customers hastily departed without paying their checks.

Fire Destroys Victoria Manse

VICTORIA, B.C. (AP)—Fire destroyed historic Government House at the edge of this provincial capital city early Monday. Lt. Gov. Frank Ross, his wife and their servants had to flee in their night clothing.

An unofficial report placed the value of the rambling 15-room landmark itself at \$400,000. The loss in irreplaceable antiques and paintings might boost the overall loss to the million mark.
Nearly 100 firemen fought the 4:15 a.m. blaze, which was believed to have started in a coal bin.

Government House crowned a hill just outside the city and was one of the first landmarks to greet visitors reaching Victoria by ferry.

Portland Folk Move Too Fast To Get Papers

NEW YORK (AP)—Orville H. Goplen, director of the America House in Coblenz, Germany, for the U.S. Information Service, and his wife, Esther, arrived by ship Monday with their two adopted children, John and Richard, 4½-year-old twins.

The children carried Icelandic passports. Goplen said the situation arose from the fact that although he had adopted the children formally four years ago, he never had been able to comply with the provisions of the immigration law which require that the children reside in the United States for two years continuously before becoming citizens.

Goplen said he stayed with the USIS in Iceland from 1952 to 1954 and served overseas with the government agency since then. He said that in May, 1954, he brought the children into this country for a visit but at that time had to enter them as immigrants under the existing law.
The Goplen live at Portland, Ore.
