London, M. — The British
Communist party admitted Friday a wholesale slump in its membership during the last year as a result of Soviet action in Hungary.

Gollan said membership had dropped from 33,960 to 27,000. A party announcement earlier this year said it slumped from 34,000 in the expressed dollar said. But he expressed that "all such comrades would be welcome."

WASHINGTON & President Eisenhower's selection of Gen. Nathan F. Twining to head the Joint Chiefs of Staff has touched off one of the greatest shifts among Air Force brass in U.S. history.

Informed sources predicted to day that before the changes now under way are completed, more than 140 Air Force generals will have taken new assignments.

That is almost a third of the generals in the air service.
There were reports that the chiefs of at least four major Air Force commands have expressed their intention to retire.
They are Gen. O. P. Weyland, chief of the Tactical Air Command, chief of the Tactical Air Command.

Swedish Import Inger Stevens Dates Crosby, It's Not Serious

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (UP)—Spring in
Hollywood: Twosomes are popping
up like crocuses around the cinema city, with such holdouts as
Bing Crosby and Richard Egan in
the romantic section of the gossip
columns.

The beautiful new Swedish import, Inger Stevens, apparently
has replaced dark, pert-nosed
Kathy Grant as Bing's sometime
dinner companion. But Inger, a
vivacious Grace Kelly type, insists they're "just friends"—an old
Hollywood expression that sometimes camouflages the truth.
Bing and Inger met when she
won a job as his leading lady in
"Man on Fire," her first Hollywood movie. The couple also
dated in Palm Springs.

## Chuck Luhring-young man getting up in this world

Just over a year ago, when Chuck Luhring decided to look into telephone work, he knew little about it. But because he showed good promise, he was hired and trained with regular pay. Today Chuck's a telephone lineman with a solid career ahead of him. In a business where management comes up from the ranks, there are lots of chances for promotion. The work is steady, and the pay keeps up with advancement. To Chuck, these things make a good job. And the fact telephone jobs are good, pays off for you, too. It means capable people are attracted into the business. And this means better service for you.

"Classroom in the sky," where Chuck Luhring got his training, is one of many telephone schools on the Coast. Others train operators, installers, etc. Giving good people good training is another way we see to it your service is in capable hands.
