

### Senate Group OKs John Day Plans Revision

WASHINGTON (AP)—The Senate Public Works Committee has approved a proposal by the Army Engineers to revise construction plans for John Day Dam on the Columbia River. Sen. Magnuson (D-Wash.) said Tuesday.

Magnuson made a letter in which Chairman Chavez (D-NM) said the committee feels the proposed change is within the discretion of the engineers to make. The engineers propose to reduce the controlled storage behind the dam from 2 million acre feet to 500,000 acre feet to head off possible difficulties in fish culture and navigation, Magnuson said.

Chavez, in a letter to Army Secretary Brucker, said the proposed change in plans would not require congressional action, which could have resulted in a delay in obtaining money with which to start construction this year.

Magnuson said he was informed by the Army Engineers that they would need approximately 8 million dollars for construction on the dam during the fiscal year starting July 1, by which time pre-construction planning is expected to be completed.

### Wongs' Libel Suit Settled Out of Court

PORTLAND (AP)—An out-of-court settlement of Mr. and Mrs. Kent Wong's two million dollar libel suit against a religious organization was reported Monday by Leland Hess, attorney for the Wongs.

Defendants were the Wings of Healing corporation, Dr. Thomas Wyatt and his wife, and Jonathan E. Perkins.

The suit had arisen over a letter circulated by the Evangelistic Protective League, one of the religious groups associated with Wyatt. In their complaint, the Wongs contended circulation of the letter was an attempt to stop a breach of contract suit they had filed by driving them out of the country.

Hess reported a "substantial" settlement in the libel suit and added that the breach of contract case also was settled out of court. The exact sum of the settlement was not divulged.

Two court suits against the Wongs are still pending. In one, John Warwick seeks \$200,000, contending breach of contract. Some \$5,200 damages is asked in the other suit, by William D. Bennett.

### Ulcer Surgery Performed on Pitching Boat

NEW YORK (AP)—An American surgeon performed a delicate ulcer operation on a British sailor aboard a pitching Coast Guard cutter in the North Atlantic yesterday.

First Mate Walter L. Hall, 55, of the British ship Thistlethru was transferred to the cutter Mackinac 600 miles east of Newfoundland. He had a perforated ulcer and peritonitis.

Senior Asst. Surgeon William B. Swinton of the U.S. Public Health Service, attached to the Mackinac, operated while the cutter rocked in 15-foot waves.

The cutter radioed to its base here that Hall's condition was "satisfactory."

The Montreal-bound British vessel and the Mackinac were 200 miles apart when Hall was stricken. The two ships raced to each other Sunday night. The Mackinac was on weather control.

### AP Names 7 to Director Posts

NEW YORK (AP)—Members of The Associated Press re-elected four directors and elected three new directors yesterday at the annual meeting of the news cooperative.

The results of the balloting were announced early today.

Directors re-elected were: Mark Eldridge, Louisville, Ky.; Courier-Journal; Bernard H. Rider Jr., Duluth, Minn.; News-Tribune; Harold A. Fitzgerald, Pontiac, Mich.; Daily Press; and, for cities of less than 50,000 population, Delph Simons, Lawrence, Kan.; Journal-World.

The new directors were: W.D. Maxwell, Chicago Tribune; George W. Healy Jr., New Orleans Times-Picayune; and Times-Picayune-New Orleans States; and John W. Runyon, Dallas, Tex. Times Herald.

### Russ Deputy Woos Austria

VIENNA (AP)—Soviet Deputy Premier A.I. Mikoyan declared here Tuesday his country wants "friendly relations with independent and neutral Austria on the basis of mutual friendship for the welfare of our two peoples."

He made the statement upon arrival for a five-day visit and talks with Austrian officials. Mikoyan is expected to take up both political and commercial subjects with the Austrians, who are reported seeking a reduction in reparations this country still owes to the Soviet Union under terms of the Austrian independence agreement.

# Look For Big Savings In Every Department
