

Oregon Crimes Up in 1956 in All Categories

WASHINGTON (AP) — The number of crimes in Oregon increased in nearly all categories in 1956 as compared with 1955, the Federal Bureau of Investigation reported Thursday.

The bureau's annual report, based on figures given it by police departments in 34 Oregon cities, showed a total of 18,152 crimes in 1956 as compared with 14,450 the previous year.

By criminal category, the report showed more rapes, robberies, aggravated assaults, burglaries, larcenies and auto thefts.

Only the number of murders and non-negligent manslaughters — which fell from 21 in 1955 to 16 in 1956 — and negligent manslaughters, which stayed constant at 24 in each year, failed to show an increase in the state during the year.

The overall state figures (with 1955 total in parentheses) show: Rape 78 (56), robbery 306 (273), aggravated assault 262 (199), burglary 2,969 (2,758), larceny 13,118 (10,235) and auto theft 1,319 (884).

The bureau report also shows the following breakdown by crime types in cities of more than 25,000 population (with 1955 figures in parentheses):

Salem: Murder, non-negligent manslaughter, none (0); robbery, 14 (5); aggravated assault, 6 (6); burglary, 116 (133); larceny, 759 (543); auto theft, 44 (28).

Eugene: Murder, non-negligent manslaughter, none (2); robbery, 11 (8); aggravated assault, 13 (8);

Ike May Curb Import of Oil

WASHINGTON (AP) — President Eisenhower ruled Thursday there is "reason for the belief" that foreign crude oil is entering the country in such volume as to "threaten to impair the national security."

In Augusta, Ga., Eisenhower also announced he will launch an investigation to determine whether imports should be curbed by mandatory action—presumably a ceiling limitation on incoming supplies or a tariff boost.

Mobilization director Gordon Gray, whose recommendation prompted the presidential action, told reporters here that he will consult with oil importing companies to determine whether imports can be throttled down effectively by volunteer action.

The Office of Defense Mobilization has been trying by persuasion and warnings for about two years to obtain a voluntary reduction by the importing firms.

In March quarter last year Chrysler had earnings of 10,905,722, or \$1.25 a share, and sales of \$742,349,267.

Directors declared the usual dividend on the common stock of 75 cents, payable June 13 to holders of record May 13.

Arabs Fire on Driver

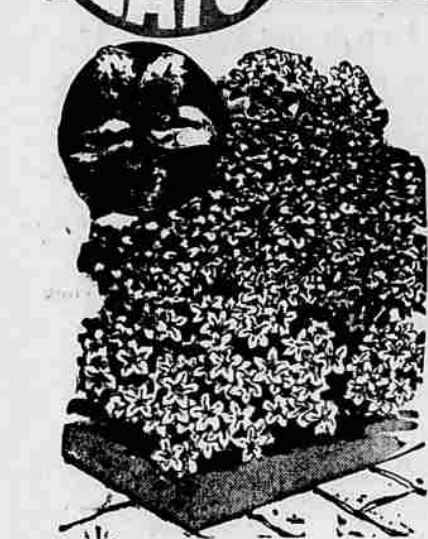

TEL AVIV (AP) — Israeli military headquarters claimed Friday that Arab marauders from the Gaza Strip fired on a tractor driver in Israeli territory at Kisuifim Wednesday midnight.

A spokesman said the driver was not hit. He said foot tracks of three persons led to the Gaza border.
