## Portland Man Burns to Death In Home Blaze

PORTLAND (UP)—Alvin E. Cozine, a 25-year-old Portland plumber, burned to death early today and his two children were injured in a fire which badly damaged their home.

Police credited the quick action of Special Patrolman George Sisson for saving the children. Sisson was cruising in the area when he smelled smoke which he traced to the Cozine home. He pounded on the door but got no response. He called firemen who broke in and rescued the children, Cheryl Ann, 5 months, and Deborah, 2-1/2 years. They were taken to Emanuel hospital. Officers said they had been overcome by smoke.

Firemen found Cozine's body in the kitchen where he had collapsed in an apparent attempt to fight his way out of the house.

Mrs. Cozine had left to take a baby sitter home and she didn't return until the children were being put in an ambulance.

Firemen attributed the blaze to smoker's carelessness.

## Storm Brings No Concern For Mayflower

LONDON (UP)—Gales swept the North Atlantic Saturday but there was no immediate concern here for the safety of Mayflower II, replica of the Pilgrim father's vessel.

The 180-ton wooden barque was sailing a southerly route to Plymouth, Mass., and believed to be well south of the storm area. Mayflower II last reported Friday morning to the only station in Britain strong enough to reach her. She was then about 200 miles west of the Spanish coast.

"But we have no cause to believe there is anything that will happen with Mayflower," the station said. "She is not on any reporting schedule and we may get a call from her later today."

Mayflower II expects to reach Plymouth, Mass., the first week in June.

Storms along the northern route the Mayflower originally planned to sail delayed the Empress of Scotland, 26,313-ton Canadian liner, on passage from Montreal to Liverpool.

Mayflower II radioed to England earlier this week that she was swinging into a more southerly course to avoid possible bad weather.

## Psychiatrist Hires Man To Kill Him, Changes Mind

"I was despondent when I arranged the plot," Garber quoted nothing to live for. I changed my mind. So I kept away from my office." He did not elaborate.
