

Solon, After Nasser Talk, Doubts Fight

CAIRO (AP) — Sen. Hubert Humphrey (D-Minn.) says he is "not pessimistic" about the danger of war breaking out in the troubled Middle East.

"The major powers don't want to engage in a suicidal war and there is not much chance of the smaller countries doing so," Humphrey told reporters last night after he talked almost three hours with President Nasser.

Humphrey, chairman of the Senate Foreign Relations subcommittee on the Near East, is making a fact-finding tour of the area. He arrived in Cairo Monday.

The senator said he and Ambassador Raymond Hare were received "hospitably and courteously" at the Egyptian President's family home on the outskirts of Cairo and that the talk ranged over everything from Egypt's domestic program and future plans to Soviet arms deliveries, the Suez Canal and Egyptian-Israeli relations.

"I did not detect any note of belligerency or arrogance about anything on the part of Nasser," Humphrey said. "I found a man willing to talk freely about all problems."

The senator said he told Nasser the United States "wants to see tranquility and peace in the Middle East . . . and that the American attitude always was and would continue to be in opposition to colonialism."

Humphrey said he also emphasized that the United States "didn't seek to dominate in the Middle East but to cooperate."

5 Nations OK A-Peace Unit

WASHINGTON (AP) — Russia and four other governments have completed legal action on President Eisenhower's projected atomic-for-peace organization which is due to be formally organized later this year, State Department officials said Thursday.

Ratification by the United States awaits Senate action.

The United States, the Soviet Union and 80 other countries agreed last fall on the treaty setting up the organization.

The pact will become effective when 18 nations, including three of the major atomic powers, have deposited instruments of ratification with the State Department here.

Guatemala was the first nation to deposit a ratification certificate on March 29. Switzerland followed April 5, Russia and Byelorussia April 8 and Romania April 12.

Pentagon Men Offer to Give Blood to 'Joe'

WASHINGTON (UP)—Ailing Sen. Joseph McCarthy has received a "wonderful thing"—an offer of blood from Defense Department employees.

McCarthy, who has taken on the Pentagon in some of his greatest fights, received the offer while battling a serious attack of acute hepatitis.

"It's a wonderful gesture," the senator's attractive wife Jean said. "It's one of the most wonderful things that ever happened to us."

Mrs. McCarthy told the United Press Tuesday night that the offer of blood came from a Defense Department office Tuesday. She said she did not know which office.

"But of course he doesn't need blood transfusions," she added. She said her husband was under an oxygen tent for a short period Monday. He was stricken Sunday and has been in the Bethesda, Md., Naval Hospital since then.

A hospital spokesman reported last night that his condition remained serious. But Mrs. McCarthy said that her husband "has improved quite a bit."

What to Do About A Snake in Attic?

NASHVILLE, Tenn. (AP)—Mrs. Robert E. Zink was sure she heard something like a snake crawling around in her attic, so she moved in with relatives.

A neighbor declined to look into her attic for her. Said he was scared, too.

Firemen put on hip boots and spent several hours watching for the snake Monday night. Nothing showed up.

Yesterday they returned. One of the men wore an asbestos suit. Sure enough it was a snake, and a rattler at that. But it slithered down into a wall.

They brought back a skin the snake had shed to prove it. Mrs. Zink and the firemen are wondering what to do next.

Ex-King Unchanged

ISTANBUL (AP)—Informal sources say the condition of King Hussein's father, confined to an Istanbul clinic with a mental ailment, is stationary. Ex-King Talal, now 46, abdicated the Jordan throne in 1952 shortly after he became king.

Nepal Signs U. S. Aid

KATMANDU, Nepal (AP)—The United States and Nepal signed an agreement Thursday for \$4,000,000 of American development aid to the Himalayan kingdom between India and Communist-dominated Tibet.
