

Junta Pushes Big Shakeup In Colombia

Province Governors Replaced; Bank of Bogota Is Reopened

By RICHARD G. MASSOCK
BOGOTA, Colombia (AP)—Colombia's new military government today pressed a sweeping shake-up as the country returned to normal after the overthrow of President Gustavo Rojas Pinilla. Moving swiftly over the weekend, the five-man junta replaced the governors of Call, Medellin and other provinces.

Newspapers predicted the junta also would abolish the hand-picked Constituent Assembly which touched off last week's bloody riots when it tried to "re-elect" Rojas for another four years.

The junta suspended the assembly after it took over Friday, but the press has urged that it stop the salaries of the 90 members who are still on the government payroll.

Leaders of the passive resistance movement which engineered the overthrow of Rojas officially disbanded their forces. But they warned they would be ready to act again if the junta fails in its promise to restore constitutional government and hold presidential elections in 1958.

The junta also reopened the Bank of Bogota. Rojas had seized it last week in a vain attempt to break a strike by bankers who—along with Catholic Church leaders, political parties and business groups—forced him out of office.

The ousted dictator, meanwhile, arrived in Madrid by plane from Bermuda to take up a life of exile in Spain. His wife and other members of his family accompanied him.

3 Jets Zipping From London To Jamestown

LONDON (AP)—Three U. S. Air Force jet fighters zipped out of London Airport today on a non-stop flight to Jamestown, Va., to help commemorate the first permanent English settlement in the New World 350 years ago.

The Super Sabre F100s bore names of Susan Constant, Godspeed and Discovery—the names of the three little sailing ships which landed the 105 English settlers in Virginia May 13, 1607.

The three jets were christened yesterday at London Airport by Lady Churchill, wife of Sir Winston; Mrs. John Hay Whitney, wife of the American ambassador to Britain; and Mrs. W. D. Morrison, wife of the speaker of the House of Commons.

They were to be refueled twice over the Atlantic by aerial tankers during the 4,500-mile trip. The pilots hoped to reach Langley Field, Va., 7½ hours after the takeoff.

The three sailing ships which carried the original settlers took almost five months to make the transatlantic crossing.

Premier Sees 2 Perish in Copter Crash

ST. JOHNS, Nfld. (AP)—Eastern Provincial Airways flew a new four-seater helicopter to Newfoundland Premier J. B. Smallwood's RussWood Ranch yesterday for a demonstration.

The Premier, for whom helicopter hopping is no novelty, decided not to take the ride. Instead his son Ramsay, 30, Ramsay's 27-year-old wife Florence and her sister Mrs. Richard Morrow climbed aboard with veteran pilot Gilbert Wass, 43.

The copter's tail hook and high-tension wire as it took off and the machine crashed in flames as the Premier and Mrs. Smallwood, their son's mother-in-law Mrs. Phineas Boone and two other men watched horrified.

The three men rushed to the blazing wreckage and dragged Ramsay Smallwood and Mrs. Morrow to safety. Florence Smallwood and the pilot died in the flames.

The Premier's son suffered first-degree burns. Mrs. Morrow received fractured ribs and other injuries.

Five-Year-Old Held as Felon

CHICAGO (AP)—Police seized a 5-year-old boy yesterday after, they said, they caught him rifling an auto glove compartment and earlier had watched him attempt to enter half a dozen parked cars.

When two policemen attempted to take the youngster into custody he rolled up the car windows and locked the doors. However, they coaxed him into unlocking the doors when they warned him he might have trouble breathing with the windows closed.

Asked what he was doing in the car, the boy replied, "Looking for money."

"He's the youngest prisoner I've ever seen held for a felony in 54 years on the job," said Police Lt. James E. Gorman, who identified the boy as Michael Fineran.

Oregon Products Cross the Nation with SAFEWAY...

OREGON'S LARGEST AGRICULTURE CUSTOMER

As a food retailer doing business in 24 states, the District of Columbia and 5 Canadian Provinces, Safeway has played a dominant role in spreading the fame of Oregon products from coast to coast. And through this wide-spread distribution, we contribute upwards of \$100 million each year towards Oregon's economy as a "return" to Oregonians from direct purchases of their products and services.

Take potatoes, for example. In 1956, we purchased 1,286 freight cars of Oregon potatoes... over 15% of the total Oregon commercial crop. We shipped Oregon potatoes to such far away markets as Newark, New Jersey; Winnipeg, Canada; Dallas, Texas; Little Rock, Arkansas, and Kansas City, Kansas. We also shipped thousands of cases of Blue Lake Variety green beans, Oregon Peas, corn, peaches, and pears to our distribution centers scattered throughout the nation.
