FOR THE ANGLER

The latest report from the Tribal Natural Resource Department shows that June is the month for fishing, especially since the snow has melted from the high lakes area.

Fishing at Trout Lake, Dark Lake, and Boulder Lake is excellent. The fish are Brook Trout and are fairly small but good

eating.

On the Deschutes River fishing is fair. At Lake Simtustus fishing is from fair to good, on Lake Billy Chinook - Metolius Arm - Kokanee fishing is good, but the Warm Springs River fishing is poor. These are areas open to the public with a reservation permit.
