

New power poles, lines installed

Installation of 50 new utility poles is complete and work has begun stringing wire to carry electricity generated at the Pelton Reregulating dam in Warm Springs when the dam is completed later this year.

A Pacific Power & Light Company construction crew finished setting the poles last week and are now threading heavy aluminum wire through large reels before permanent attachment to three-foot-long strings of insulators.

At the same time, a second PP&L crew continues readying the Warm Springs substation to accommodate the increase lead. To maintain electric service to the reservation, the substation must remain energized during the construction.

When the lines are in place, expected in mid-March, PP&L will reseed the area under the power lines to restore it to its original state.

In a contract with the Confederated Tribes, PP&L agreed to buy electricity produced at the dam and to

build for the Tribes a three-mile 69,000-volt line to an existing PP&L substation. Electricity consumed on the reservation, already served by Pacific Power, and electricity generated at the dam will be recorded separately. The output from the Pelton Reregulating dam will be purchased by PP&L at a price

that reflects the higher cost of developing new generation sources.

Pole-setting was completed on schedule despite difficulties presented by the terrain and heavier than normal precipitation this winter. Steep canyon walls, one with a 44% grade, made setting the towering poles hazardous.

New employee orientation

An orientation will be conducted on Tuesday, March 16, 1982, from 10:00 a.m. to noon at the Community Center's conference room.

The purpose of this meeting will be to acquaint new employees with the Tribal organization and benefits the Tribes offer. It is also a good

time to reacquaint old employees with new benefits, new and changed policies, and any other information they may have forgotten.

All newly hired employees are requested to attend. Also invited are supervisors and any other interested persons.

Crossing has new hours

Deschutes Crossing has announced new hours for the spring and summer months.

Starting on March 19, the restaurant will be open from 8

a.m. to 10 p.m. Monday through Friday. Weekend hours will be 7 a.m. to 10 p.m., according to Richard Macy, owner of the restaurant.

Bottle drive scheduled for March 13

Simnasho school 4-H "Discovery Club" students will be coming to your door the morning of March 13 asking for your bottles. They will be there between 9 a.m. and 1 p.m.

The 4-H youth are still trying

to earn enough money to go to Hawaii on a cultural exchange trip during Spring vacation. They have worked hard and have not yet reached their goal.

With only two weeks left before they are scheduled to

leave, the students are making a last effort to collect the funds they need. Saturday's bottle drive will give the community members the opportunity to contribute to their efforts.

Geo-Quiz

Again no one was able to identify the location of the last geo-quiz. It was located on the highway going down to the fish hatchery on the left hand side of the road. This geo-quiz is found on a very heavily traveled highway. Correctly identify it and win a year's subscription. Splyay Tymoo photo by Leno

Dorothy Yahtin runs for Miss Celilo

Dorothy Yahtin

Dorothy Yahtin, age 15, daughter of Chesley and Amelia Yahtin, is a candidate for Miss Celilo 1982. The title will be given to one of the princesses at the Celilo-Wyam Powwow and Salmon Feast held April 9, 10 and 11, 1982.

Dorothy lives in Simnasho with her parents. She is the granddaughter of Hazel and Tewee of Simnasho and Wilford Yallup of Toppenish, Washington.

She lists as her special interest attending powwows, drawing, and Indian dancing (both fancy and traditional). She is a freshman at Madras High School where she is a member of the school's Indian Club.

The girl selling the most tickets for a raffle to be held at the powwow will be selected as Miss Celilo. Dorothy will be at Macy's Store during the week after school selling tickets for the raffle.

Tribal members eligible for smelt

Pursuant to ORS 508.106 the Confederated Tribes of the Umatilla Reservation, the Confederated Tribes of the Warm Springs Reservation of Oregon, Confederated Tribes and Bands of the Yakima Indian Nation and the Nez Perce Tribes are authorized to take smelt (*Thalichthys pacificus*) for subsistence use from the Sandy River, during the calendar year 1982 subject to the following conditions:

1. The tribe shall issue an Individual Subsistence Smelt Permit to each individual who will be fishing, listing the person's name, tribal number, fishing date(s), date issued and

signed by the Tribal authority issuing the permit.

2. Tribal members engaged in taking smelt from the Sandy River under this agreement must have an Individual Indian Subsistence Smelt Permit in possession when taking smelt in excess of the 25 pound daily personal use limit (OAR 535.39.020).

3. Smelt taken under permit may not be used for commercial purposes.

4. Smelt may be taken only by dip net.

5. Each tribe shall keep a record of the pounds of fish taken by tribal members and send a summary report to the Oregon Department of Fish

and Wildlife after the end of the smelt run.

6. The tribe will notify the Regional Supervisor, Columbia Regional Office, Oregon Department of Fish and Wildlife, 17330 S.E. Evelyn Street, Clackamas, Oregon 97015, telephone 657-2031, by letter or telephone at least one day prior to fishing.

A permit can be picked up in the Tribal Council Office from the Fish and Wildlife Committee Secretary, Beulah, N. George, anytime between 8 a.m. and 5 p.m. This permit or the conditions of this permit may be changed or revoked at any time upon written notice from the Oregon Department of Fish and Wildlife.
