5-2 victory for Warm Springs women's team

A hot humid day on the Warm Springs ball field was the setting for a league game between The Dalles Martin Marietta and the Bravettes softball teams.

Despite the hot weather the Warm Springs girls kept their cool and went on to pin a 5-2 loss on their opponents.

The pitching, was one of the stronger points the Bravettes displayed by striking out ten of the opponents batters.

Other than good pitching, a complete team effort is what really made the difference, everyone working together, putting a strong defense along with a lot of hustle and a desire to win proved valuable for the

Bravettes. At times there were some slump periods but the team managed to hold together to keep up the momentum to go on to beat the determined Martin Marietta team of The Dalles.

The Bravettes are playing in the Dalles league belonging to the A.S.A. (American Softball Association), in the Class "B" category. Their games are scheduled for Wednesday evenings and on Saturday's.

Here, recently in practice sessions, the Bravettes have been working on their weaknesses especially on defense where the opponents were able to score on them repeatedly. With the defense

stiffening up the Bravettes still need some work on their batting practices. What is lacking is some good hard pitching for practice similar to game situations. One other weak point for the Bravettes is during travel their bench is very weak, many regulars are unable to travel which makes the weakness for the team. Otherwise the team is coming along at a good rate.

The schedule for the team is during the league are on Wednesday nights and Saturday afternoons. The Saturday games are usually their home games, and all home games are played behind the Community Center.

Bravettes Jr.'s league leaders

The girls 9-12 year old softball team the Bravettes Jr.'s are leading the league with a record of 6 wins and 1 loss to date with two more league games on tap.

There are four teams in the league which gives them a two

game round robin affair. The only team to beat the Warm Springs girls to date is the Madras II team, in the season opener. The Bravette Jr.'s have since beaten that team in a return game.

White Swan rodeo celebrates silver anniversary in June

For 25 years Indian cowboys have been traveling to White Swan, Washington, to enter the All-Indian Rodeo. For years it was known as the White Swan All-Indian Rodeo, but here recently the rodeos have been sanctioned by the Western States All Indian Rodeo Association.

Like any other rodeo during the past, the Rodeo Association in White Swan has worked hard to produce a good show. This year was no different from any other as far as a good rodeo is concerned, the only difference was this year's rodeo marked the "Silver Anniversary" of Indian rodeos at White Swan.

The three performances of Friday night, Saturday and Sunday afternoons drew a total of 319 contestants from all

parts of the country and each contestant wanting a part of the prize money.

This year special awards were given out and everyone went home with something to remember this year's rodeo. The winner in each of the major events received a saddle while the top two winners in each event received a Coor's Jacket except for the bull riding. Randy Rogers of Reno, Nevada was named the All-Around champion for this

year's rodeo receiving a saddle and other prizes.

This was one fo the best turn-outs for entries as there were 28 in the bareback, 38 in the saddle bronc, 38 in the bullriding, 43 calf ropers. In the team roping there were a total of 111 entries, or a total of 222 contestants. The barrel race had 43, steer wrestling had 48 and 75 entries in the cow milking.

There were western dances on Friday and Saturday nights and on Sunday there was a group from Hawaii who performed Hawaiian dances.
