WAITING THEIR TURN—Four young cowboys watch other contestants during St. Pat's Cowdeo. The Cowdeo lets youngsters get the feel of an authentic rodeo in little people's style. Spilyay Tymoo photo by Miller

### St Pat's Cowdeo—

## Little cowboys show their spunk

St. Pat's cowdeo gives upcoming young cowboys and cowgirls a chance to show what they're made of. It takes a lot of gumption for a six year old to get on a sheep and ride it across the arena. Simply being in front of all those spectators including parents, relatives and friends demands a certain amount of courage.

The two day's or rodeo events for children sponsored by St. Patrick's Catholic Church in Madras added a new attraction of sheep riding for kids 5 to 6 years old, along with the regular events of calf riding, barrel racing, horseless roping, breakaway roping, ribbon roping and the key hole race. Warm Springs youth participated in most of the events on both days.

The children enjoyed trying their hand at rodeo events. Many, up until the cowdeo, had never been near a calf or other rodeo stock. A few children got the opportunity to actually get the feel of rodeoing by getting stepped on and rolled on by animals they were supposed to be riding. But that's all in the game.

Spectators were thoroughly entertained seeing little folks out in the arena as stars of the show. Seeing a six-year-old control what seems to be a gigantic horse taught spectators that little people

have both spunk and courage. Everyone in the grandstand was cheering each contestant on.

Shana Johnson of Warm Springs was presented the all-around championship buckle with 76 total points. Tanya Siler came in second with 64½ points.

### National Rodeo Finals—

## Championship at stake

Yep! Once again its rodeo time—Indian style. Indian cowboys from throughout the U.S. and Canada who have earned the right, will be competing for world championship titles and the biggest purse in Indian rodeo. The National Finals in Albuquerque, New Mexico, November 18-21, 1982.

Most rodeo lovers and spectators across the country see only the confetti, thrills and one helluva good time. It gives people a chance to mingle with friends during the time of fun and frolic, a chance to dude up in western wear and a chance for towns people to let their hair down.

To the serious minded rodeo cowboy its a job, a tough job. No one really sees whats behind the scene. Few realize all the bumps and bruises a cowboy takes or all the rolls of tape, bandages, liniment and other aids used—sometimes an occasional cast on the wrist or leg.

Competition is tough, a cowboy has to keep himself in top physical condition at all times to compete. Compete with other determined cowboys weekends after weekend all season long. Each cowboy is out to win as many rodeos as he can to build up points toward the year end championship. It's those cowboys who are setting in first or second place at the

end of the year in their respective regions, have earned the right to compete for the worlds championship.

Well, at this point its where the men are separated from the boys so to speak, where the cream of the crop of cowboys from each region gather to match wits and skills to see who can out do the other. These are the top two highest point holders from each region in each of the six major rodeo events and the barrel racing.

This years rodeo will be no different from another one at the seventh annual Indian National Finals rodeo. The world titles will be at stake in all rodeo events in Tingley Coliseum, New Mexico State Fairgrounds, in Albuquerque, New Mexico. There is over \$75,000 in prize money and other special awards awaiting the winners of each event.

There will be six performances of top Indian cowboys in the competition in every performance. Rodeo performances nightly 7:30 p.m. Thursday, Friday and Saturday. Matinees 1:00 p.m. on Friday, Saturday and Sunday, four days of top competition.

In addition there will be a powwow, a trade show along with the Miss Indian Rodeo pageant and scores of interesting events at the National Finals.

## Boxing club meets first test

The Warm Springs boxing club is in its second week of training now and they will meet their first test on Saturday, October 23-24, at Hood River, in a novice and sub-novice boxing tournament.

This being an Oregon Association novice boxing tournament and sanctioned by USA/ABF (United States of America/ Amateur Boxing Federation), will be held in the Hood River Jr. High, on 17th and May Street.

The weigh-ins start at 8 a.m. to 10 a.m. on Saturday morning, physicals are from 9 a.m. to 11 a.m. The match up drawing will start at 11:15 with the elimination bouts to start at 1:00 p.m. The semi final bouts will begin at 7 p.m. Saturday night. The finals will start a 1 p.m. on Sunday.

All contestants must show his USA/ABF card, proof of age with a birth certificate or a certified copy or a immigration form. Failure to do so will eliminate the contestant from competition. Also the boxer must have his parent or legal guardian's consent to participate.

All official USA/ABF junior Olympic Boxing rules will apply to all Oregon Association Junior Boxing competition and tournaments. This being the club's first outing will be a test for the young boxers.

The next boxing tournament the boys will participate in the Emerald Empire Senior tournament which will be held in Eugene, on November 6-7. Then on November 13, the Warm Springs boxing club will be hosting a tournament here at Warm Springs in the Community Center. Teams from throughout the northwest are expected to be here for the one day affair.

The boys have been working hard to this point in preparation for the coming season. There are several tournaments scheduled which will be up-dated in each edition of the Spilyay Tymoo.

The Warm Springs Boxing Club is missing some very important equipment. A boxing head protector. A pair of 16 oz. boxing gloves for sparring.

There will be no questions asked upon their return. The coaches would really appreciate it.
