

Halloween brings out the best

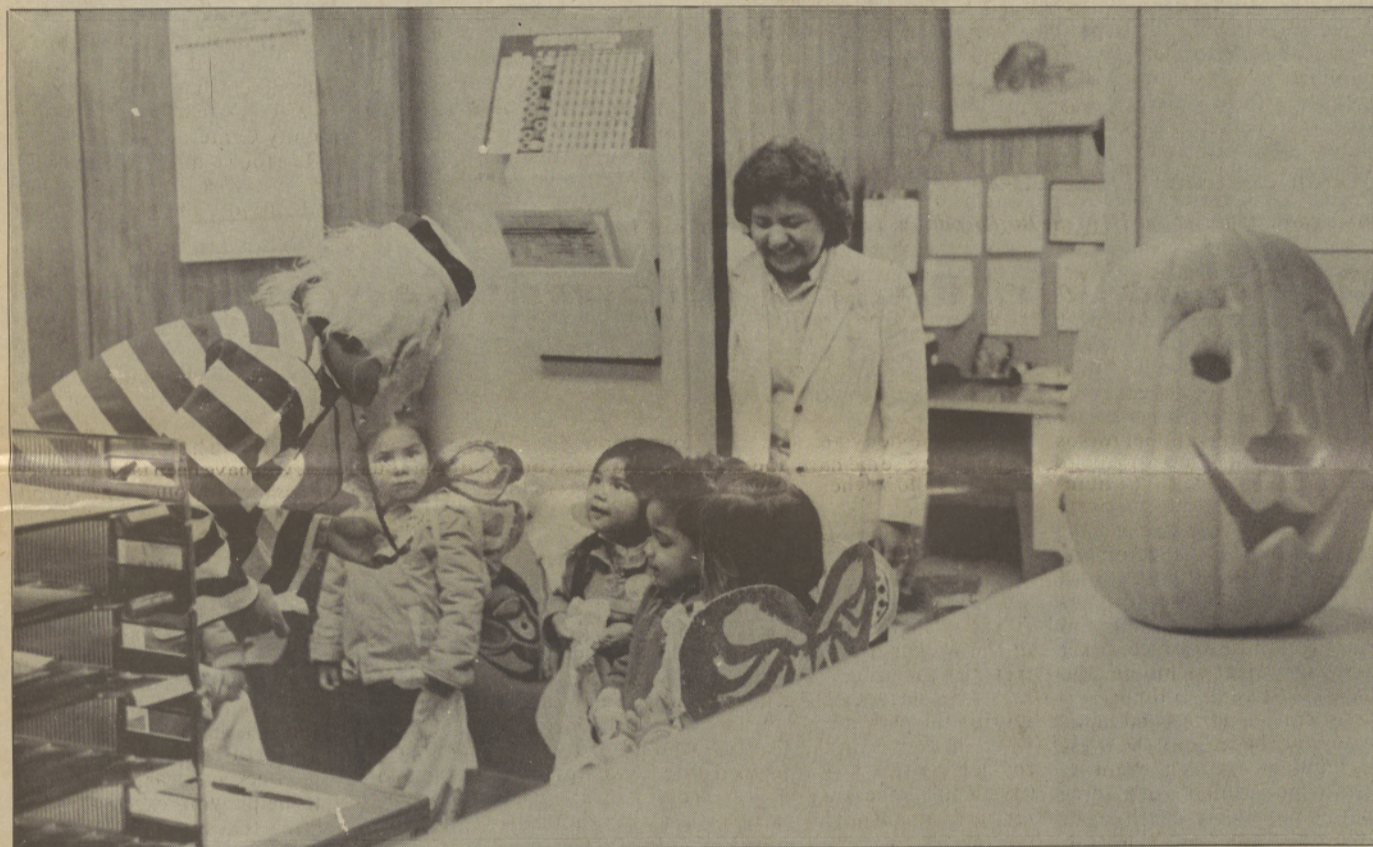

Spilyay Tymoo photo by Shewczyk

Halloween trio—Hillbilly musicians (left to right) Allegra Tufti, Adeline Miller and Ada Sooksoit entertained tribal employees October 31 with some well-known tunes.

What do you say?—Court clerk George Johnson chose to dress as an inmate for Halloween this year. Day Care children were sometimes hesitant to receive treats from him.

Warm Springs Elementary news

Warm Springs Parent/Community Advisory

Our next meeting is November 12th, following the 7:00 p.m. Title IV Part A Committee meeting at the Warm Springs Elementary Library. Caroline Cruz and Dawn Smith will present the content and materials included in our approach to preventing sexual abuse of children through education.

One Mile Fun Run

Our second "Fun Run" for this school year was held on Friday, October 25th. A big thank you goes out to the parents and Warm Springs police department officers who assisted us with this run.

Once again the children pushed themselves joyfully towards the finish line. We are so proud of their efforts!

Attendance Awards Presented

We were extremely excited to be able to have Dave Harding and Nancy Cochran recognize students at the October 30th Awards Assembly for regular attendance. You will be impressed to know that 204 students received awards for regular attendance. This means that 204 children were absent three (3) or less days for legitimate reasons. (Note: an excused tardy was counted as 1/2 day absence in these calculations.)

Our appreciation and thanks goes to the parents who supported the following students in their efforts to maintain regular attendance at school.

Students of the month
Kindergarten—Fred Sanders, Charlie Hellon, Jonathan Court-

ney, Chanku Smith; First grade—Rose Brown, Scott Riddle, Jolene Simtustus; Second—Mavis Kirk, Ava Smith, Tiffiny Andrews; Third—Harry Histake, Yvonne Earl, Kelli Palmer; Fourth—Clinton Tom, Danielle Sahme; Fifth—Jason Williams, Alvita Arthur, Ina Jim; ERC—Albert Stahi; Chapter I—George Picard III, James Katchia, Chris Winsor and Allen Charley.

Class of the Month

Congratulations to Ms. Moore's fourth grade class for receiving the honor of being the "October Class of the Month." This class has not only demonstrated exceptional behavior in and out of the classroom, but has demonstrated an impressive ability to critically discuss a wide variety of educational issues.

Floating Eaglefeather

A local community organization, Sapsikwit Tichamki (Teachings Of The Earth) and Artistas Indigenas (a Native American and Chicano Women's Art Organization) generously arranged for Warm Springs students to listen to a wonderful Mayan Indian storyteller, Floating Eaglefeather.

The children thoroughly enjoyed listening to and participating in this very interesting presentation.

We are very grateful to Nancy Pitt for arranging this opportunity for the students.

Warm Springs Self-Managers

Seventy-five students have already earned their self-manager badge.

Earning a badge means that the student has demonstrated

responsible behavior and can work without the need for constant supervision from the teacher. We are extremely proud of these children's accomplishments as self-managers.

Self-Managers who are wearing their badges are also eligible for participation in some special activities. These activities are planned to enrich the regular curriculum, but also require that the kids who participate be able to behave responsibly.

Upcoming activities for student managers include a 1/2 to two mile run at Madras Elementary (November 7) and periodic nature walks with Mr. Phillips. When Mr. Phillips takes the self-managers on these walks the students will sign out at the office before they leave.

Class News

Donna Rodger's first grade class is working hard on math combinations from zero to six.

Dawn Smith's first grade class' weather forecasting is going great. They were three for four this week in their predictions. They are using weather maps from the Oregonian to make their predictions. They also learned the work invisible when they read it in a poem. They wrote about an invisible boy and made pictures about what they wrote. They are learning a new poem every day.

Mr. Phillips' fifth grade viewed Cory Thomas' tooth under the microscope. They finished their units on birds of prey. The students created their own maps with keys and wrote five questions which could be answered

by looking at their maps. They wrote cinquaines about fall leaves. Science class found them working with chemical changes and indicators of chemical change. They made oxygen and carbon dioxide gasses in science, then tested with BTB and a flame. Also students observed a weight demonstration and burning steel wool. In math, they used FLU boards, flats, longs, and units for basic concepts in subtraction. Students worked with recursion in LOGO computer. They looked at a moth and a yellow jacket under the microscope. Standards were set for self-managers at the class meeting.

Ms. Anderson's fifth grade class had a mysterious visitor on October 28th that tipped over wastebaskets, walked on desks and walls, left orange foot prints, and ate Miss Anderson's apple. They wrote stories and drew pictures of this strange creature.

Mrs. Henry's kindergarten class has learned these sounds: a, r, s, e, m. The week of October 25th was 'r' week. The students brought objects beginning with the 'r' sound from home.

Mr. Henry's third grade class is presently involved in a scientific experiment to discover how leaves breathe.

Miss Soliz's second grade class is working through a doodle book which helps them to learn about creative writing. In health, they are learning about how they grow, how they are different and alike, and how they are all special, just being themselves.

Improve farm management skills in workshop

Livestock and Crop producers of Warm Springs will have the opportunity to improve their financial analysis skills through a Farm Management Workshop this month.

"Producers need access to current and accurate financial statements to take advantage of reduced opportunity in agriculture" stressed Mark Stillwell, OSU Jefferson County Extension Agent. "The coordinated financial statement—balance sheet, income statement, and cash flow budget—is one tool producers can use to assess their financial position."

The program includes:
December 4—Planning by Objective and Introduction to the Coordinated Financial State-

ment.
December 6—The Balance Sheet.

December 18—The Income Statement.

December 20—The Cash Flow Budget.

All meetings will be from 7:00 to 10:00 p.m. at the Office of Training Services Conference Room (EDD Room) in the Old Boys Dorm, Warm Springs. Registration is \$10 per family, both husband and wife are encouraged to attend. For more information contact Clay Penhollow or Mark Stillwell, OSU Jefferson County Extension Agent for the Warm Springs (553-1161, ext. 238 or 239) and Madras (475-3808) offices.

Warm Springs elementary menu includes: November 12—Macaroni and cheese, mixed vegetables, wheat rolls-butter, apple crisp, milk;

November 13—Weiner Wraps, oven fries, creamy cole slaw, cheese stix, fruit, milk.

November 14—Oven fried chicken, macaroni salad, baked beans, french bread, banana 1/2, milk.

November 15—Potato Soup, tossed green salad, submarine sandwich-salami, bologne, cheese, lettuce, and mayonnaise, orange slices, chocolate milk.

November 18—Weiner Wraps, hash browns, seasoned corn, apple wedges, milk.

November 19—Italian Spaghetti, Tossed salad, french bread

with, garlic butter, jello-w-topping, milk.

November 20—Creamed turkey over whipped potatoes, green beans, wheat rolls-butter, pumpkin custard with topping, milk;

November 21—Macaroni and cheese, casserole, peas and carrots, biscuits and butter, peanut butter bars, milk;

November 22—Hamburgers, oven fries, tossed salad, fruit, milk;

November 25—Tacos, lettuce and tomatoe, herb rice, fruit salad, milk;

November 26—Beef cheese pizza, green salad, apple crisp, milk;

November 27—Corn dogs, hash browns, green beans, peanut butter bars, milk;
