

Self-managers learn through mini-courses

by Ed (DUSO) Roley

I'm writing to thank those community members who have contributed their time to the students at Warm Springs Elementary School through their teaching the mini-courses offered to our Self Managers.

The Self Managers Program is directed at improving student behavior. It rewards those students who demonstrate responsible or self managing behavior. When a student receives a self managers patch after completing the application form, wearing the patch indicates that the wearer is a person who is able to take care of themselves. They don't need an adult to be constantly

supervising them.

As an incentive designed to motivate students to earn their patch, we have developed, along with a great deal of help from Mrs. Nina Rowe, mini-courses which only self managers may attend. Many of these courses are taught by community members who have expertise in a specific area.

We at the school are very appreciative of the efforts of the following people for the direct effect their contribution of time and expertise has had on school discipline through their teaching a mini-course. Carolyn Tohet, Jacob Frank, Jr., Linda Allen, Lucy Scott, Mercedes Suppah, J.R. Smith, Trudie Clements, Police

Department for arranging tours of the new jail, KWSI radio station for conducting tours of their facilities. Special thanks to Mrs. Nina Rowe who has encouraged us in moving ahead with this program. She has contributed much of the program. Without her efforts in arranging for teachers many of the classes would not have been presented.

Many of the teachers at Warm Springs Elementary School have offered their time and expertise to this project. I would like to express my thanks to them and also to Mrs. Westergaard-Nimocks who originally presented this program to the school.

Party planned for seniors

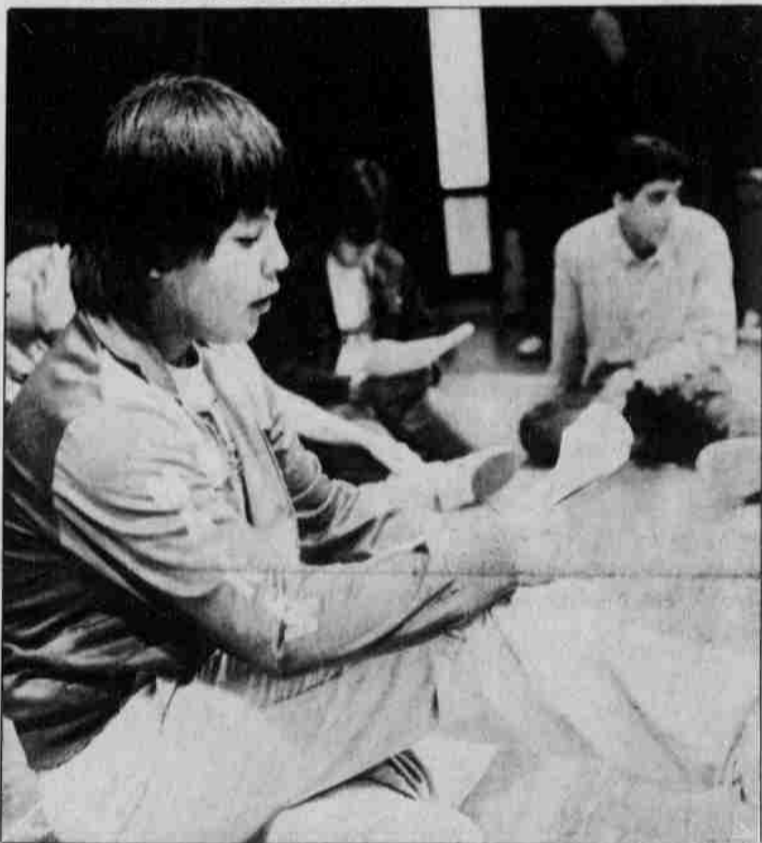

An Alcohol-free, drug-free party is scheduled May 31 for all Madras High School graduating seniors. The party will be held at the Griffith Park Athletic Club in Beaverton. Buses will leave Madras High School between 6 and 6:30 p.m. following graduation and arrive at the club between 9:30 and 10 p.m.

Many activities are planned, including swimming, racquetball and a casino and all kinds of prizes will be given away. Some of the prizes collected so far include fitness center sessions, tanning visits, gift certificates, a car, dual cassette players, T-shirt and caps. Money has been

donated by various businesses and individuals throughout the community and will be used to purchase more prizes.

Cost for the trip is \$15 per student and includes the use of all facilities at the club, activities and food. The \$15 fee helps defray the cost of the club rental and the buses. If a student cannot afford the fee, the parent's committee will make sure the students' way is paid for.

Guidelines presented for preschool placement

Program registration—To be eligible for preschool a child must turn three-years-old on or before September 1st—there will be no exceptions. A child must turn five-years old by the same date for kindergarten. Income eligibility will determine a child's preschool placement. Children with special needs will be placed in the most appropriate setting based on identified needs and availability of services. Placement in preschool this year does not guarantee placement next fall. Pre-registration is on a first come, first-serve basis beginning at the first scheduled physical/immunization date. Slots are confirmed when physicals, immunizations and all registration forms are complete.

Income guidelines—The Administration for Children, Youth, and Families determines the 1986 Income guidelines. The guidelines are periodically revised according to the percentage change in the Consumer Price Index. Any family whose income falls within these guidelines, and lives in the Warm Springs Community, is eligible for Head Start. A tribal member family over the income guidelines is eligible for tribal preschool. The Head Start full-day program is full to capacity and maintains a lengthy waiting list. Income is verified by families submitting at the time of registration either, a W-2 form, tax form 1040/ 1040A, Social Security Statement, Unemployment Compensation, Pay Stub (not a draw stub), Employer verifies in writing, or a Public

Assistance statement. Per capita is not considered or counted as income. In addition to an income statement, Social Security numbers of all adults in the household is required. See the following income guideline table for more information. (See table attached).

Physical and Immunizations—Three-year-olds transferring to the Head Start/Day Care program and five-year-olds transferring to the Day Care or going to Kindergarten next fall are required to have a physical and immunization. Children who had a physical examination last year are not required to have another. A cooperative effort between Head

Start and IHS has resulted in scheduling two days to complete these requirements, while reducing the rush to the clinic and time spent for both the clinic staff and parents. Blood and urine samples (lab work) will be taken by the IHS lab technician and nurse on Wednesday, May 28th, while your child is at school. This includes pre-kindergarten children at the Tribal Preschool, Head Start (part day) and Head Start/Day Care. Parents need not be present for lab work. Parent must be present at the actual physical on Tuesday, June 3rd, at the Community Center, from 8:30 to 5:00 p.m., as a doctor will be present. Children will be taken on a first-

come, first-serve basis. On June 19th, from 8:30 to noon, three-year-olds, (on or before September 1), will have their chance to get a physical and a shot. Lab work for this group is scheduled for Wednesday, 28th, from 1 p.m. to 2 p.m. at the Community Center. Any labwork not completed on this day, becomes the responsibility of the parent. All registration and physical/immunization forms will be available on the above scheduled dates. Please attempt to have everything complete as appointments are required at the clinic and children with all required forms submitted, will be placed first.
