

## Early Childhood relates department activities

The parent Club of the Early Childhood Programs are now selling t-shirts for the Headstart, Head start/day care, tribal preschool, and child development programs. They are white with turquoise lettering and come in the following sizes: youths-extra small, small, medium and large. Adult sizes run from small to extra large, and there is a limited number of shirts for the adults. Youth t-shirts sell for \$6.00 and adults sell for \$7.00. You may purchase these t-shirts at the Child Development Center Day Care office, or at the Head Start office.

Parents/guardians, you may come to the Headstart office to register your child for our Head start and/or tribal preschool programs for the 1987-88 school year. If your child turns 3 or 4 four years old on or before September 1, 1987, then you may register your child for our program. If this will be his/her first time in our programs, you will also be required to get a physical examination and immunization, and your registration packet for either program which can be picked up at the Head Start Office. We encourage

you to enroll your child as soon as possible because space is limited and we will serve on a "first come, first serve basis." If there are any questions/concerns, please contact Nancy Seyler, Parent/Health coordinator of Early Childhood Education at 553-1161, ext. 241 or 242. Or come to the Headstart office between 8:00 a.m. and 5:00 p.m., Monday through Friday.

The Early Childhood Education program also has cookbooks for sale for \$8.00 each. These cookbooks were put together by staff and parents within the program with real good and fun recipes. These cookbooks are excellent for gifts, and for those who enjoy reading cookbooks and collecting them. Just call the Head Start office and we will be glad to help you.

The Head Start office has a lot of books to give to any one who is interested in old books to read or collect. The books are yours free! Stop by and browse, then take home the books you want.

If you have had your child's name on our waiting Child Development waiting list, and have not

called within the last month, you will need to contact us again. This is so we can renew your information and interest. The Child Development program is licensed for children 6 weeks old to two years of age, and five years to 12 years of age. The monthly rate is \$171.00. The Child Development Center is now taking applications for your child(ren) to enroll in their program. To pick up your application, drop by the office and see Charlene White or Pauline Allen, or give them a call at 553-1161 ext. 240 or 241.

The Early Childhood Education department would like to welcome Julie back home. She has been in Washington, D.C. finishing up her Masters program, and we would very much like to congratulate Julie on completing her second Master's degree from The Bank Street College of Education in New York City. ## Finance changes accounts payable policies, procedures

**Accounts Payable—Procedures for Travel Advance:** There is now available for all departments a combined Travel Authorization/Check Request. These forms can be requested from the Printing department. Everything is all on one

form. Even the reimbursement for any expenses over the Travel Advance. It is on the back of the same Travel Authorization. If you go over the amount advanced to you for travel you can turn in your receipts along with the back of the goldenrod copy of the travel author-

ization which was previously approved for reimbursement. You do not have to get it approved again.

It is important to save all your receipts, to verify that you went over the advanced amount. When you are ready to go on a trip for a conference or for training, you must submit the combined form along with a copy of the agenda or brochure as a back-up. Be sure and get your back-up in with your request to prevent any delays in processing your checks. If there is no agenda or brochures available and arrangements were made by phone, this has to be verified by your supervisor in writing.

As for the Per Diem rate, I will be sending to the Branch heads the latest copy of the High Rate Per Diem. If you do not get one within a weeks time, call the Accounting department and we will see that you get a copy. If a city where you are going is not listed on the high rate area, then the Per Diem is \$44.00. If you know that the hotel rate is going to be higher than the allowed Per Diem, then there is the option to check out a VISA Credit

Card. When you check out the VISA credit card, you go through the same procedure and you will not be allowed any Per Diem. You will be allowed the regular Travel Costs. (Mileage or plane fare.) You cannot charge Plane Fare to the VISA card.

But, always, keep all your receipts. Just in case you do go over the advanced amount. You will not be reimbursed unless you produce all the receipts and it shows that there is an excess amount over the Per Diem allowed.

Lately, there has been questions with regards to the rates that the Committees have as compared to the Employees' Per Diem Rate. They have a different rate. You will go by Per Diem rate that is handed out to you. These are taken from the Bureau of Indian Affairs and are set by Federal Regulations.

Also, be sure and submit a separate check request for your Registration Fees and Dues in advance. These are to be paid directly to the Organization in charge of the conference. These also need back-up to verify the amount of the fee amount and amount of the dues.

## Exercise: "A new way of life"

Winning a berth in the National Finals Rodeo in saddle bronc in 1983 started a "new way of life" for Terry Squiemphen. Terry had competed in all-Indian rodeos and in 1983 he was on his way to the

championships when he decided to start exercising so he would be in top shape for the competition. He has continued to exercise daily thus earning him the title of July Exerciser of the Month.

Even after the finals ever over in Albuquerque, New Mexico, he continued to exercise because he found that in preparing for the finals with exercise he had a weight-loss, muscle growth and his wife Gladys encouraged him to continue with the exercise regiment.

He now exercises everyday, spending an average of 18-20 hours weekly. Terry stated he has benefited from exercising physically with weight loss; he now eats more nutritional and healthier meals; he has more muscle tone with more energy and less stress; and exercising has become a "family project" for him, his wife and three sons, Thurman, Vernon and Phillip. Terry's goal is to run a marathon.

Terry feels, at times that he lacks the necessary time he would like to put into his program. To overcome his lack of time he exercises twice as hard whenever he gets a chance.

He actively takes part in running, rodeo, basketball, fun runs. He and his family all participated in the annual mini-marathon held in April. The Squiemphens all take part in fun runs, competing in rodeos, cutting firewood, swimming, bike riding, sledding, hunting, fishing and he adds shopping (whew).

He advises people to wake up each morning and say, "I can," and "never say never." He added people need to "believe in their abilities—they are always at your side."
