Security problems (Continued from page 1)

replaced because rocks have been hurled at the vehicle. The headlights have been painted, tires have been flattened and wires have been broken on the vehicle as well. One guard had his hand injured after being struck by rocks. Another guard was injured when he was allegedly pinned against his vehicle by an employee with a fork lift. Another guard had the windshield of his personal car broken out. The guards

have also been verbally threatened and employees have made obscene hand gestures at them. Most have occurred on the swing and graveyard shifts.

"These are continuing problems that management will be addressing more forcefully," stated WSFPI general manager Bob Macy. "Security is here because of problems and as support for management policies."

Local phone system to be modified

The Madras/Warm Springs area will soon hit the age of new electronics as Pacific Northwest Bell will, by the end of September, be offering custom calling features, including the use of touch-tone phones.

Modifications in the present system will be completed by September

29. Telephone customers will be required to dial all seven digits as opposed to the present five-digit numbers necessary to reach another Madras number.

Custom calling features offered in the new system will include call waiting, call forwarding and three-way calling.

Attorney available for consultation

Every Tuesday from 1-5 p.m., David Brown, associate attorney with the tribal attorneys, is available for consultations with tribal members concerning legal problems. Appointments with Brown can be made at the front desk of the Administration Building or by calling 553-1161, exts. 333 or 334, ask for George Johnson, tribal receptionist/mail clerk.

"Tribal members often make appointments with the tribal associate attorney thinking that they will be seeing Howard Arnett or Jim Noteboom. Brown is new to the people and they do not realize he is an associate member of the law firm of Marceau, Karnopp, Peterson, Noteboom and Hudel," stated Johnson.

Congratulations is extended to the youth who participated in the Warm Springs Summer Youth Employment Program, and to their parents who woke the youth up each morning to make it to work.

Thanks is extended to the financial supporter's: Confederated Tribes of Warm Springs, the U.S. Department of Labor, and the Bureau of Indian Affairs Forestry Department. With your support the program was able to employ 160 Native American Indian youth.

The 1987 year offered a 4 day Kah-Nee-Ta Training which addressed Resort Training before the 8 week work experience program and after the work program held a 3 day "Miss Warm Springs Camp" utilizing local Native American speakers, tribally trained staff, and the Extension staff. In addition to the training and work experience we entered the Jefferson County Parade, didn't place but gained experience in paper mache, painting and drawing.

Special thanks go to Amos Simtustus and Eloise Thornton, Payroll, to Ron Suppah Sr. and Everett Miller, Vehicle Pool, and to the Office of Training Service staff who covered for the Summer Youth

Staff when they could not be at two places at the same time. Working with the Students, the Supervisor's, the Parents is the reward, and we hope the purpose to prepare the youth for entry into the laborforce has been met.

See you next year, you are welcome to call the Summer Youth office at extension 298-299, ask for Denys White who will be covering for Margie during her 2 week vacation. Also, the termination checks are at the OTS-SYP office (Boy's Dorm), (please come get your check and certificate if you have not done so).
