

New teachers, staff working at Warm Springs Elementary

Gayle Shobe—fourth grade

Lonnie Henderson—second grade

John Nelson—third grade

With a new school year at Warm Springs Elementary come new teachers and staff. This year, five new teachers come to Warm Springs from various parts of the Northwest.

Jeanne Griffin, first grade instructor, joins the Warm Springs Elementary staff in her first year of teaching. She comes to us from Lopez Island in the state of Washington, where she taught kindergarten.

Lonnie Henderson, a Madras High School graduate, is our new second grade teacher. He received

his training at Western Oregon State College.

Koby Ann Cook joined the third grade instructional team. Her background of teaching experience includes teaching at the third and fourth grade levels, as well as early childhood education.

John Nelson has also become a member of the third grade team. He has had extensive experience in education in his roles as classroom teacher, early childhood educator, Latch Key instructor, and Latch Key administrator.

Gayle Shobe is our new fourth

grade teacher. She has moved to this area from Corvallis, Oregon, where she received her degree in elementary education.

Royce Schlenker will be providing counseling services in the four elementary schools this year. He has been a counselor and music teacher with the Culver School District. (This is a new position in the district this year. We will still have a Title IV-A Counselor at Warm Springs Elementary, as soon as we locate a replacement for Ed Roley, who has taken a position in the Bethel School District.)

Nadine Winishut, a Warm Springs resident, started this year as an instructional assistant in the Chapter I reading and math program. Nadine has previous experience as an instructional assistant in early childhood education programs.

We are delighted to have these folks as members of our staff. They are all very enthusiastic, creative and talented. When you have a chance, plan to stop by their rooms and introduce yourselves. They are anxious to meet the students' families.

Simnasho school tells of additions, activities

Juanita Spring Majel and Glowing Star Taken Care Of are students at Te-Wah-Nee School.

from Te-Wah-Nee School

There's movement at the Te-Wah-Nee School. A new sign has been put up. New wood and drying sheds have been built. Because we are expecting more people to join us we are building a new main kitchen.

Our school started September 15, 1987 with our six children and four teachers who are: children, Te-Wah-Nee, Temet-U-Vok, Alomaha, Little Bark, Juanita Spring and Glowing Star. Teachers, Lala, Charline, Ken, Gerald.

The subjects taught in our school are reading, math, English, spelling and Tai-chi, quillwork. All the children are excited about their school and seem to enjoy all the different classes. We start the school day with our traditional drumming which the boys lead and the girls follow with singing the songs. They feel by drumming, it starts the day off good and helps them to keep in practice for singing at different benefits and powwows. For example, we took our drum to a benefit in Portland for the Big Mountain people from Arizona, also at the

Siletz Powwow which has been recorded and played on the Kah-Nee-Ta radio station.

We, as parents and teachers, feel the Te-Wah-Nee school has a lot to offer any child who wishes to come here due to the fact we teach tradition into their everyday life, as we give them the opportunity to express themselves as true little people.

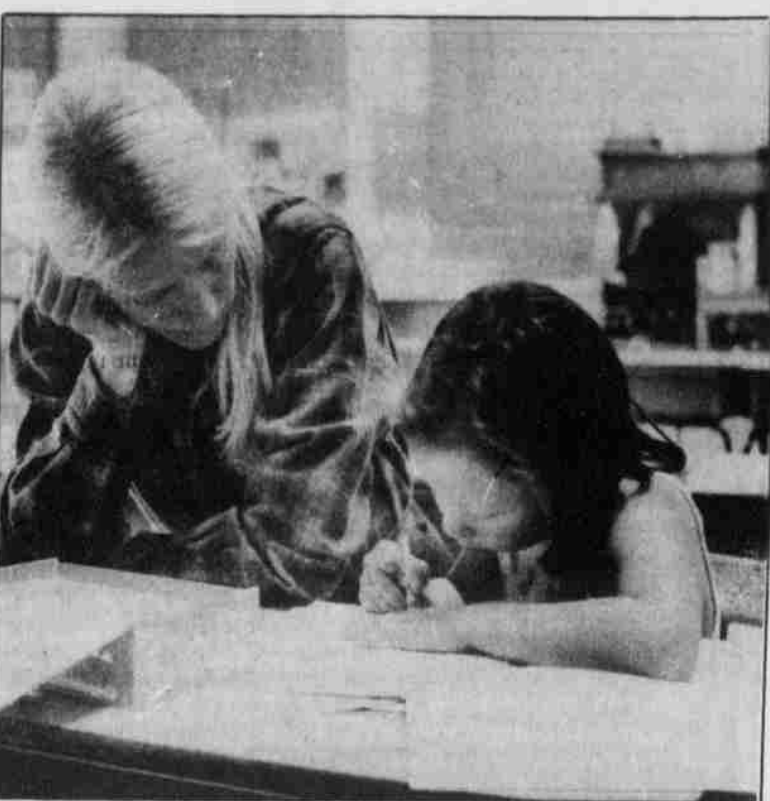

The Te-Wah-Nee School has begun its second year, any interested parents should contact us at 553-1091. All children attending must be interviewed by appointment with parents present. All people of the Warm Springs Nation are welcome to come to Simnasho and feel out our school.

The Te-Wah-Nee School, Simnasho, was made possible by a grant from J. Easton, Stillwater, Minnesota.

The Te-Wah-Nee School is a non-profit organization.

If you have any questions regarding information or donations, please call 553-1091 or write: The Te-Wah-Nee School, PO Box 855, Warm Springs, Oregon 97761.

All donations needed and appreciated.

Jeanne Griffin—first grade

Koby Ann Cooke—third grade
