## Books and Beyond

We are excited to announce the beginning of a new program at Warm Springs Elementary. The program is called "Around the World with books" and its purpose is to encourage students to develop long-lasting reading habits that will help them in their personal and educational growth. We hope that they will discover that reading can be fun and that we can learn about all kinds of interesting things, people and ideas when we read. Many of our students have already discovered this. For those students, we hope that this program will encourage them to continue reading and grow in their reading and thinking skills.

**Description of program:** The students will read and record their reading for the remainder of the school year. The amount of reading they do will be combined with the reading of their classmates so that their class may participate in a simulated hot air balloon race around the world.

**K-2 students:** Students at this level will receive credit for each book that they read themselves and/or that is read to them by a parent, family member, or other older reader. A form to record the

books read by them or to them will be sent home with the student. Your signature will be required in order for the student to receive credit for his/her class.

**3-6 students:** Students at this level will receive credit for the number of pages read by the student. They can also receive credit for pages read aloud to family member or younger children. Their teachers may require that the books they read for personal reading are at their grade level, or that they include specific types of books in their reading such as a biography, non-fiction book, etc.

**Awards and Recognition:** As the number of books and pages read by each class accumulates, their class's hot air balloon will be moved from continent to continent along a charted course on a large bulletin board located in the hallway of the school between rooms 2 and 4. As a class arrives at each continent, their classroom will receive an award and each student in the class will receive a small prize as an incentive to keep on reading. A list of the books and/or pages required and of the prizes will be posted in each

## Lice Alert—

Parents and guardians: Recently, we have discovered that a few more of our students are having problems with head lice. Indian Health officials have told me to expect an increase in the incidence of head lice infestation. If your child has come home with head lice, don't panic. Millions of school children contact head lice each year. Children play in close contact with each other. A simple exchange of hats, clothing, brushes, combs, pillows and other personal articles can result in transmission of head lice from one child to another.

Lice can be easily and effectively treated. Be on the lookout for signs and symptoms of head lice. The most common symptom is intense itching on the back of the neck and head. If you see your child scratching his/her head, be sure she/he is treated immediately. For assistance contact IHS or Warm Springs Elementary.

**Parent participation:** Parents who wish to participate by reading to their K-2 child may do so. Your signature is required on all reading

report forms before a child receives credit for his classroom. Most importantly, your child needs your encouragement and interest. Please feel free to stop by the school and see the Around the World with Books Bulletin Board. Also, if you would like to select books to read to your primary grade child, we invite you to visit and use the school library media center.

If you have questions about this program, contact your child's teacher. The progress of your child's class will be reported in the school newsletter and further bulletins.

# Students make career choices

by Saphronia Coochise

Darlene R. Trimble, 17-year-old senior, lives in Warm Springs. She is the daughter of Evangeline Trimble, also of Warm Springs. Her grandmother is Lena Trimble of Hoopa, California. She is of Warm Springs, Wasco and Hoopa descent.

Darlene has one brother; Ross Kalama, and seven sisters Linda Langley, Dorina Surface, Relda Jack, Tammy Hoptowit, Esther Kalama, Reona Trimble and Leana Trimble who is a 1987 graduate of MHS.

Trimble is not involved in any particular activity or club but says sewing is a special interest of hers. Sewing and foods are Darlene's favorite classes both taught by one

of her favorite teachers Diane Duke and civics and economics are also her favorite classes with Rod Chester.

Her outlook of her past school years, as she states, "I learned more each year, now I am taking a giant step further with education. Her feelings about this being her last year in school is she says it feels great, it will be change of pace after graduation.

Her friends and her favorite subjects are what she will miss most about high school.

The career choice she has chose is Early Childhood Education. Her college choice is two years at COCC then transfer. She would like to comment to the remainder at MHS, "hang in there, it's not as bad as it

seems. Education is and always will be important. Good luck to everyone in MHS."

Seventeen-year-old Cecil H. Tulee, Sr. of Warm Springs is of Warm Spring and Yakima descent. He is the son of Cecil and Patty Tulee of Warm Springs. His grandparents are Clifford and Lillian Tulee of Toppensish, Washington.

Cecil has three brothers, Craig, Adrian, and Brandon. He also has one sister, Cheryl.

Tulee is a member of the Native American Student Union at MHS. Special interests of his are participating in sports, music and television. Football, basketball, wrestling and track are sports he has participated in within the past years. His favorites are basketball, football and wrestling in that order. Forestry with Bill Wyshem, senior English Review with Pete Carlson and Civics with Walt Ponsford are his favorite classes and teachers at MHS. The outlook of his past school years as he states, "I feel like I am really going to miss school. Most of my best memories happened in school."

This being his last year, Cecil says, "I feel really proud of myself. At first I thought I would never get this far. Now I know sometimes thinking ain't good for you." Turning out for sports and friends are what he will miss most about high school.

The career choice that Cecil has chosen is a Forest Technician. Central Washington University or Yakima Valley Community College are his college choices.

His comments to the remainder of MHS is, "Just to stay in school and make sure you get that diploma that's waiting for you."

## Dental Month contest winners

Winners were announced for the February Dental Children's Health Month contestants! They are: Jamie Winsor, fourth grade, who won the poster contest; Bruce Howtopat, winner of the coloring contest; and Ikie Heath, 19 months old who won the smile contest. Jamie will receive the See & Math educational toy, Bruce will get the See & Spell and Ikie has won the See & Musictoy. Congratulations to those three. It was a tough decision! Presentations will be made soon. Time and place will be announced through flyers. Pictures taken for the smile contest can be picked up by the mother of the child, or the child may pick up his/her own picture.

Thank you to all the participants who were in the contests, to the Warm Springs Elementary School who were very cooperative in kicking off the Children's Dental Health Month activities, and to the Health and Welfare Committee for donating the prizes, to the parents who brought their children in to have their smiles entered in the contest, and to KWSO and KWSI for their help in bringing people in by announcing our contests.

We have been completing patients in their dental work. To help the dentist a patient is taught dental health care so more cavities will not occur. Ways to prevent cavities: 1. Use a soft bristle toothbrush. 2. Separate the areas of the mouth. For example, brush outside teeth, inside teeth, under the tongue, and above the tongue. 3. Floss every time you brush, or at least once a day. 4. Fluoride is found in the Warm Springs area water, so that is taken care of automatically. These steps will cut down on your visits to the dental clinic, except for the check-ups, and will help us to catch up on the waiting list.
