"Spilyay Speaks"

Where has the summer gone? Here it is school time once again. The big Labor Day weekend, during which many families have their last fling at an out-door bungee, has come and gone. The three-day holiday saw people traveling to get in some last minute fishing, water skiing, boating and picnicking while others were traveling to get to the mountain to get some of the cool, brisk air.

The shopping malls were packed as crowds of parents and kids were out getting that last-minute school shopping done. Well, let's face it, the Labor Day weekend marked the close of the summer vacation for all the kids.

For the eager kids, it has been a week or so preparing for fall sports, football practice, volleyball, cross country...the young athletes out preparing themselves for their league competition. There were several athletic camps the kids attended also during the summer months. There were basketball camps, volleyball camps that gave a lot of the kids valuable experience for the coming year.

Speaking about traveling...The Labor Day weekend was one big headache and frustration. No matter where people go there are always the ones who try to get there ahead of everyone else. They are in such a hurry that they make traveling dangerous, they go zooming in and out of the traffic...passing cars, sometimes passing cars where they shouldn't. Ahhh! Here is the clincher. There are some people who feel as though they own the highways by driving about 45 to 50 miles per hour, holding up traffic and when they come to a passing lane, they speed up to where just a few cars can pass them up and what happens after they leave the passing lanes? You guessed it! They slow back down to 45 and 50 miles per...gets frustrating. To top it off, usually at the passing lane, another driver just takes his time passing to where it takes him the whole passing lane to get by and holds up other traffic. It's no wonder that people on the freeways in California shoot at one another.

Well, let's face it. Labor Day isn't like it used to be. Remember way back, when all the kids would do on Labor Day is have a big riot at Seaside? It used to be calm and quiet and not the rush-rush of today's traffic.

Get your education

My People,

It has been a couple of months since I earned my diploma in Accounting/Business Administration at Western Business College and there are many people I would like to thank.

We have a rare privilege to receive education grants from the Tribal Education Committee and BIA.. thank you for funding me. Levi Bobb met my needs within his limitations and I appreciate it very much. The Credit Department also made assistance available when my grandmother passed away, thank you.

Most important, my family and friends that gave me confidence when the road was the roughest, Craig, Carl, Mom, Bobbi, Neenah and Gene, and all my neices and nephews. Carl and Noree Kalama, you helped me move and sent grocery money when we had nothing, thank you. Irene Wells, thanks for listening all those nights I doubled my ability to finish. If I forgot anyone, please forgive me.

I encourage anyone to go out and pursue or further your education. Please be sure you have the desire to succeed at your goal, there may be another person who

won't get a chance because you accept education funds and quit two weeks later.

Sincerely,
Vernita M. Adams

Look who's 21!
Happy birthday, Deanna!

Love, Mom and Family

To the Editor:

"Thank you" just doesn't seem like enough anymore. We received such overwhelming support for our Hood to Coast teams. It was so nice...the moral and financial support. We made enough for all the teams to travel on this run.

One of our major sponsors and supporters was our Mom and Dad, Rita and Earl Squiempfen! They were such a big help!! Warm Springs Vending was a major sponsor on quite a few of our fundraising projects. We really appreciate all the help they have given us...Thanks, Mom and Dad!!!!

We appreciate the help we've gotten from everyone that's helped us out. All of the women's team members and several of the boys' team members sold the raffle tickets—special thanks to Anita Davis, Rita Squiempfen and Kristina Sampson for helping with that. Special thanks to Jolene Estimo for the team visors and to Rita Squiempfen for the team T-shirts.

Team members for the women's team were Gladys Squiempfen, Sandra Greene, Becky Quinn, Monica Sampson, Sheila Wahnetah, Laura Callioux, Alfredine Smith, Fritz Miller, Evaline Patt and Brook Stanton. Quite a bunch of ladies...! Although we didn't finish in the time we wanted, we did finish the run.

Boys' team members were Gary Sampson, Vernon Squiempfen, Jonathan Smith, Jarrod Sampson, Gerald Sampson, Jr., Orlando Stevens, Otis Johnson, Wade Stanton, Ryan Dunn, Jon Stones and Tim Jorgenson. Each of the boys received a medal for finishing within an hour of their estimated time of arrival. They finished in 21 hours and 40 minutes. Pretty good...!

Men's team members were Terry Squiempfen, Wayne Bullcalf, Thurman Squiempfen, Jabbar Davis, Geoff Bury, Julian Smith, Roy Nakamura, Stan Kneeland, Bobby Macy, Jr., Loren Suppah and Chris Earnest. The men also received medals for finishing within an hour of their estimated time of arrival. They finished in 19 hours and 20 minutes. Excellent work, guys!

On behalf of all of us, thank you to everyone who helped us in all of our fundraising activities.

Another team that participated, was the Howard Patt team. I don't know when or what time they finished, but I do know they finished. Good job, guys!

Following is a list of raffle items, who donated them and who won them in the raffle. An extra special thanks to those people who donated the items. We couldn't have done it without you!!

Birth noted by Mother

An open letter to my daughter, Aurolyn Renee Stwyer (Na-Kish—Sha-Yut)

Dear Daughter,

On September 18, 1957, you brought much happiness, by your birth, to the Stwyer and Brown families.

On the fifth day of your life, as per tradition then, a huge wedding trade and diaper trade was performed in your honor. Many blessings, prayers and foresights were said for you as well as all the love and passing you one to another all day. This did not spoil you.

One day, as you sat on your father's lap, he prophesied that you were to be a precious child and that you would graduate from high school with honorary tassels, achieving the highest grades any Indian ever gained. This you did.

I never doubted that you could do it, because in 1962, Helena, Marilena, Natalie, Marissa, Levi, Lonnie and you graduated from kindergarten in Metolius. In those days the parents were responsible for tuition, supplies, snacks and transportation. So we, the parents,

formed a carpool. We never had to worry about little pranks played on a little boy who seemed to never have enough sleep now, did we? And when this same li'l one played the angel in the annual Christmas program, how proud we were.

Your upcoming birthday has brought me a number of beautiful memories and highlights in your life—some sadness, many happy times. When you left to go to the many colleges you attended, how I hated to see you go so far away. Not even the death of a precious brother during your schooling set you far back. Your goals were set.

I have seen you grow and for your own betterment. I want to share with you on your birthday this saying by Sherri Melsby:

"A successful man is one who can lay a firm foundation with the bricks others have thrown at him." And too, from the saying of my father, "Whatever lays in store for you, accept it for we do not question the works of our Lord."

With all my love,
Happy birthday!
Neda Wesley

"Church" explained by Pastor

Hello from Pastor Rick,

Well, it's half past August, and time once again to write a newsletter to everyone. Let me begin the first newsletter of the year to talk about the church.

First, as the children's song says, "The church is not a building, the church is the people." The Presbyterian church is the people who walk through the doors of the building on Sunday morning.

Again, the church is the arranged and deliberate time for people who have the Lord within to come together and take care of each other. One with prayer to pray for someone who needs prayer. Or one with compassion to be compassionate.

Again, the church is the arranged and deliberate time to bring people with power (Jesus within) together to concentrate the effect of prayer to have a greater affect on some-

one, a situation or the community. Again, the church is the arranged and deliberate time to praise. To come together and create together a greater gift of love to give to God.

These are a few things that the church is about. It is other things as well; a time to learn, to laugh, to cry, to eat; it is the CHURCH. So, I invite you to church. Starting September 4, worship will be at 11 a.m. Sunday school will be at 10 a.m. Our program is for everyone above the age of 3.

Other Goodies For The Year

The first Sunday of every month is a time for communion (Lord's Supper) and potluck. A meal for the heart and a meal for the tummy after worship.

Presbyterian Women—The ladies of the church meet every first, third and fifth Tuesday at 6:45 p.m. at the church house. It is a time of fellowship, prayer, Bible study and crafts. All ladies are welcome to attend.

Presbyterian Men—Every second and fourth Sunday, the men of the church meet at the Crossing for breakfast, gossip and prayer at 7:30 a.m. All men are welcome to attend.

Every Tuesday night is a time to worship at the jail. The time is 7 p.m. The jail allows up to five people to enter. If you would like to go in, see Pastor Rick.

See you at church!

Grace and Peace,
Pastor Rick Ribeiro

Thanks extended by family

To the Editor,

This is to the people who purchased raffle tickets for Gerald Sampson, Jr.'s fund-raising (International Sports Exchange in Europe) in June and July.

I would like to thank all of you for the support you gave us. Gerald's trip was canceled several weeks later, so we combined our raffle

with the Sidwalter Striders' (Hood to Coast team) raffle. Gerald was a participant on that team, as were 10 other young men, 14 to 16 years of age.

Gerald's family feels that the fund-raising went to a good cause and we thank you for the support!

Rosalind Sampson

Thanks for work on float!

To the People,

The Community Prevention Program would like to thank everyone for all the work on the float which the program entered in the Jefferson County Fair in August.

Thank you goes to Mr. and Mrs. Pat Red Dog, Shelia Wahnetah, Dana Smith, Etta Johnson, Margie Danzuka, Victoria Smith, Tyrone Smith, Casey Smith, Ray Smith, Wesley Smith, Gerald Switzer, Greg Boise, Donnell Crumbell, Heather Miller and the children and senior citizens who rode on the float.

The theme for the annual county fair was "Juniper Jubilee." Our float depicted drug free activities

for the jubilee.

We would like to thank Ron Suppah and his staff at the Tribal Vehicle Pool for the use of the Tribal truck for our float.

William Moses and Anita Davis

Meetings to resume
