WARM SPRINGS, OREGON

SPILYAY TYMOO

Class reunions can be great and again they can be frustrating. It's good to see the old gang once again, reminisce the days of high school and also remember what fun it was at that time.

After so many years on one's own, he (she) never realizes the good times they've had without the responsibility of raising a family of their own. But now, at a reunion, one can look back and see what fun high school days were: all the Rah! Rahs! and hoop-de-doos!, the days of young and happy hearts: back in the days when "gay" meant being happy and cuss words

were dirty. All the school activities we all shared are remembered: school dances, parties, athletic functions... Those are all in the past now and all we can do is remember them as we laugh and visit at the class reunion and remember the smallest incidents that happened in school. It's good to be able to look at the old annuals to see what we looked like in those days, the days we thought the school had the best class ever.

Family pleased with Sam

To the editor,

We, the family of Leslie "Shula" Sam, would like to recognize what he is currently accomplishing with the company he has been employed by for the past twelve years. He was hired by the Sea-Land

Leslie "Shula" Sam

Service, Inc., a world wide com-pany, on August 23, 1978, in Oakland, California. under a temporary program (Capitol Authorization Program) for the refurbishment of Sea-Land containers. He worked for them for ten years, then he transferred to Tacoma, Washington in 1987.

Shula Sam is now a 12-year certified journeyman. He is qualified to work in any area at Sea-Land. The duties of a journeyman are vast. They include the following: work on Sea-Land containers, chassis repair, power units, rebuilding containers, install and remove brakes, welding and operating power equipment.

Shula is from Warm Springs Reservation in Oregon. He left the Reservation in the late 60's to seek out a better life for himself without having to depend on the Reservatio funds and he has made a success of it.

His family is pleased with the direction his work life has taken and we would like to thank his coworkers who have supplied us with the in-depth information regarding his work.

Pat Metke, left, presented a \$128,726 dividend check to tribal CEO Ken Marcy P. Sam Smith. Looking on are insurance risk manager Charles Nathan and Lynn Armstrong, Industrial Indemnity special account coordinator. Story on page 1.

Education needs parent, community involvement

"Education," says the new presi-dent of the National Education Association, Keith Geiger, "is everybody's business.

Explains Geiger: "If we're going to successfully prepare students for the fast-paced Information Age emerging all around us, schools

the Home School Institute have developed a parent involvement training package, Schools and Parents United, the first totally integrated and researched program to encourge schools and parents to work as partners.

This unique package fetures a

There was this salesman giving his big pitch to a backwoods farmer's wife. He threw dirt on the floor and said, "If my vacuum cleaner don't pick up the dirt I'll eat it."

Farmer's wife: "You better get to eating it, cuz we ain't got any electricity." YIKES

Teacher: "If you saw Billy break a hole in the wall of the boy's restroom with a baseball bat, would you report it, let it go or what?" There was a long pause and finally Jane said, "If I saw Billy bash a hole in the wall with a baseball bat I'd know I was in the wrong restroom and I'd get the heck out of there." YIKES

need the active involvement of parents and the community.

When parents are involved in the education of their children, notes Geiger, everyone benefits.

"In our various NEA school improvement projects all around the country, we've found that parents fully understand the important role they play in their child's education," says Geiger. "But for many parents trying to juggle work and home responsibilities, it's a matter of finding a way to help." To help find that way, NEA and

series of "Home Learning Recipes for parents and students. The recipes suggest activities that can help nurture student academic and social development, at various age and grade levels.

All the suggested activities can easily be applied in an everyday home setting. One reading skill activity, for instance, asks children to look for letters of the alphabet on grocery store boxes and cans.

Another activity suggests enhancing listening and imaging skills by reading aloud to a child and stopping before the ending to allow the child to speculate on how the

The Confederated Tribes of the Warm Springs Reservation of Oregon is seeking proposals from qualified tribal members or a consortium including tribal members who would like to buy or lease its Tribal Garage business. The entire operation, including the building, tools, equipment and inventories, is available for purchase or lease/purchase. The land is available on a lease basis only from the Confederated Tribes.

With annual sales in excess of \$400,000, the 7,642 sq. ft. building is situated on a 1.75 acre site at 2204 E. Tenino Road in Warm Springs. The facility includes two gasoline tanks and one diesel tank with a total of six pumps along with seven fully equipped bays and parts inventories. This business is waiting for an industrious individual to serve the community with a full service automotive business. The Tribal Garage is not affiliated with a major franchise or distributor.

Proposals will be accepted until 5 p.m., Monday, September 25, 1989.

Interested parties may obtain additional information or receive copies of the Request For Proposals from:

> Robert Raimondi Economic Development Department Confederated Tribes of the Warm Springs Reservation of Oregon P.O. Box C Warm Springs, OR 97761 Telephone: (503) 553-3314
