Mountain View Hospital announces new rates

Officials at Mountain View Hospital and Nursing Home have announced new rates beginning in July. The basic hospital rate will increase 7.5 percent to \$285 per day for a semi-private medical/surgical room. Nursing home rates will also be raised by 5 percent.

"There are several factors which influenced the Board's decision to adjust the rates," states administrator Ron Barnes. "Lower levels of reimbursement by Medicare and Medicaid coupled with general inflation have brought about the need for the overall increase which averages 7.0 percent," said Barnes. St. Charles Medical Center in Bend and Pioneer Memorial Hospital in Prineville announced 8 percent rate increases last January.

"The Board is using many strategies to hold the line on increases," affirmed Barnes. Mountain View continues its position on not offering discounts to insurance companies. "If we give a discount to one third-party payor, we would have to pass on the amount lost to other patrons of the District which in effect inflates the cost of health-

care," explained Barnes. "The Board also worked very hard to keep the increases for long-term care to an absolute minimum since so many of those paying for nursing home services are on limited incomes."

A new Emergency Room rate structure designed to better reflect

the care given is also being introduced by Mountain View in July. The enhanced rate schedule will be based on patient acuity rather than the period of time spent in the emergency room.

"As an example, a patient requiring only a brief visit will be billed \$37.60 opposed to the pres-

ent minimum flat rate emergency room charge of \$74.41," says Barnes.

The new emergency room rates will allow Mountain View to more consistently bill patients with regard to the actual level of care rendered to patients based on the extent of their injury or illness.

I am delighted to send my warmest greetings to the Chiefs, Council and membership of the Confederated Tribes of Warm Springs as you gather for the groundbreaking ceremony for your long-awaited tribal museum.

By working to preserve your rich cultural heritage, and by sharing that heritage with others, you are helping to foster greater appreciation for the fascinating history and unique traditions of Native Americans. The importance of the tribal museum to the Wasco, Paiute and Warm Springs people is reflected clearly by your commitment to its

success and by the months of planning and hard work that have gone into your artifacts acquisition program. However, this museum will not only serve as a source of pride for the Confederated Tribes but also provide a rich source of information for all Americans.

This museum will be a lasting tribute to the Warm Springs Indian Tribes, and I commend the Board members, staff and friends of the Middle Oregon Indian Historical Society for their role in making it possible.

Barbara joins me in sending our best wishes for a wonderful celebration and for every future success.
