Son remembered

Dear Son,

September 23rd, you entered this world to me.
All eight pounds ½ ounce you came as fast as can be. Throughout the years I watched you grow.
Enjoying watching you learn everything, even to sew.
One day I looked and saw not a boy,
But a young man, who had put away his favorite toy.
Many times we laughed and loving memories we've shared.
Just as much tears had fallen as your soul to me bared.
But one night two years ago you could no longer go on.
Decided to end it, not thinking of right or wrong.
The pain, the guilt, sadness and emptiness we all feel.
Will it ever go away? People say in time we will heal.
The Lord is good son, and He has made us strong.
Without Him we would not have come this far along.
The troubles you had, seemed more than one can bear.
But the Lord Jesus is always there to show us He cares.
Tell all our loved ones that are there with you,
Grandma, grandpa, mom, dad and the rest of the crew.
That one day we will all be together and how happy we'll all be.
When the Lord calls us home, we'll all join together,
and what a celebration you will see.

Love and miss you son, mom,
Tina Aguilar

Coach Suppah tells of team's spirit

To the editor,

Regardless of the scores we had a very tough tournament. For 3 teams in our bracket made the final four. The teams we faced came prepared, and played us tough

Revival set

The Warm Springs Baptist would like to invite everyone to join us on April 7th thru the 12th for a good time in fellowship, worship, and praise. We have invited Pastor Ernest Best, a noted Indian Evangelist from Oklahoma City, Oklahoma, to be our guest speaker. The meetings will begin at 7:30 p.m. each evening. We will also be serving meals on the following days: Sunday at 1:00 p.m.; Wednesday at 12:00 noon; and Friday at 6:00 p.m.

from start to finish. If White Swan Flaming Bulls, had a little more time, they would of beaten us, we managed a 27-24 victory.

Our second game it took a couple quarters before we got started against the La-Push Running Rebels. We managed a 56-28 victory. In the semi against the Chiloquin Eagles was a close game, then the team finally pulled themselves together in the 4th quarter, with a 58-32 victory. Chiloquin just went cold for 3-4 minutes, giving us the margin.

In the championship game against the Muckleshoot Bulls. We struggled through 3½ quarters before finally pulling together. They played us real tough both defensively and offensively. We had to earn our points from the free throw line. Which might have made the difference if we didn't hit them. We were in foul trouble in the first half, and had me quite worried, because they never let up on us through the whole game. I had to use our time outs to settle them down. Like true veterans they pulled it out with a 77-52 victory, giving them the championship.

Our roster consisted of: Manager-Little-fawn Suppah, Players-Lil Bull Owl, Suppah, T.J. Foltz, Dave Blodgett, Travis Starr, Ryan Swearingen, Scott Riddle, Willis Anderson, and Newton Skunkcap. I am very proud of them and love them very much, for they worked hard together as a team.

The kids have been playing a very successful season, so far. We don't win them all, but we have fun trying. Building a name for themselves, makes it tougher for us, as we enter these young tournaments. Being rated #1 makes it tough both mentally and physically on the players, having to be ready for every game.

It's sure tough on me too. Thank God for the parents and the support it makes my job a lot easier, and to the sponsors, who make it possible for the kids to participate. To keep them interested and involved is tough so they can remain off the streets.

Help appreciated during Dad's illness

To all the people of Warm Springs,

To all the people of Warm Springs community that assisted our father Delbert Frank, Sr. who has been very ill this past month. We would like to express our gratitude to the EMT's and ambulance crew and most gratefully to Teeny Miller Moses for being on the spot at Tribal Administration Building when dad got ill. To all Tribal Councilmen, that Delbert works with almost daily when he's

not on other business out of town, all our Tribal Councilmen carry a great responsibility in our community and we often forget to give a handshake our thank you to them. Although our councilmen all work hand in hand and as a team, we often fail to recognize that they tire in body and mind.

After the many years that we have shared our father's time with community, family and friends, in the great responsibilities he carries daily, we are very grateful to see

him still walking amongst us, today.

Delbert has shared great knowledge with us, his children, through his traditional way of life, his spiritual life, and through his love for one and all.

Letters from friends are great!

Hello people of support group,

This letter is for you all, Thanks for the signed card. Some of the signatures I read I knew of you, some I couldn't, so forgive my cyphering ability isn't that good. But it's just great that people support us, as the media show us, via satellite, the "Unsupport" for the warriors in the Desert Storm.

On to better things. I'm Dave Redfox, as if you didn't know (how silly of me), I'm an electronic technician. I work on radar gear as my specialty, but I'm supposed to do generally all electronic gear if need be. I'm also a 3rd class petty officer, that's about 4 steps above nothing. It's not good but better

than nothing. I've been in the Navy for 2 years, at school mostly, but now I'm on board the USS Midway.

It's hard to describe life on a ship, mainly because of the different viewpoints. To me though, it's the best life can give.

The Midway is very old, but runs like a new ship. She was born after WWII, back then she was the largest aircraft carrier, but today she's smaller than most. But what's that saying "Good things come in small packages?" Would you believe Midway was first to be a battleship?! It's a fact, I know by all the rocking to-to-fro from the ocean waves. No seasickness yet. USS Midway was also decommissioned a couple of times, and lastly she was hurt from that explosion a year back, lost some men in that. There's probably more about USS Midway than me, mainly because the ship doesn't get into trouble and create messes like me. If I wrote out all the bad things I've done here in the Navy it'd be a big heavy book. So I'll stop about my wicked side before Mother gets miffed.

Well I'd better stop here, so the letter won't be published as a novel or something. So here's some parting words that I think are fitting.

Sign on with me. The stature of our homeland is no more than the measure of ourselves. Our job is to keep her free. Our will is to keep the torch of freedom burning for all. To this solemn purpose we call on the young, the brave, the strong, and the free. Heed my call. Come to the sea. Come sail with me.

-John Paul Jones-

Thanks for the love & prayers,
Dave
