"Spilyay Speaks"

The Pi-Ume-Sha 1991, appeared to have had a record breaking crowd this year. There were so many people around here it was hard to find a parking place anywhere. I don't know if that was a record breaking crowd, anyway it sure looked like it was. There were all kinds of events going on at the same time.

The Warm-Up dancing always brings a lot of people out during the first night of the powwow. There was the Fun Run put on by the Warm Springs Running Club; There was the 14 mile, plus endurance horse race which is getting more and more popular each year, this also includes a junior division as they run a shorter route than the adults. There was the Fried Bread Golf Tournament held at Kah-Nee-Ta, always draws top golfers from all parts of the country. There was the 16 team softball tournament with teams from all parts of the Northwest entered. There was the stick game tournament where there are a lot of hot games played. There was the fishing trip and cook-out for the Councilmen and the Governor down at Whiskey Dicks.

There were all kinds of contest dancing, with something for everyone which included the "Honkey Dance Contest!!" Dancers young and old were out to show what they could do. And Snagging ...OOops!!! I meant meeting new friends as there were people here from all parts of the country.

Then there was the big All Indian Rodeo which was sanctioned by the Western States Indian Rodeo Association, put on by the Warm Springs Rodeo Association, as there were top Indian cowboys here trying to earn as many points as possible with the thought of competing in the National Indian Finals, at Albuquerque, NM next fall. "Whew..." How can anyone take in all the sites with just two eyeballs, and believe me there were plenty of beautiful sites to see...Ahhh-Nah-Chi-Toon....

Thanks to investigators

To the editor,

The McKinley family hereby want to express a heartfelt "thank you" to investigators Oliver Kirk, Glenn Sayers and Chief of Police Jeff Sanders for helping us out when we thought our brother, father, uncle, Clarence McKinley's

grave was vandalized. Everything turned out allright.

public. This is now a relationship in which tribal governments may choose to assume the administration of numerous federal programs pursuant to the 1975 Indian Self-Determination and Education Assistance Act.

This is a partnership in which an Office of Self-Governance has been established in the Department of the Interior and given the responsibility of working with tribes to craft creative ways of transferring decision-making powers over tribal government functions from the Department of tribal governments.

An Office of American Indian Trust will be established in the Department of the Interior and given the responsibility of overseeing the trust responsibility of the Department and of insuring that no Departmental action will be taken that will adversely affect or destroy those physical assets that the Federal Government holds in trust for the tribes.

I take pride in acknowledging and reaffirming the existence and durability of our unique government-to-government relationship.

Within the White House I have designated a senior staff member, my Director of Intergovernmental Affairs, as my personal liaison with all Indian tribes. While it is not possible for a President or his small staff to deal directly with the mul-

tiplicity of issues and problems presented by each of the 510 tribal entities in the Nation now recognized by the dealing with the Department of the Interior, the White House will continue to interact with Indian tribes on an inter-governmental basis.

The concepts of forced termination and excessive dependency on the Federal Government must now be relegated, once and for all, to the history books. Today we move forward toward a permanent relationship of understanding and trust, a relationship in which the tribes of the nation sit in positions of dependent sovereignty along with the other governments that compose the family that is America.

Lucei didn't want to scare anyone

To the Community of Warm Springs,

I would like to take this opportunity to apologize for my actions on the night of May 27th while I was driving Under the Influence of Intoxicants. I didn't want to hurt or scare anyone.

Sincerely,
David E. Lucei

Special dinner held at Kah-Nee-Ta

A special dinner by the Tribal Council held each year during the Pi-Ume-Sha activities in appreciation of all those who have worked in-behalf of the Tribes in all areas of business. This year along with Governor Vic Atiyeh, there were members of the Water Negotiations team, the Columbia River Inter-Tribal Fish Commission, the Museum Board/members of the BLM and members of the BIA from the Portland Area Office were present for the fine get-together.

There were no formal speeches of I's and me's but a good get

together and all having a good time. The following day there was a cook-out down at Whiskey Dicks, along the Deschutes river where

there was some fishing done before the meal. Everything went well and until next year things will go back to normal.

Feeling better

To the Editor,

I would like to take the time to thank friends and family for coming to visit me at Mt. View Hospital in Madras. I had a broken hip and a lot of people came to visit me and I am feeling a lot better.

Thank you,
