CR Roundup this weekend

The Crooked River Roundup Board of Directors has chosen the theme for its 1991 Crooked River Roundup Parade. This year's parade will follow the theme of "The Great American Cowboy." The Roundup Parade has always been a favorite of central Oregon residents and the Parade Committee is hard at work to ensure another great parade this year! The parade will be held on Saturday, July 13th beginning at 10:00 a.m. and will wind through downtown Prineville.

The Grand Marshall for the parade are Phil and Jo Weigand of Powell Butte who both contributed many years of service to the Roundup. The Board of Directors are proud to have Mr. and Mrs. Weigand representing the Roundup as our Grand Marshalls. Also representing the Roundup this year are Michelle Holliday and Carin Wilson, both of Prineville, as the 1991 Crooked River Roundup Court.

Family farming topic of camp

The fact that family farming and farmer cooperatives are a mainstay of rural America is a point that is rarely argued. Still, it is a message that may not have been effectively communicated to children in rural America, say the officials of the National Farmers Union (NFU).

It plans to hold an educational camp at Suttle Lake August 19-22, designed for students in grades three through sixth to teach the importance of family farming and the function of farmer cooperatives. The camp will also include games, hiking and arts and crafts activities.

Bill Bullard, Northwest Regional Coordinator for the 250,000 family farm member organization, said, "Farm kids need to be proud of their heritage. To feel pride, they have to understand it - that's what we want to accomplish this week."

Because this Farmers Union Camp is being funded with a grant from CENEX, a regional cooperative with member co-ops in the area, registration fees are only \$20.00 per camper.

Bus transportation is being arranged for children who do not live in the Sisters area. For more information about the event, contact Kris-Ann Moyer at 1-800-347-1961.

tain View Hospital District Administrator Ron Barnes.

Any person interested in participating in the Help Net Program must have an outside mailbox so the letter carrier can determine whether mail has been accumulating. Residents may contact Mountain View Hospital to obtain an application on which they will list several persons who can be called in an emergency. When Help Net staff members receive a call from a letter carrier, they will try to reach a contact person listed on the application, Barnes said. If Help Net monitors are unable to reach those listed, they will call local law enforcement personnel and request a courtesy check on the pre-registered person.

The Help Net program is sponsored by the United States Postal Culver Police Department, Madras Police Department, Metolius Police Department, Oregon State Police and Warm Springs Police Department.

The program is available to the

Service, the National Association of Letter Carriers, Mountain View Hospital District and Warm Springs Senior Center. Law enforcement agencies assisting with the Help Net program include Jefferson County Sheriff's Office, communities of Crooked River Ranch, Antelope, Culver, Metolius, Madras and Warm Springs.

Those interested in signing up for the free Help Net service should call Mountain View Hospital and Nursing Home in Madras at 475-3882.

Patawa elected chairman of CRITFC

Elwood Patawa, Umatilla Board of Trustees Chairman, and Fish and Wildlife committee member, has also been elected chairman of the Columbia River Inter-Tribal Fish Commission (CRITFC), based in Portland, OR. CRITFC is the technical support and coordinating agency on fishery issues for the Umatilla, Nez Perce, Warm Springs and Yakima tribes.

As the new chairman of CRITFC, Patawa would like to continue to strengthen the overall management capabilities for CRITFC and maintain a proactive mode. "Since my involvement with CRITFC I've seen positive changes," he said. And, he adds that he is glad to see the direct participation of commission members and watch them take a more active role within the Commission. "There has been more interaction between the four tribes in a positive sense since the formation of CRITFC."

His first involvement with CRITFC began in 1984-85 when he was asked as chairman of the Board of Trustees to attend meetings to understand how CRITFC

operates. Patawa has also been a member of the Commission on Indian Services for the last three years and has been Chairman of the Board of Trustees since 1981.

He has been employed with the Umatilla Tribe since 1972 and was

elected as a Board of Trustee member in 1973. "My tenure has been in one capacity or another since I started working for the tribe," he said.

Election of chairman for CRITFC is held on a yearly basis and the chairman can be re-elected.
