Letters to the Editor

## "Spilyay Speaks"

As a matter of convenience to the post office without the congestion getting to and from the parking lot a study should be made to determine a better method which would eliminate the traffic jams caused there during the rush hours each day. There are times when it is almost impossible to get in or out of the parking lot. People trying to enter while people are trying to leave and the road is all tied up where traffic backs up and causes problems for individuals who are trying to use the area.

There must be a solution to a small problem such as this. Rip some curbs to make a one way street going all the way around the old administration building. There's no such big emergencies as to close streets around that area and whose stupid idea was it to prevent all parking around the building. That would help to solve some of the parking problems around the post office if people were to park on the street. **AHH-NA-CHI-TOON!!!**

###

Well, it won't be long until the kids will be going back to school. Where has this summer gone? Just whizzed by. All the students will be getting their final pay check from their summer jobs. The whole organization was buzzing with students working during their vacations. Many departments will miss their summer help as they have been doing good on their jobs. During the summer months student trainee jobs give the kids a chance to see what it is like on the job in a field they might be interested in. Sometimes a field is not as pretty as it may appear to students after they have spent some time on the job, and they can change their minds on what profession to study later on in school. Well, anyway, they get the feel of things and a chance to earn some school shopping money before they settle down for another school year. **"NEIGH"**

Tired of waiting  
for your prescription at the Pharmacy?  
Give the **REFILL HOTLINE** a try!!

Call **553-1196** a couple of days in advance  
and we'll have your prescription  
ready & waiting.

\*Prescription drugs only - Please

### Submit requests early to Natural Resources

If Tribal Members want to put in a Ceremonial/Donation Salmon Request for planned events with the Department of Natural Resources, please put it in at least three weeks before the event occurs. We have been getting requests a day or two before the event and the request(s) is/are not

being approved on time due to the request(s) not being put in advance. Tribal Council needs time to act on the request(s) and there are times where Council is not in the office due to travel and/or other reasons. Your cooperation will be greatly appreciated.

Spilyay Tymoo welcomes articles and letters from its readers. All letters, preferably 300 words or less, must include the author's signature and address. Thank you letters and poetry will be published at the editor's discretion.

All letters are the opinion of the author and do not reflect in any way the opinion of Spilyay Tymoo. Spilyay Tymoo reserves the right to edit all copy OR refuse publication of any material that may contain libelous statements.

## 4-H basketball team deserves congratulations

To the editor,

I want to acknowledge our 4-H beginner's basketball club. Foster Kalama worked with boys and girls that never before knew anything about basketball. He then recruited Melvin Tewee to coach the boys while he concentrated on the girls. All their dedication was soon to be recognized. Foster was the commissioner for the 13 and under girls in the Oregon State Games as Melvin was for the 13 and under boys.

I was very happy when Foster asked if I could help out because not only were these kids representing 4-H, they were representing our community and the Central Oregon area. Our girls (the Columbia River Bears/4-H team) were small and young compared to the other teams that were entered to play. But that didn't stop them from trying and playing hard. I am proud of their hard efforts along with their acceptance of each foul and other calls made against them. They never argued, cried, cussed or quit playing because of the odds against them.

The sad part of this event was things that shouldn't have happened in the very beginning. One team had been protested against

because the players were 14 and 15 years old. Its one thing to not know the rules and regulations but to knowingly pass off these girls as 13 years and under just to win is not teaching these players to be honest. I had seen parents and coaches yell and scream, protest, cuss and act as if the game was a live and die situation...what was they teaching their child/player? That winning is everything? These players were supposed to have fun playing but the adults were the ones acting like children and the children were the ones that were acting more grown up than the adults.

Everytime I looked, I seen someone in Foster's face...but he handled this very professionally and with authority. All this time, his team was seated watching his example on how he was going to handle all the pressure of the coaches and parents. He done a very good job of being the diplomat. I am very happy that Foster is a good example to our youth in 4-H and in the community of Warm Springs, we sure do need more leaders like him. I thank the Lord for him and his family everyday.

Oh yes, because the team that played the older girls got stripped

of their medals, the bronze medal went to our girls along with sportsmanship recognition. The girls played their hearts out and kept up with the "bigger" girls.

Way to go...next year will be better.

Sincerely,  
Tina Aguilar  
4-H Program Assistant

## Way to go, KWSO!

To the editor,

I don't know how many readers listen to our KWSO Radio Station but I would like to take this opportunity to let the KWSO Manager and staff know that I feel they are doing a great job. In our daily busy lives, we sometimes forget to take time and thank those we appreciate.

I especially like the interviews the announcers do with our local people who work in our Tribal and Bureau of Indian Affairs departments here on the Reservation. It opens the door for more communication between the departments and the tribal member and resident listeners. The Community Events here on the Reservation as well as those in our neighboring town of Madras help keep us informed of events.

All of you: Gerald, Mary, Lucas, Sue, Drew and Terry deserve a pat on the back!

Sincerely,  
Myrna Courtney

## I've learned my lesson

To the editor,

I wish to express my sincerest apologies to the office of Parole and Probation, the Tribal Court and to the community of Warm Springs for causing all of the hardship. I recently returned from the state of Arizona and was picked up on an outstanding warrant for failing to appear for a court hearing last year. I wish to be able to return one day and share my experience with those of you here at home. I made a serious mistake over two and a half years ago and my mistake has followed me and caught up with me. I will ensure I don't make that same mistake again.

Sincerely,  
Gerald J. Danzuka

## I apologize

To the editor,

I am sorry for showing disrespect at the tribal ceremonial gathering.

Wendell E. Greene

## Apology extended

To the editor,

I would like to publicly apologize to the people of this community for my wrongful act during Pi-Ume-Sha.

Thank you for your attention.

Sincerely,  
Andrew David

## Volunteers needed for COBRA

Volunteers are being recruited to serve on the Central Oregon Battering and Rape Alliance Speakers Bureau. Your opportunity has arrived to further awareness and promote understanding of the very serious and costly price we pay as citizens of a country where violence or the threat of violence is used by some to control others. Training will begin at 6:00 p.m. on Thursday, August 1, 1991 at the First Presbyterian Church at 230 N.E. Ninth Street in Bend. For more information, please call 382-9227.

## I'm sorry

To the Editor,

I would like to apologize for my behavior during Pi-Ume-Sha days. I was intoxicated at the grounds and was picked up on disorderly conduct charges.

Ellison David, Jr.

## Tribal Council Agenda

## Member sorry

To the editor,

I would like to apologize for being intoxicated in a public place on June 22, 1991. This was at the Pi-Ume-Sha grounds.

Todd Wells

## Have cholesterol checked

Mountain View Hospital and Nursing Home is again offering free cholesterol testing in the District.

Cholesterol is a soft, fat-like substance found among the fats in the bloodstream. Elevated chole-

sterol levels increase the risk for stroke, degenerative artery disease, heart disease and heart attack.

Medical technologists from Mountain View's laboratory will be drawing blood for the free tests from 9:00 a.m. until noon on Wednesday, August 14 at The Store and Old Courthouse Gift Shop in Culver.

Participants are encouraged to fast for 12 hours prior to testing. Participants will be asked to sit for 15 minutes prior to their blood being drawn, which will be done strictly on a first come, first serve basis. Results will be mailed to those taking part in the free screening. Information on controlling cholesterol levels will also be distributed at the free testing.

For more information, call Mountain View Wellness Coordinator, Eva Montee at 475-3882.
