## Eagles RIP White Buffs

After a great opening win of the year and a new coach, for the White Buffaloes, here came the Hood River Eagles to upset the apple cart and ruin a good thing for the Madras fans, as they handed the Buffs a 35-8 beating. This gives the Buffs a 1 win 1 loss record for the year.

The score might have looked a little terrible but the fact remains the Buffs were in the game all along until a bad break gave the Eagles a chance to score first from a blocked deep in enemy territory where they were able to hit pay dirt and kick the extra point to go out front 7-0. The TDs didn't come as easy as the score may look however they led at the half time 14-0. In the second half the Buffs sort of gave the

Eagles a couple of touch downs as there were two passes picked off and returned into the end zone for scores. Each pass picked off there was clear daylight to the end zone and the ball carrier ran in untouched with the extra point good giving the Eagles a 28-0 lead. The Eagles did earn a touch down as they scored their final TD for the 25 score. The Buffs didn't score until late in the game from a long pass from Barnes to Boyle. The Buffs proved they could move the ball against a highly rated team as the Hood River Eagles.

The Buffs will have to re-group and get ready for the next opponents which will be the Crook County Cowboys.

White Buff defense was kept busy all evening against Hood River, losing to the Eagles 35-8.

## Frosh win one lose two

The freshman volleyball team of Madras High School played their season opener Thursday, September 5, at Bend High School.

The team won their second game 15-4. Serving was the key as Millie Unive served the last six points in a row. The score of each game was: 3-15, 15-4, and 4-15.

Saturday, September 7, they played in a nine team tournament in Culver. Madras placed fourth with a record of 5-3. Madras was the only team successful in defeating Lakeview (15-13), who

eventually became the tournament champions. As well as the players improvement throughout the day, the serving was great. As a team, Madras served 88%. Three individuals who served high percentages were: Kelli Catherwood, who served 15 for 15; Angela McConnell, who served 20 for 23; and DeAnn Cordes, who served 23 for 25. Carrie Hawes and Nicole Dexter had outstanding passing. Best spikers for the day included Becky Harrison, Rebecca Grote and Nicole Dodson.

## KNT Fall Run date set

Raffle items will be donations from local merchants. There will also be discounted swim passes.

## Buffaloes lose lead, then beat Crook County in O.T.

For all the spectators who are superstitious who went into the football stadium last Friday the 13th, must have had some doubt, but the outcome of the game showed the Buffaloes were in the winners column, beating the Crook County Cowboys on their home Grid Iron.

At the end of regulation play with the score knotted at 14 each, the Kansas plan had to be put into effect to determine the winner of the non-league contest. The buffaloes went on offense for the first four downs from the ten yard line. After three unsuccessful tries and it was fourth and goal, Shane Barnes rolled out to his right and hit Ryan Boyle who was wide open in the end

zone to put the Buffs up 20-14 and after the extra point the score was 21-14 in favor of the Madras White Buffaloes.

Well, it was Crook County's turn with four downs from the ten yard line where the Madras defense rose to the occasion to push the Cowboys back to make it 4th and 13, when Fennelle also made a halfback sweep with the opposition to pass and his pass fell incomplete in the end zone thus giving the Buffs the big win.

During the first half of the ball game it was pretty close as the Madras White Buffaloes held a 7-6 lead at half time. One of the big problems the Buffs had to face and make adjustments to was

the hard running of Nathaniel Fennell, which they did even though he piled up a total of 151 yards on offense during the game.

With time running out and the Buffaloes leading 14-6, Crook County Cowboys put a drive together and was able to score on a run and a pass for the conversion to tie the score at 14 all.

Both teams had to battle real tough throughout the game as the game could have gone either way, but just so happened the Buffs were the aggressors for the night and put the pressure on the Cowboys for the win.

who haven't beaten the Cowboys

in several years and they beat them on their home field which makes it more interesting. The game will surely put some spunk in the team as they prepare for their league opener Friday night against McClaughlin Hi Pioneers, of Milton-Freewater. The Pioneers also have a new coach this year who will be making his bid to beat Madras and that's the former Buffaloe coach Rod Chester, who has excepted the coaching position at Milton-Freewater.

The Buffaloes will surely be up later on during the year, could be an interesting year.

## Frosh win football game

Madras High Schools' freshman football squad traveled to Springfield Saturday September 14. The White Buffaloes defeated their opponent 12-6. In the first quarter Harry Hisatake completed a five yard touchdown, the extra point failed. In the second quarter Hisatake completed another five yard touchdown and again the extra point attempt failed. No scoring in the third quarter from either side. In the fourth, Springfield completed a touchdown from one yard, but failed the extra point attempt, completing the game.

The White Buffaloes dominated in the first half but tired in the second because they played both offense and defense. Hard running

by Hisatake and Jeremy Jacks. "The offensive line has improved in controlling the ball better, since last week," stated coach Ron Phillips. Quarterback, Dinato Pittman is more confident this week. Defensively the team played well with Michael Anderson and Delbert Bishop looking strong. Bill Hastings and Travis Bearman also at defensive ends. Jeremy Kane had two opportunities to tackle back and he put both to the ground. Coach Phillips feels the players are starting to understand what is trying to be done. There was good improvement in the team members who have been holding back their abilities.

## Trail Blazer tickets on raffle

The Recreation Department will be holding a raffle for two Trail Blazer tickets for their game against the Chicago Bulls on Friday November 29. Tickets will be \$2 each and are available at the Community Center office or from the Recreation Staff. The drawing

will be Saturday, November 23 at the Warm Springs Community Center in conjunction with the Elimination Tournament. Proceeds will go to purchasing a concession stand at the Warm Springs Little League fields.

## Exerciser of the month

Dorothy Shadley was chosen as Exerciser of the Month for September. She exercises seven days a week, walking Monday through Friday on her lunch hour, and jogs on Saturday and Sunday. She spends about six hours per week exercising and has been on a schedule for four years.

She states, "I've always enjoyed walking. My friend Laura gave me a lot of encouragement to start running. We'd go walk in the mornings or jog in the evening after work." Shadley feels she benefits from exercise because it relaxes her and she has lost weight since she started. She runs on weekends, and has been running a little further each week. Her goal is to participate in the Hood to Coast run in August 1992. Another goal she is trying to accomplish is being able to run five miles a day, non-stop. She feels her stumbling block is weekends, at times she does not feel like running or getting out at all. Her secret way of handling her stumbling blocks are by using her son's walkman and listening to "Guns n' Roses" tape up loud and start running. Another hobby she has is aerobic exercise when it gets too cold outside to walk or run. When she exercises she prefers do-

ing it with others so she can visit. Sometimes her son Jackie goes to the Junior High School and runs with her. Other things they do to exercise together is riding bicycles or walking to the store.

Dorothy Shadley

She would like to inspire others that "exercise will make you feel good about yourself. Don't give up after two or three days. Just take your time and go at your own pace."
