Letters to the Editor

"Spilyay Speaks"

Spilyay Tymoo is always pleased to receive letters to the editor as open discussion on subject matters pertaining to the reservation or the community.

This was mentioned before and will be mentioned again, that in every edition of the Spilyay Tymoo, on page 4, bottom left is the "Editors Note," which reads as follows, "Spilyay Tymoo welcomes articles and letters from its readers. All letters preferably 300 words or less, must include the author's signature and address. Thank you letters and poetry will be published at the editors discretion."

All letters are the opinion of the author and do not reflect in any way the opinion of Spilyay Tymoo. Spilyay Tymoo reserves the right to edit all copy or refuse publication of any material that may contain libelous statements."

What this refers to is, some people have a personal gripe with certain individuals and try to use Spilyay Tymoo as a middle person on expressing personal feelings towards these people which is slanderous and degrading. People should deal directly with who they are having disputes with and not get others involved. Sometimes discussions between individuals can work wonders rather than beating around the bush.

From time to time we receive letters to the editor that are personal and are slanderous attacks on certain personnel of the tribal organization, and sometimes just to other individuals, things like this should be handled between the two parties involved and not plaster the paper with personal feelings. So if people wonder why some letters to the editor don't appear in the Spilyay Tymoo, that's the reason. And besides it's unprofessional to attack anyone in this manner. There are some good points given about certain events and on the job situation that should be dealt with in other means. People should go directly to the individuals supervisor and explain to him what the problem is rather than having it put in the paper, this is their personal problem. People complain on how the court, the police or the supervisor's do things against them which are not fair but still they should deal directly with the supervisor of the person involved. That's the best way out. NEIGH!!

For heavens sake, don't people ever learn? I read in the paper, the Oregonian, where drug charges give suspension to relief pitcher Steve Howe, in baseball. He has faced similar charges in the past and if a person is so stupid to rely on drugs, they should be suspended.

Not only the athletes who depend on drugs but there are others who are equally guilty, and stupid to continue the use of drugs. Don't know why people have to look to drugs to keep them going. They are just sick. In the Olden Day's drugs were unheard of and all the athletes excelled just as well in their sport without the use of drugs. It must just be a mental problem where people have to rely on drugs to keep them going.

But times change over the years, nothing stays the same. Just like in the past some people can remember when "Gay," was being happy and "Cuss words were dirty." Well, who knows what's next in store for the future generations. AHH-NAH-CHI-TOON!!!

This sure looks like a bad year from the water stand-point. With the big drought, some springs and small streams that used to flow year round are drying up. There are a lot of small springs that have dried up already and water for the stock in the higher country is scarce.

This could make a fire hazard as all the grass has turned yellow, and dry as a bone. In many communities here in Central Oregon they are warning home owners to be prepared for wild fires. In some areas there are a lot of shrubbery near homes that should be removed and cleared out. All home owners should have some plan of attack on the wild fires. Fire is something not to be messed with, cause it can get pretty hot.

There already have been some pretty hot fires around the Bend area where homes have been burned out. Well I guess we'll just have to give up smoking in the woods for fear of fires....it only gives you bad breath anyway! AHH-NAH-CHI-TOON.

Toe Ness

There was this moron on the Olympic Wrestling Team. While warming up for his match he injured his groin. The doctor told him to drink plenty of orange juice after a hot bath.

Later that day the doctor called to see how he was doing, "Are you drinking the orange juice?" the doc asked.

"Gimme ah break," said the moron, "I've still got half the bath to drink yet." YIKES

There was this moron track and field star who stayed up all night studying for his urine test. YIKES

"Baseball!" Snapped May's wife. "Why don't you ever dream of me instead of baseball?" May said, "And miss my turn at bat?" YIKES

Apology extended

To the editor:

I am writing this letter in apology to the tribes for being picked up for D.U.I.I. I am going in for counseling and am on probation for six months. Hopefully it won't happen again.

Signed,
Patricia Brown

Men will be missed

To the editor,

Milan Smith and Albert Wyatt were important people in our lives when we lived at Warm Springs. It is with sadness that we read of their passing.

Milan was one of the coaches when Bill and Joe Schlick played Little League baseball, giving them many happy experiences during those long ago summers.

Al Wyatt's fine cooking and genial manner with the children made Bill, Kitty and Joe want to stay at school for lunch instead of coming home.

We send our condolences to their families. The men will be missed.

Sincerely,
Mary Schlick, Mt. Hood, Oregon
Katherine Schlick Noe, Seattle
Joseph D. Schlick, Sante Fe

Evette proud of Warm Springs graduates' accomplishments

To the editor,

I just read the Spilyay Tymoo for the month of June and was very happy, and so proud to see, and read

all the ones from Warm Springs, Oregon who all graduated from high school, and the 5th grade this year.

Education is very important, and number one to us all down here on earth! Amen.

Thank you,

I don't want to risk family

To the editor:

I'm writing to humble myself and ask forgiveness from my wife Jana E. Jackson. I myself is very much to blame for our separation. I'm sorry for all my wrong doings, that is why I'm asking for another chance at being a better person and devoted husband, regardless of my past failures of becoming a responsible husband and father. I hope I can become the true friend my wife needs. My marriage does mean a lot to me. I need to develop a method that I can control and work on so our relationship/marriage can grow. I know my anger is a big part of my downfall with my spouse. I just need time to work my behaviors out. I just hope my marriage ain't at risk for what I did. I'm very sorry. I just want my wife to know I do love her very much, same goes to my three daughters. I don't want to lose any of them.

Sincerely,
Dean A. Jackson

Thank you.

Thank you for services

To the editor,

I would like to thank the Elliott Palmer Post 4217 and Ladies Auxiliary for the military funeral for Milan Smith, Sr. I also would like to thank the others who helped and those who had attended the services.

Milan was involved with the Elliott Palmer Post 4217 since the beginning in 1952. He was dedicated to the post and had helped it along throughout the years. He was a life member and he was just twenty five days shy of being a forty year member.
