### Don't Tell Me I Look Good

Don't tell me I look good  
 Can't you see I'm not ok  
 Can't you see the bloody whelps on my legs  
 Can't you see I have a fat lip,  
 and a hand print on my cheek  
 Can't you see the tear stains on my face  
 Can't you see I'm wearing the clothes I slept in  
 Can't you smell the urine on my clothes  
 Don't tell me you can't see, or smell, or understand  
 Don't tell me you don't know what's been happening to me

Can't you see me flinch when you raise your hand  
 Don't you see the fear in my eyes  
 Can't you see I can barely move  
 Isn't anyone watching  
 Do I live in a blind world

For God's sake open your eyes and take a good look at me  
 For the sake of the children Pay Attention  
 I go to school with bruises on my face, arms and legs  
 Don't tell me no one can see them but me

"I'll beat you till you can't sit down for a week"  
 And no one paid attention  
 "Come here so I can knucklebump you"  
 And no one notices my hair is never combed  
 Don't tell me I look good because it makes me want to scream  
 Can't you see the grease and dirt stains on my clothes  
 Can't you smell the stench of semen all around me  
 How do you think these things came to be  
 Do you think I asked to be treated this way  
 Well I didn't  
 Not even once

I wanted what every little girl wants  
 I wanted a mommy and daddy to love me with gentle hands  
 I wanted to be special, but not for daddy's "needs"  
 I wanted to have fun and play, but not the way boys do  
 I wanted toys and candy like other little girls do  
 I wanted hugs and kisses from boys who think I'm cute  
 I wanted to grow up happy  
 I wanted simply to be loved  
 Maybe mommy was right "I don't always get what I want"

I think if I could have one wish  
 That one wish would be  
 For blind eyes to be open  
 To children who look like me  
 And I think I'd like another wish  
 I hope you don't think I'm greedy  
 I'd like you to remember  
 I'm a living, breathing, feeling person  
 with a lot of love to share  
 So don't tell me I look good before you tell me you care

### On Patrol

by Captain Don Courtney  
**Police Cadets awarded**

Following the grading of the final examinations and analysis of the physical fitness testing, the following cadets were recognized for their achievements this year.

Recognized as the "1992 Overall Cadet of the Year" was Ben Hintsala who recently returned to the Warm Springs area to participate in this year's program. Cadet of the Year being quite an honor is selected by the overall standings in academics, physical fitness, overall professionalism, participation & involvement with officers and staff, and overall performance in the line of duty.

This year's "Academic Award" goes to Floyd Calica who performed very well in his studies and testing over course material and practical knowledge learned from the field. Calica finished this year with an overall average of 97.3%. In addition to this year's program, Calica has also participated in the Central Oregon Reserve Academy while attending his regular responsibilities during this last school year, he attended a Kiwanas Law Enforcement Acad-

emy at the Oregon Police Academy, and currently represents Warm Springs as a member of the Cadet squad in Bend, Oregon.

Recognized for overall improvement in physical development was Rusty Calica who showed major improvement in all but one category of the battery of physical fitness testing. A combination of the Oregon Police Academy and the BIA Enforcement physical fitness standards go toward development of officers. The cadets participated twice in physical testing with other physical fitness activities planned throughout the eight week program.

Appreciation Awards went to Richard Tewee and Lynn Graybael for their overall participation in this year's program. Along with the others, Tewee and Graybael are to be commended for their hard work in all areas of the Public Safety Branch.

Cadets this year went to Chemawa Indian School earlier this summer where a presentation on the "DARE" program was given at the Safety & Prevention camp addressing approximately 75 kids between 10-14 years of age. Other areas of study this summer included report writing, applicable forms used in report writing, the radio codes & use, an informational fair, vehicle inspections & responsibilities as an operator, geographical areas of the community & trouble spots, courtroom layout along with roles and responsibilities, the role of prosecution & victims assistance, defensive tactics, policy & procedures, crime prevention, leadership development, firearms, and public relations.

Departments worked in during the summer for the cadets included: Prosecution, Patrol, Fish & Game, Corrections, Dispatch, Police Administration, Investigations, and Fire & Safety.

**Sparkies litter pops out**  
 In another showdown between inter-departmental rivals Police vs. Fire

& Safety; the campus field was the site where Red Heat overpowered Sparkies Litter in a friendly revenge game of softball.

Between Captain Courtney getting nailed at the pitchers mound to Chief Dowty hitting a double to the pile-up at home plate, competition continues to bring both divisions closer as a unit within the Public Safety Branch.

This informal get together was the "pay-off" pizza debt incurred from the Police loss in basketball a few months back where an official contract was drawn up between the two divisions. Officers from the Police Department donated \$5.00 each to provide pizza and soft drinks for the Fire & Safety Department.

A wide community crowd gathered as the final score of the game showed the Police ahead of Fire & Safety by a score of 26-21.

According to Chief Dowty & Captain Courtney, the next scheduled competition is an arm wrestling tournament where each division through their respective divisions will narrow the challengers down to four males and one female. In addition, a tug-of-war challenge in on the horizon.

**From the Captain's Desk**  
 With the advent of the most recent road construction going on, Public Safety urges motorists to exercise caution at the intersection of Hollywood Boulevard and Tenino.

While made public, some motorists are still stopping on Hollywood as they are turning left onto East or West Tenino. If you are following another vehicle on Hollywood about to turn left, make sure to leave some space between yourselves in case the driver in front of you stops.

On the other hand, motorists coming off of Tenino are at times still expecting motorists to stop on Hollywood. Near motor vehicle crashes have already been seen. In any event, please drive defensively.

With the new council and current management looking toward all

Branches to justify all planned dollar expenditures for the next year, I was most shocked to learn the following as I was doing an analysis of the Patrol division's overtime budget keeping in mind that Public Safety generated approximately 2,000 more cases than previous years.

On average per the Prosecutor's office, there are about 20 cases scheduled for trial per week. With that there are 52 weeks in a year which brings the number of trials to 1,040. With approximately 50% of these getting postponed, rescheduled, etc., we should add another 520 cases to the yearly figure bringing the total trials or court appearances per year to 1,540. If you take this total and multiply this number by an average of two officers per case at their overtime rate of pay, the total comes to \$40,810 per year. What should also be mentioned, is that this overtime budget also has to absorb nine special functions and holiday coverage per year which has been estimated at \$19,000.

**Public Safety & School**  
 With the school year close at hand, the Public Safety Branch would like to remind motorists to use caution when in and around the school areas including the Warm Springs Elementary School, the Early Childhood Center, school bus stops, and any other area where children are present. Take note that the speed limit on the campus area is 15 mph, and 25 mph on Kotnum road. A lot of motorists have been noted to be exceeding the speed limit in these areas however with the opening of the ECC building, officers will be strictly enforcing the speed limit.

A reminder about the signs that were placed along Kotnum road near the Agency Longhouse, parking is no longer allowed along this portion of the roadway due to the extreme congestion and possibility of a motor vehicle crash with another vehicle or pedestrian.

seven days with their husbands. They had many projects going so they would be able to go. With all your help, Susan was able to purchase her plane fare and hotel room.

The backbone of my project was my husband, Alvis Smith, Sr. Without his help, this wouldn't have succeeded. A million thanks to all!!

On September 7, 1992, from 12 noon to 1 p.m., a thank you meal will be served at my home on campus to all my faithful customers who made this project possible.

Sincerely,  
 Shirley Chamema Smith
