Volunteers attend workshop

To the editor,
Myself and 9 volunteers from the Victim's Assistance Program attended a workshop in Clackamas, OR on December 8th. The workshop was Death Notification, and this was being sponsored by the National MADD Mother's Organization. The first speaker was a Clackamas County sheriff. He discussed the fatal auto accident scene and his procedures after a fatal crash has occurred. Next, there were a group of three panelists, a father of a son who was killed in a car crash and two police officers. The father told a heart tugging story of how he and his wife were told about the death of their son and two of his friends. It was a very informative class and I came away feeling more confident about talking with family left behind after a death. I would like to let the people of my

community know who from our Victim's Assistance Program attended: Foster Kalama, Sam Kentura, Corrina Domingo, Joe Roley, Bob Medina, Perthina White, Laura Switzer, Linda Thompson, Sarah Thompson and myself.

"DARE" flag presented at Simnasho

In keeping with the "DARE" relationship between School, Parents, and Police; members of the Warm Springs Police Department were on hand as the opening ceremonies got underway to dedicate and re-open the Simnasho school.
Following the dinner at the Simnasho Longhouse, Don Courtney, Oswald Tias, Howard Patt, McGruff the Crime Dog and lead DARE Officer Mary Calica-Stewart presented Mrs. Thurman with the official flag of DARE in hopes that the education process will continue for years to come.

Small packets were also given to Mrs. Thurman for each student recognizing the need for continued education in the area of how to say "No to alcohol & drugs".

DARE stands for: Drug Abuse Resistance Education which is in its third year of presentation here in Warm Springs. It is hoped that down the road, the program can be offered to elementary students at even an earlier age prior to leaving the Warm Springs area after the fifth grade.

Kids and alcohol

Are your kids making friends or drinking buddies? Kids drink to fit in; and millions of them are getting drunk, getting sick and getting killed. Find out what's going on with kids and alcohol.
Six reasons why alcohol and kids don't mix:

- 1.) 46% of high schools say alcohol is their most serious problem.
- 2.) The most likely cause of death for a 16-year old in America is alcohol related.
- 3.) The number one killer of teens and young adults is alcohol related highway death.
- 4.) Alcohol use is also associated with homicides, suicides and

drowning...the other three leading causes of deaths among youth.

5.) College administrators estimate that student alcohol use leads to 34 percent of academic problems and 25 percent of college dropouts.

6.) Alcohol is involved in many violent crimes among students such as date rape, robbery and assault. More than one-half of campus incidents...from violent behavior to property damage...are related directly to alcohol use.

Would a person that is under the influence of alcohol and drugs behave or act in the same manner if they were not under the influence.

CAUTION...Crosswalk ahead

In an effort to keep community members safe, the Public Safety Branch is becoming more concerned for the overall safety of those individuals using cross walks in and around Warm Springs area. Several reports of close calls have reached the branch as pedestrians use those cross walks.

With the "New" Hollywood comes a need for additional lighting; particularly at the intersections with cross walks.

Motorists are encouraged to be extra careful at night when in or around these intersections to be on the lookout for some of our smaller community members.

Those out at night are encouraged to dress in lighter color clothing or better yet, reflective clothing to help the motorist see you.

Drivers are encouraged to be aware

of what their responsibilities are when it comes to areas where cross walks are in place. Do I stop, keep going, proceed with caution, or what? If I do stop, am I going to be struck from behind or is this other vehicle just going to pass me and strike the pedestrian.

Branch basketball team improves record

Following (8) eight games thus far in the noon basketball league at the Community Center; Team Public Safety finds itself with a seven win, one loss record as strategy plays an important role attributing to this record. Team Captain, Bob Sjolund has been sidelined due to an unforeseen ankle injury that leaves a void in the middle as others are trying to fill.

Team members are made up of: Bob Sjolund, Mackie Begay, Don Winishut, Anson Begay, Dorian Soliz, Romaine Miller, Sr. Willie Bagley and Don Courtney.

Retrieving evidence or property

As a means to improve service when retrieving property from the police department, please note the following:

You may come and pick up evidence or property that was taken by one of the officers between the hours of 8 a.m. to 11 a.m. and between Noon to 4 p.m., Monday through Friday.

To pick up property you need to bring; the blue copy of the evidence receipt or bring identification with you to show who you are and to be able to identify the item (color, what it is, distinguishing marks, etc).

In the event the item was seized as evidence, only after disposition of the court or case will the item(s) be release, destroyed, or whatever the court orders. Questions as to it's role

(the item) in any court proceeding can be answered by the Prosecutors office on whether they need the item for court presentation. Example: you were made victim in a theft where the police recovered your VCR player and arrested the suspect. Does the Prosecutor need to hold your item till court is over?

When items are taken in for "Safekeeping" or "Found property", a letter will normally be sent to you notifying you of something that was found or kept for safekeeping. When you come to retrieve said item, please bring the letter with you to the police department to recover the item listed in the letter and be able to describe it.

Safety Committee report

During the last regularly scheduled meeting of the Tribal Safety Committee, the following were addressed as worked continues to address each item: Dogs running loose in the community; wild dog packs at large in the rural areas; additional street lighting needed at Hollywood & Warm Springs Street, Hollywood & Shitike Creek road, Highway 26 & Hollywood, Highway 26 & East Tenino, East Tenino & Quail Trail and remote areas along East Tenino.

Repair of street lights were also discussed which Don Courtney explained that at a minimum, an officer is assigned on night shift to complete a street light report during the month that is submitted to PP & L, Public Utilities or Wasco County; wherever the light might be out of which then these individuals would make arrangements for repair, etc. The Agency Longhouse parking lot was also discussed as in need of repair to the lighting situation.

Community members concerned for the overall safety of the community are encouraged to write or stop by Fire & Safety and let us know.
